To ordinary shareholders and, for information only,

25 March 2011

Dear Shareholder

I am pleased to be sending you details of our Annual General Meeting ('AGM'), which we are holding on Thursday 5 May 2011 at 12.00pm London time (7.00pm Hong Kong time) at The Honourable Artillery Company, Armoury House, City Road, London, EC1Y 2BQ. The formal notice of our AGM starts on page 6 of this document.

At the AGM, I will present a review of the year's results and current business and there will be an opportunity for you to ask questions on the Company's performance and on each of the resolutions being proposed at the AGM.

Final dividend

Shareholders are being asked to approve a final dividend of 46.65 US cents per ordinary share for the year ended 31 December 2010. If approved, this will be paid in either sterling, Hong Kong dollars or US dollars on Wednesday 11 May 2011 to shareholders on the UK register of members at the close of business in the UK (10.00 pm London time) on Friday 11 March 2011, and to shareholders on the Hong Kong branch register of members at the opening of business in Hong Kong (9.00 am Hong Kong time) on Friday 11 March 2011. The final dividend will be paid in Indian Rupees on Wednesday 11 May 2011 to Indian Depository Receipt holders on the Indian register at the close of business in India on Friday 11 March 2011. For details on the dividend arrangements, please refer to the 2010 Final Dividend circular and the Dividend Terms and Conditions which are available on our website at: <http://investors.standardchartered.com/dividend.cfm>.

Board changes

Gareth Bullock stepped down as director during 2010. The Board and I would like to take this opportunity to thank him for his dedicated service and the valuable contributions he has made to the Company. We wish him every success for the future.

During 2010, we appointed one executive director and three independent non-executive directors to the Board. Jaspal Bindra (an executive director) was appointed on 1 January 2010. Dr Han Seung-soo KBE and Richard Delbridge (independent non-executive directors) were appointed on 1 January 2010, and Simon Lowth (an independent non-executive director) was appointed on 1 May 2010.

In accordance with the provisions of the UK Corporate Governance Code, all directors will be standing for re-election this year.

Rudy Markham has served on the Board for more than ten years. He has demonstrated excellent independence and stewardship as Senior Independent Director and Chairman of the Audit Committee. As a result of his length of service and commitment, he provides an in-depth knowledge of the Group that is invaluable to the Board. The Nomination Committee has conducted a thorough review with Rudy to assess his independence and contributions to the Board and confirmed that he continues to be an effective independent non-executive director.

Employee share schemes

At the AGM, we are also seeking shareholder approval for a new discretionary share plan. Our current Performance Share Plan ('PSP') expires in 2011. The use of performance shares is an intrinsic element of total remuneration for our senior management population including executive directors and given the need to renew the PSP, the Group has taken the opportunity to review all its discretionary share plan arrangements at this time, including those plans used more broadly for delivering restricted shares and any deferred element of annual performance awards. Following that review, a new discretionary share plan (the 'Plan') is being proposed as an 'umbrella' plan which is designed to incorporate all of our discretionary share plan arrangements into a single plan for the future.

Discretionary share awards remain a key part of the senior management population's Total Variable Compensation ('TVC') and the core principles of the way we use such awards remain broadly unchanged, although the Group is introducing a new risk based measure under the performance shares element of the Plan. The Group is mindful of the practical challenges of how its share plans are and continue to be used in a changing remuneration environment including ongoing regulatory developments. Our proposals aim to give the Remuneration Committee a plan that has sufficient flexibility to navigate these challenges and requirements over the coming years.

Communications with shareholders

The Company has decided not to have an annual review this year and all shareholders who normally receive an annual review will receive an annual report and accounts. However, the Company is promoting electronic communication as part of a focus on the significant economic and environmental issues the world is facing. This benefits shareholders by providing faster delivery of shareholder communications, and it benefits the environment by reducing paper and saving energy. If you would like to find out more about these electronic services please contact our branch registrar, Computershare Hong Kong Investor Services Limited on 2862 8555 or visit their website at www.computershare.com/hk/investors.

Questions

If you would like a question to be addressed at the AGM we would encourage you to email your question to agm.2011@sc.com or to complete and return the form on page 29 before 7.00pm Hong Kong time on Tuesday 3 May 2011. We will endeavour to address any questions raised when the item of business to which the question relates is under consideration at the AGM. Any questions submitted that are not relevant to the business of the AGM will be forwarded for the attention of an appropriate executive. Submitting a question in this way does not affect your rights as a shareholder to ask questions at the AGM.

Voting arrangements

As with last year, voting will be conducted by way of a poll, using an electronic poll voting system. The results of the polls will be announced to the London Stock Exchange and The Stock Exchange of Hong Kong Limited, the National Stock Exchange of India Limited, the Bombay Stock Exchange Limited and published on the Company's website. A more detailed explanation of the electronic poll voting system is set out on page 11 of this document.

If you are not able to attend the AGM but would like to vote on the resolutions, please vote electronically at www.eproxyappointment.com/STDH. Instructions can be found on page 10 of this document. Alternatively, you can complete the proxy form sent to you with this document and return it to our branch registrar. All proxy forms must be received by 7.00pm Hong Kong time on Tuesday 3 May 2011.

