Bonus Interest

3. If you meet the eligibility criteria in **Clause 2** above, you will also earn bonus interest ("**Bonus Interest**") of **3.00% p.a. on the first USD500,000 of Fresh Funds** in your USD Account for the month of **June 2026 to August 2026** ("**Bonus Interest Earning Period**"). You will earn Bonus Interest on: (1) the ADB in your USD Account for each month between June 2026 – Aug 2026; LESS (2) the Original Balance.

ADB is the sum of all End-of-day Account Balances in a particular calendar month, divided by the number of days in that month. "End-of-day Account Balance" means your account balance at 23:59 each day. If there are n days in a calendar month and X1, X2, X3, ..., Xn are the End-of-day Account Balances from Day 1 to Day n respectively, the ADB for the account will be:

$$X1 + X2 + X3 + \dots + Xn$$

n

For example, if the End-of-day Account Balance for each day between 1 June 2026 and 15 June 2026 is USD0, and the End-of-day Account Balance for each day between 16 June 2026 and 30 June 2026 is USD200,000, the ADB for the account in June 2026 will be:

$$\frac{(\text{USD } 0 \times 15) + (\text{USD}200,000 \times 15)}{30 \text{ (being no. of days in June)}} = \text{USD } 100,000$$