Explanatory notes on all the business to be considered at this year's AGM appear on pages 13 to 22 of this document. The Board considers that all the resolutions to be put to the AGM are in the best interests of the Company and its shareholders as a whole. The Board recommends all shareholders vote in favour of all the resolutions, as the directors intend to do in respect of their own shares (with the exception of resolution 23 (see below)). In accordance with Rule 7.19(6) of the Hong Kong Listing Rules, the executive directors and their respective associates will abstain from voting in favour of resolution 23 for the reasons set out on pages 19 and 20 of this document.

A light buffet lunch will be served after the AGM and the directors and I very much hope you will be able to join us.

Yours sincerely

John Peace

Chairman

Notes

Right to attend the AGM

If you want to attend the AGM and vote, you must be on the Company's register of members in the UK at 10.00pm London time on Tuesday 3 May 2011 or on the Company's branch register of members in Hong Kong at 5.00am Hong Kong time on Wednesday 4 May 2011. This will enable us to determine how many votes you have on a poll. If the AGM is adjourned to a time after 10.00pm London time on Thursday 5 May 2011, you must be on the appropriate register of members of the Company 48 hours before the time of the adjourned meeting. This will also allow us to confirm how many votes you will have on a poll at such a meeting. If we give you notice of an adjourned meeting we will tell you in the notice when you need to be on the register to be able to attend and vote. Changes to the register of members after the relevant deadline shall be disregarded in determining the rights of any person to attend and vote at the meeting.

Right to ask questions at the AGM

Any member attending the meeting has the right to ask questions. The Company must cause to be answered any such question relating to the business being dealt with at the meeting but no such answer need be given if (a) to do so would interfere unduly with the preparation for the meeting or involve the disclosure of confidential information, (b) the answer has already been given on a website in the form of an answer to a question, or (c) it is undesirable in the interests of the Company or the good order of the meeting that the question be answered.

Proxy appointments

If you are an ordinary shareholder you may attend, speak and vote at the AGM or appoint one or more proxy(ies) to exercise all or any of your rights to attend and to speak and vote on your behalf at the Company's AGM. A shareholder may appoint more than one proxy in relation to the AGM provided that each proxy is appointed to exercise the rights attached to a different share or shares held by that shareholder. A proxy need not be a shareholder of the Company. A proxy may be appointed by any of the following methods:

- Electronic proxy – shareholders on the Hong Kong branch register of members may appoint a proxy electronically, which is a quicker, simpler and more efficient method of appointment. If you wish to submit your proxy form electronically, you will need an internet-enabled PC. For best results we recommend that you use the latest vendor supported release of the following browsers: Microsoft Internet Explorer, Mozilla Firefox or Apple Safari. In addition to improving your experience on the site, upgrading your browser will provide the latest browser security updates. You can then appoint your proxy online at www.eproxyappointment.com/STDH. You will need your Shareholder Reference Number (SRN), and Personal Identification Number (PIN) (both of which are stated on the accompanying proxy form) to access the service. Your PIN will expire at 7.00pm Hong Kong time on Tuesday 3 May 2011. Before you can appoint a proxy electronically, you will be asked to agree to the terms and conditions for electronic proxy appointment. It is important that you read these terms and conditions carefully as they will govern the electronic appointment of your proxy;
- Completing and returning the enclosed proxy form to our branch registrar Computershare Hong Kong Investor Services Limited, 17M Floor, Hopewell Centre, 183 Queen's Road East, Wan Chai, Hong Kong (for shareholders enquiries, telephone: 2862 8555).

IMPORTANT. Whichever method you choose, any proxy form or other instrument appointing a proxy must be received by the Company's branch registrar no later than 7.00pm Hong Kong time on Tuesday 3 May 2011 to be valid.

Appointing a proxy electronically or the return of a completed proxy form will not prevent a shareholder attending the AGM and voting in person if s/he wishes to do so.

Nominated persons

Any person to whom this document is sent who is a person nominated under section 146 of the Companies Act 2006 to enjoy information rights (a 'Nominated Person') may, under an agreement between him/her and the shareholder by whom s/he was nominated, have a right to be appointed (or to have someone else appointed) as a proxy for the AGM. If a Nominated Person has no such proxy appointment right or does not wish to exercise it, s/he may, under any such agreement, have a right to give instructions to the shareholder as to the exercise of voting rights.

The statements under the paragraphs headed 'Proxy appointments' do not apply to Nominated Persons. The rights described in these paragraphs can only be exercised by ordinary shareholders (or by proxy(ies) appointed to act on their behalf) at a general meeting of the Company.

Corporate representatives

Any corporation which is a member can appoint one or more corporate representatives who may exercise on its behalf all of its powers as a member, provided that they do not do so in relation to the same shares.

Electronic poll voting procedure

The Company will call a poll on all resolutions at the AGM. The poll voting will be by electronic means. On arrival at the AGM, all those entitled to vote will be required to register and be given a hand held keypad containing a personalised smart card with details of your shareholding to be used for the electronic poll vote. After each resolution is put to the AGM by the Chairman, you will be asked to cast your vote by pressing a button on your keypad. All the votes present will be counted and added to those received by proxy and the provisional final votes will be shown on the screen at the front of the meeting room. If you have already voted by proxy you will still be able to vote using the electronic poll voting system and your vote on the day will replace your proxy vote lodged previously. To facilitate these arrangements, it would be helpful if you could please arrive at the AGM venue in good time and have your attendance pass to hand. However, if you submitted your votes online you will not have an attendance pass and you will need to confirm your name and address details with our registrar prior to admittance. Before the AGM commences, you will be given instructions on how to use your keypad at the AGM.

On a poll, every ordinary shareholder present in person or by proxy has one vote for every US\$2.00 nominal value of ordinary shares held. The nominal value of each ordinary share being US\$0.50 means that a member needs to hold four ordinary shares to register one vote on a poll, and Indian Depository Receipts ('IDRs') holders have one vote for every forty IDRs they hold. As at Thursday 17 March 2011 (being the latest practicable date prior to the publication of this document), the Company had 2,350,722,870 ordinary shares of US\$0.50 each in issue, none of which were held in treasury. The ordinary shares carry in aggregate 587,680,717 voting rights on a poll.

You can obtain the results of the poll by telephoning our registrar on or after Friday 6 May 2011. The results of the poll will be announced to the UK Listing Authority and The Stock Exchange of Hong Kong Limited and will appear on our website at <http://investors.standardchartered.com> on Friday 6 May 2011.

Audit statement

Under section 527 of the Companies Act 2006 members meeting the threshold requirements set out in that section have the right to require the Company to publish on a website a statement setting out any matter relating to: (i) the audit of the Company's accounts (including the auditor's report and the conduct of the audit) that are to be laid before the AGM; or (ii) any circumstance connected with an auditor of the Company ceasing to hold office since the previous meeting at which annual accounts and reports were laid in accordance with section 437 of the Companies Act 2006. The Company may not require the shareholders requesting any such website publication to pay its expenses in complying with sections 527 or 528 of the Companies Act 2006. Where the Company is required to place a statement on a website under section 527 of the Companies Act 2006, it must forward the statement to the Company's auditor not later than the time when it makes the statement available on the website. The business which may be dealt with at the AGM includes any statement that the Company has been required under section 527 of the Companies Act 2006 to publish on a website.

Preference shareholders

Only ordinary shareholders may attend, speak and vote at the AGM. This document is sent to holders of preference shares for information only.

Explanatory Notes to the Notice of Annual General Meeting

The notes on the following pages give an explanation of the proposed resolutions.

Resolutions 1 to 25 (inclusive) are proposed as ordinary resolutions. This means that, for each of those resolutions to be passed, more than half of the votes cast must be in favour of the resolution.

Resolutions 26 to 29 (inclusive) are proposed as special resolutions. This means that, for each of those resolutions to be passed, at least three-quarters of the votes cast must be in favour of the resolution.

Please note that a 'vote withheld' (as appears on the proxy form) is not a vote in law and will not be counted in the calculation of the proportion of votes 'for' or 'against' a resolution.

Resolution 1: Annual report

The directors are required by law to present, for each financial year, copies of the Company's annual report and accounts to shareholders at a general meeting.

Resolution 2: Declaration of the final dividend (including share dividend alternative)

Final dividends must be approved by shareholders but cannot be more than the amount recommended by directors. If the AGM approves resolution 2, the final dividend of 46.65 US cents per ordinary share will be paid in either sterling, Hong Kong dollars or US dollars on Wednesday 11 May 2011 to shareholders on the UK register of members at the close of business in the UK (10.00pm London time) on Friday 11 March 2011, and to shareholders on the Hong Kong branch register of members at the opening of business in Hong Kong (9.00am Hong Kong time) on Friday 11 March 2011. The final dividend will be paid in Indian Rupees on Wednesday 11 May 2011 to Indian Depository Receipt holders on the Indian register at the close of business in India on Friday 11 March 2011.

It is intended that shareholders on the UK register and Hong Kong branch register will be able to elect to receive shares credited as fully paid instead of all or part of the final cash dividend. Details of the dividend arrangements will be sent to shareholders on or around Friday 25 March 2011. Indian Depository Receipt holders will receive their dividend in Indian Rupees only. Please see the separate document entitled '2010 Final Dividend' and the related 'Dividend Terms and Conditions' which are available on our website at <http://investors.standardchartered.com/dividend.cfm>.

Resolution 3: Directors' remuneration report

The Company is required by law to seek the approval of shareholders of its annual report on remuneration policy and practice. Shareholders are invited to vote on the directors' remuneration report, which may be found on pages 106 to 125 of the annual report and accounts.

Any Independent Directors appointed for any term beyond six years (i.e. two three-year terms), are subject to a particularly rigorous review and such review should also take into account the need for progressive refreshing of the Board. None of the directors standing for re-election has any relationship with any other director, member of senior management or substantial or controlling shareholder of the Company. The Company's Nomination Committee has considered the fact that Rudy Markham is a non-executive director on the board of Astra Zeneca PLC whilst Simon Lowth is an executive director at the same company. We do not believe that this creates a cross-directorship that in any way impacts upon the independence of either director. The biographical information in respect of each of these directors complies with the disclosure requirements as set out in the Hong Kong Listing Rules. As such, there are no other matters that need to be brought to the attention of holders of securities of the Company and no other information to be disclosed pursuant to the requirements of Rule 13.51(2)(h) to (v) of the Hong Kong Listing Rules.

Resolutions 20 and 21: Reappointment of auditor and setting of auditor's fees

At each general meeting at which accounts are presented, the Company is required to appoint an auditor to hold office until the end of the next such meeting. The performance and effectiveness of the auditor, which included an assessment of the auditor's independence and objectivity, has been evaluated by the Company's Audit Committee which has recommended to the Board that KPMG Audit Plc be re-appointed. KPMG Audit Plc has also indicated that it is willing to continue as the Company's auditor for another year. Shareholders are asked to re-appoint KPMG Audit Plc as auditor and, following normal practice, to authorise the Board to set the auditor's fees.

Resolution 22: Authority to make donations to political parties, political organisations and independent election candidates and incur political expenditure

It is not the Group's policy to make political donations. However, it is possible that certain routine activities undertaken by the Company and its subsidiaries might unintentionally fall within the broad scope of the provisions controlling political donations and expenditure. Any political donations or expenditure regulated by the Companies Act 2006 must be approved by shareholders at a general meeting and be disclosed in the next year's annual report. Accordingly, the directors seek shareholders' approval to renew the authority for political donations and expenditure to be made by the Company. As permitted under the Companies Act 2006, the resolution covers any political donations made or political expenditure incurred by the Company's subsidiaries. The three categories set out in the Companies Act 2006 are: political parties and independent election candidates, political organisations and political expenditure. The resolution proposes a cap of £100,000 per category subject to an aggregate cap for authorised political donations or expenditure of £100,000. The authority being sought will be effective from Thursday 5 May 2011 until the end of the next year's AGM unless previously renewed, revoked or varied by the Company in a general meeting. The Companies Act 2006 permits shareholders to grant authority for up to four years. However, the directors will seek to renew this authority at each AGM.

Resolutions 23 and 24: Directors' authority to allot shares

Under section 551 of the Companies Act 2006, the directors may only allot shares, or grant rights to subscribe for or convert any security into shares, if shareholders in general meeting have given them authority to do so. The authority given to the directors at last year's AGM to allot ordinary shares or grant rights to subscribe for or convert any security into such shares will expire at the end of this year's AGM. Accordingly, resolution 23 seeks shareholders' approval to renew this authority.

Paragraph (A) of resolution 23 asks for a new authority to be given to allow the directors to allot shares or grant rights to subscribe for or convert any security into shares up to an aggregate nominal amount equal to US\$235,072,287 (representing 470,144,574 ordinary shares of US\$0.50 each), such amount to be reduced to take into account amounts allotted or granted under paragraphs (B) and (C) of resolution 23. This amount represents approximately 20 per cent of the issued ordinary share capital of US\$1,175,361,435 as at Thursday 17 March 2011, the latest practicable date prior to the publication of this document. The Hong Kong Listing Rules do not permit the directors to allot, on a non pre-emptive basis, shares or rights to shares that would represent more than 20 per cent of the issued ordinary share capital as at the date on which the resolution granting them a general authority to allot is passed. Accordingly, paragraph (A) of resolution 23 restricts the authority of the directors to the 20 per cent threshold.

Paragraph (B) of resolution 23 would give the directors the authority to make allotments which exceed the 20 per cent authority under paragraph (A) of resolution 23 in connection with offers to ordinary shareholders or by way of share dividend (scrip), up to an aggregate nominal amount (when combined with any allotments made under the authority in paragraph (A)) equal to US\$391,787,145 (representing 783,574,290 ordinary shares of US\$0.50 each), such amount to be reduced to take into account amounts allotted or granted under paragraphs (A) and (C) of resolution 23. This amount represents approximately one-third of the issued ordinary share capital of the Company as at Thursday 17 March 2011, the latest practicable date prior to the publication of this document.

In line with guidance issued by the Association of British Insurers, paragraph (C) of resolution 23 would give the directors authority to allot shares or grant rights to subscribe for or convert any security into shares in connection with a rights issue in favour of ordinary shareholders up to an aggregate nominal amount equal to US\$783,574,290 (representing 1,567,148,580 ordinary shares), as reduced by the nominal amount of any shares issued under paragraphs (A) or (B) of resolution 23. This amount (before any reduction) represents approximately two-thirds of the issued ordinary share capital of the Company as at Thursday 17 March 2011, the latest practicable date prior to the publication of this document.

Under Rule 7.19(6) of the Hong Kong Listing Rules, if a proposed rights issue would increase either the issued share capital or the market capitalisation of the Company by more than 50 per cent (on its own or when aggregated with any other rights issues or open offers announced within the previous 12 months), then the issue must ordinarily be made conditional on approval by shareholders in general meeting by a resolution on which the executive directors and their associates must abstain from voting. However, The Stock Exchange of Hong Kong Limited has granted a waiver to the Company from strict compliance with Rule 7.19(6) of the Hong Kong Listing Rules on 6 March 2009 in order to place the Company on an equal footing with other UK listed companies. The waiver has been granted on the basis that:

1. the executive directors and their associates would abstain from voting on the relevant resolution in their capacity as shareholders; and
2. if the Company were to do a rights issue, the Company would not need to obtain shareholder approval under Rule 7.19(6) of the Hong Kong Listing Rules provided that:
 - i. the market capitalisation of the Company will not increase by more than 50 per cent as a result of the proposed rights issue; and
 - ii. the votes of any new directors appointed to the Board since the AGM would not have made a difference to the outcome of the relevant resolution at the AGM if they had been shareholders at the time and they had in fact abstained from voting.

Under the Hong Kong Listing Rules the directors are required to seek authority from shareholders to allot shares and grant rights to subscribe for or convert any security into shares pursuant to the Company's existing share schemes or those of its subsidiary undertakings. Paragraph (D) of resolution 23 seeks such authority for schemes adopted prior to the date of the AGM.

The directors intend to use the authorities sought under resolution 23 to allot ordinary shares as share dividends instead of cash dividends and following the exercise of options and awards under the Company's share schemes. Otherwise, the authorities will also give the directors flexibility to issue shares where they believe it is in the interests of shareholders to do so.

As permitted by the Hong Kong Listing Rules, resolution 24 seeks to extend the directors' authority to allot shares and grant rights to subscribe for or convert any security into shares pursuant to paragraph (A) of resolution 23 to include the shares repurchased by the Company under the authority to be sought by resolution 27.

The authorities sought under resolution 23 will expire at the end of next year's AGM (or, if earlier, at the close of business on 4 August 2012).

As at the date of this document, no shares are held by the Company in treasury.

Resolution 25: To approve the 2011 Standard Chartered Share Plan

Our current Performance Share Plan ('PSP') expires in 2011. The use of performance shares is an intrinsic element of total remuneration for our executive directors and the broader management population and has traditionally been applied to our top one thousand employees. Given the need to renew the PSP, the Group has taken the opportunity to review all its discretionary share plan arrangements at this time, including those plans used more broadly for delivering restricted shares and any deferred element of annual performance awards. A new discretionary share plan (The "Plan") is being proposed as an 'umbrella' plan which is designed to incorporate all of our discretionary share arrangements into a single plan for the future.

We are not proposing to make wholesale changes to our remuneration philosophy. Discretionary share awards remain a key part of both directors' and other senior managers' Total Variable Compensation ('TVC') and the core principles of the way we use such awards remain broadly unchanged. However, the Group is mindful of the practical challenges of how its plans are and continue to be used in a changing remuneration environment. Regulatory developments continue apace with further guidance recently being issued by the United Kingdom's Financial Services Authority ('FSA') and also in other jurisdictions where the Group operates. Equally there is evidence of increasing competition for talented people across our markets where many of our competitors are either aggressively building or rebuilding capability. The Plan will enable us to use a variety of award types at different levels and within different parts of the organisation. This approach enables us to pull together a lot of what we do today into a single plan and includes a performance share element designed to replace the existing PSP which is expiring. The Plan is also designed to provide flexibility to the Remuneration Committee to respond to future regulatory change.

The Plan will continue to operate within the overall new issue limits (for example, a maximum of five per cent of new issue shares in any rolling ten-year period) and no employee share plan awards, whether satisfied by new issue or existing shares, shall be granted in excess of 10 per cent of the ordinary share capital of the Company.

The performance shares element of the Plan would be supported by a clear Remuneration Committee policy on both performance measures and working maximum grant levels for any given population of recipients. For grants in 2011 the policy relating to maximum level performance share awards for Executive Directors remains unchanged at 400 per cent of base salary in Face Value terms.

The Remuneration Committee approves the total TVC spend each year, including the amount to be granted as performance share awards. The Group's TVC spend is calculated after sufficient profit has been accrued to accord capital (shareholders) an adequate risk adjusted return. In arriving at its decision, the Remuneration Committee looks at the proposed aggregate payout relative to both operating profit and adjusted economic profit. The use of a robust risk adjusted economic profit metric ensures that regulatory capital, credit and market risk are taken into account in formulation of the TVC pools. The Remuneration Committee then exercises its judgment to ensure that the overall payout appropriately reflects Group performance, the control environment, and any other qualitative factors that the Remuneration Committee considers appropriate, including: performance relative to peers, the latest remuneration guidelines, political and investor sentiment on banking compensation and emerging market intelligence on what other banks are paying out.

The performance measures which apply to performance awards made under the existing PSP reflect a balance of management's focus on financials (Earnings Per Share ('EPS') being a key metric for the Group) and many investors' strong preference for the use of relative Total Shareholder Return ('TSR'). The Group proposes to include an additional measure in response to UK regulatory requirements being the Return on Risk Weighted Assets ('RoRWA'). We believe the three measures collectively provide a balanced scorecard of metrics rewarding underlying financial performance, returns delivered to shareholders and the optimisation of capital usage.

The current calibration of the EPS and TSR measures will remain the same but they will now each represent one third of an award i.e. the performance shares will vest with a third of the award subject to each measure. For the RoRWA element of the performance condition threshold vesting would occur at a RoRWA of 1.5 per cent per year averaged over the whole of the performance period with full vesting occurring at a RoRWA of 1.7 per cent for the first performance share awards granted in 2011. The use of an appropriately defined and calibrated RoRWA target as part of the performance measure is also consistent with the Group's on-going statement regarding its risk appetite which has been considered when assessing the threshold level at which awards should vest. In determining the maximum level we have considered existing and potential future performance as well as regulatory requirements. A return of 1.7 per cent is also broadly equivalent to achieving a Return on Equity of approximately 12 per cent which we believe would represent a positive outcome for shareholders given both the current and future capital requirements.

The Group will regularly review the appropriateness of the new measure, the performance conditions and targets in light of the evolving regulatory rules and potential accountancy changes.

The first performance share awards under the new plan will be made as soon as practicable after the 2011 AGM, in order to be covered by the new arrangements. These awards would normally have been granted in March 2011 following the Group's annual compensation review.

The Group will disclose details of the Plan and its use as well as the remuneration policy for executive directors in the Directors' remuneration report contained within the Group's annual report and accounts.

A summary of the key features of the Plan is included at the appendix on pages 23 to 26. A copy of the full rules of the 2011 Standard Chartered Share Plan is available for inspection, as noted on page 11 of this document.

Resolution 26: Power to allot equity securities for cash without certain formalities

This resolution would give the directors the authority to allot shares (or sell any shares which the Company elects to hold in treasury) for cash without first offering them to existing shareholders in proportion to their existing shareholdings.

This authority would be limited to allotments or sales in connection with pre-emptive offers and offers to holders of other equity securities if required by the rights of those shares or as the Board otherwise considers necessary, or otherwise up to an aggregate nominal amount of US\$58,768,071.50 (representing 117,536,143 ordinary shares of US\$0.50 each). This aggregate nominal amount represents approximately five per cent of the issued ordinary share capital of the Company as at Thursday 17 March 2011, the latest practicable date prior to the publication of this document. In respect of this aggregate nominal amount, the directors confirm their intention to follow the provisions of the Pre-Emption Group's Statement of Principles (the 'Principles') regarding cumulative usage of authorities within a rolling three-year period where the Principles provide that usage in excess of 7.5 per cent should not take place without prior consultation with shareholders.

The authorities sought pursuant to resolution 26 will expire at the end of next year's AGM (or, if earlier, at the close of business on 4 August 2012).

Resolution 27: Authority to purchase ordinary shares

The effect of this resolution is to renew the authority granted to the Company to purchase its own shares up to a maximum of 235,072,287 ordinary shares until the AGM in 2012 at, or between, the minimum and maximum prices specified in this resolution. This is approximately 10 per cent of the Company's issued ordinary share capital as at Thursday 17 March 2011 (the latest practicable date prior to the publication of this document). No repurchases of shares will be conducted on The Stock Exchange of Hong Kong Limited.

The directors believe that it is in the best interests of the Company and all of its shareholders to have a general authority for the Company to buy back its ordinary shares in the market. The directors intend to keep under review the potential to purchase ordinary shares. Purchases will only be made if the directors consider that the purchase would be for the benefit of the Company and of its shareholders generally, taking into account relevant factors and circumstances at that time, for example the effect on earnings per share. The Companies Act 2006 permits the Company to hold any such bought back shares in treasury as an alternative to cancelling them immediately. If the Company purchases any of its ordinary shares and holds them in treasury, the Company may sell these shares (or any of them) for cash, transfer these shares (or any of them) for the purposes of or pursuant to an employee share scheme, cancel these shares (or any of them) or continue to hold them in treasury. Holding such shares in treasury gives the Company the ability to reissue them quickly and cost effectively and provides additional flexibility in the management of the Company's capital base. No dividends will be paid on, and no voting rights will be exercised in respect of, shares held in treasury. The directors intend to decide whether to cancel shares purchased pursuant to this authority or hold them in treasury based on the interests of the Company and shareholders as a whole at the relevant time.

The total number of options to subscribe for ordinary shares outstanding at Thursday 17 March 2011, the latest practicable date prior to the publication of this document, was 60,062,510, which represented 2.56 per cent of the issued ordinary share capital at that date. If the Company were to purchase the maximum number of ordinary shares permitted under the existing authority given at the 2010 AGM and by this resolution, the options outstanding at Thursday 17 March 2011 would represent approximately 2.84 per cent of the issued ordinary share capital.

Resolution 28: Authority to purchase preference shares

The effect of this resolution is to renew the authority granted to the Company to purchase up to 195,285,000 sterling preference shares and up to 477,500 US dollar preference shares. No sterling and US dollar preference shares have been repurchased since the AGM on 7 May 2010.

Whilst it is important to have a capital base which is adequate to allow the business to grow in all areas and which appears to offer an appropriate balance between risk and profitability, it is equally important that the Company does not carry excessive amounts of capital and that it uses the most appropriate mix of capital instruments on the balance sheet. Having the authority to buy back all the issued preference shares would provide the Company with further flexibility in managing the capital base. Accordingly, the directors believe that it is in the best interests of the Company and its shareholders as a whole to have the authority sought by this resolution.

The directors intend to keep under review the potential to buy back preference shares, taking into account other investment and funding opportunities. The authority will be exercised only if the directors believe that to do so would be in the interests of shareholders generally. As noted above, the Companies Act 2006 permits the Company to hold any such bought back shares in treasury as an alternative to cancelling them immediately. Accordingly, if the Company purchases any of its preference shares, those shares may be cancelled or held in treasury by the Company. The directors intend to make such decision at the time of purchase based on the interests of the Company and shareholders generally.

Resolution 29: Notice of general meetings

Changes made to the Companies Act 2006 by the Shareholders' Rights Regulations increase the notice period required for general meetings of the Company to 21 days unless shareholders approve a shorter notice period, which cannot however be less than 14 clear days (AGMs will continue to be held on at least 21 clear days' notice).

Before the coming into force of the Shareholders' Rights Regulations on 3 August 2009, the Company was able to call general meetings other than an AGM on 14 clear days' notice without obtaining such shareholder approval. In order to preserve this ability, resolution 29 seeks such approval. The approval will be effective until the Company's next annual general meeting, when it is intended that a similar resolution will be proposed.

Note that the changes to the Companies Act 2006 mean that, in order to be able to call a general meeting on less than 21 clear days' notice, the Company must make a means of electronic voting available to all shareholders for that meeting. The shorter notice period would not be used as a matter of routine for such meetings, but only where the flexibility is merited by the business of the meeting and is thought to be to the advantage of shareholders as a whole.

The Board recommends all shareholders vote in favour of all the resolutions, as the directors intend to do in respect of their own shares (with the exception of resolution 23 (see above)) and consider that the resolutions are in the best interests of the Company and shareholders as a whole. In accordance with Rule 7.19(6) of the Hong Kong Listing Rules, the executive directors and their respective associates will abstain from voting in favour of resolution 23 for the reasons set out on pages 19 and 20 of this document.

2011 STANDARD CHARTERED SHARE PLAN – KEY FEATURES

Save for those requirements that have been waived by The Stock Exchange of Hong Kong Limited on 8 March, 2011 regarding Note (1) to each of Rules 17.03(3), (9) and (18), the requirements under Rule 17.03 will have been complied with in the 2011 Standard Chartered Share Plan (the 'Plan'), which will be available for shareholder's inspection at the Company's Registered Office and at the offices of Slaughter and May, 47th Floor, Jardine House, One Connaught Place, Central, Hong Kong from the date of this document until the end of the AGM and at The Honourable Artillery Company from 15 minutes before the AGM until it ends.

1. Purpose of the plan

The Plan's objectives are threefold. Firstly, to provide long-term incentives for key employees as part of their Total Variable Compensation ('TVC') and to incentivise Standard Chartered Group (the 'Group') performance, thus creating long term shareholder value. Secondly, to aid retention and increase employee shareholdings. Lastly, to provide a share based vehicle through which part of employees' annual performance awards can be deferred. The Plan is proposed as the Group's main long-term incentive vehicle with effect from the 2011 AGM, and will replace the existing long-term incentive plans. Outstanding awards under the existing plans will be honoured.

2. Eligibility and participation

All employees of the Group will be eligible for awards under the Plan. It is intended that executive directors, senior management and other key employees, at the discretion of the Remuneration Committee, will be granted awards under the Plan. Deferred awards can also be granted to a former employee who was an employee within a period of twelve months up to the date of grant. The rationale for former employees being included is to allow the Group to deliver, albeit in exceptional circumstances such as on retirement, the deferred portion of an annual performance award in shares (consistent with regulatory remuneration guidelines).

There will be no contractual right to participate in the Plan and awards made under the Plan are not pensionable.

3. Form and granting of awards

The Plan will allow for share-based (and cash-based) awards to be made in the form of performance shares, restricted shares, matching awards, nil-cost share options, market value share options (including tax approved awards in the UK and US), equity-settled share appreciation rights and securities awards including corporate debt instruments.

Executive directors will typically not be granted restricted share awards, other than in respect of the portion of their annual performance awards that is deferred into shares or otherwise in exceptional circumstances (e.g. to facilitate recruitment).

It is intended that the first awards will be granted under the Plan following adoption at the 2011 AGM. Thereafter, awards can be made under the Plan at any time subject to any such awards complying with the Listing Rules, the Model Code for transactions in securities by Directors/Persons discharging managerial responsibility, the Hong Kong Stock Exchange Rules and other similar local regulations that may apply.

4. Vesting and exercise of awards

Initial awards of restricted shares, including those used to deliver the deferred portion of any annual performance awards, will normally vest in three equal tranches on the first, second and third anniversaries of the date of grant. In exceptional circumstances, the Remuneration Committee can vary, at the point of grant, the normal vesting schedule for restricted share awards made to high remuneration recruits, where this is deemed appropriate in order to replicate the underlying vesting schedule of any awards being bought out.

All other awards (including performance shares) will normally vest over a period of at least three years.

Following vesting, awards granted in the form of an option can have an exercise period of up to ten years from the date of grant of the award. Awards can be settled using newly issued shares, market purchased shares, treasury shares or cash.

5. Limits on award levels

Commitments to issue new shares (when aggregated with awards made under all other discretionary plans) will not exceed five per cent of the issued ordinary share capital from time to time in any rolling ten-year period. In addition, they will not exceed 10 per cent of the issued share capital from time to time in any rolling ten-year period when aggregated with awards made under all plans.

In addition, during the life of the Plan, no awards, whether satisfied by new issue or existing shares, shall be granted, which would cause the number of shares in the Company in pursuance of awards granted under the Plan to exceed such number as represents 10 per cent of the ordinary share capital of the Company in issue at that time.

Further, to comply with the Hong Kong Stock Exchange rules, the total number of shares which shall have been or may be issued pursuant to awards in any 12 month period must not exceed one per cent of the Company's issued share capital.

For the purposes of these limits, treasury shares will count as newly issued shares while this remains best practice. However, awards or other rights to acquire shares which lapse or have been released do not count.

There are no maximum award limits for restricted or deferred share awards in line with the philosophy agreed with shareholders for the 2006 Restricted Share Scheme ('2006 RSS') in May 2010.

However, awards of performance shares to executive directors will be subject to a Remuneration Committee remuneration policy which will be included in the Directors' remuneration report. Such awards form a core component of the TVC for the senior management team. Awards granted in 2011 will be determined subject to an overall working maximum amount of 400 per cent of base salary in Face Value ('FV') terms (approximately 200 per cent in Expected Value terms), which mirrors the existing levels under the Performance Share Plan. There would be no maximum award limits for performance share awards delivered to other employees as part of their TVC, although performance share awards granted to other employees in 2011 in respect of 2010 performance are not expected to exceed 400 per cent of base salary in FV terms.

6. Entitlement to dividends

Participants may be entitled to dividend equivalents in respect of dividends that would have been paid on the vesting portion of an award during the period from grant to vesting (as opposed to exercise). If so, these will be paid in shares (or cash) at the time the award is transferred to the participant.

It is the intention that, in the first instance restricted shares will attract dividends. This being the case, the expected values of restricted shares will be recalibrated accordingly. The previous policy of uplifting restricted share awards, which related to deferred annual performance awards by eight per cent will not apply if dividends are included.

7. Performance conditions

Awards made under the Plan may be subject to performance conditions, which will be specified at the time of award.

For performance share awards to be made to executive directors and other participants in May 2011 in respect of the 2010 financial year, it is proposed that the following performance measures be used:

- A third of the awards will be subject to relative total shareholder return over three financial years against a peer group of 21 companies (Bank of America, Bank of China, Bank of East Asia, Barclays, Citigroup, Credit Suisse, DBS Group, Deutsche Bank, HSBC, ICBC, ICICI, JP Morgan Chase, KB Financial Group, Overseas-Chinese Banking Corporation, Royal Bank of Scotland, Santander, Société Générale, Standard Bank, State Bank of India, Unicredito and UOB). For the purposes of measuring total shareholder return, an averaging period of three months at both the beginning and end of the performance period will be used in order to provide a stable assessment of performance. Total shareholder return will be measured in local currency for all companies.

30 per cent of this portion of the award will vest for median total shareholder return performance compared to this group, with 100 per cent vesting for upper quartile total shareholder return performance compared to this group.

- A third of the awards will be subject to Return on Risk Weighted Assets ('RoRWA') over three financial years calculated by reference to the three year average normalised earnings over the average of Risk Weighted Assets ('RWA') over that period, i.e. RoRWA =

$$\frac{(\text{Earnings in Y1} + \text{Earnings in Y2} + \text{Earnings in Y3}) \div 3}{(\text{end of Y0 RWA} + \text{end of Y1 RWA} + \text{end of Y2 RWA} + \text{end of Y3 RWA}) \div 4}$$

30 per cent of this portion of the award will vest for threshold performance with 100 per cent vesting for maximum performance and vesting on straight line basis between these points. For awards granted in 2011, threshold vesting will occur at a RoRWA of 1.5 per cent with maximum vesting occurring at a RoRWA of 1.7 per cent.

RoRWA is an existing key performance indicator that the Group uses today and will have greater prominence going forward. RoRWA has a number of benefits, in that it gives a good coverage of credit, operational and market risk, provides a simple metric for measuring returns on regulatory capital requirements and is more transparent measure relative to some more complex forms of risk adjusted measures.

The Remuneration Committee may review prior to any vesting and, if appropriate, adjust for the impact of items under the RoRWA measure which, in its view, are not an accurate reflection of the underlying financial performance of the Group or to take account of unforeseen events, such as regulatory or accounting changes, which would not have been capable of calculation when the target was set.

- A third of the awards will be subject to the Group's growth in adjusted earnings per share over three financial years, using the 2010 financial year as the base year. 30 per cent of this portion of the award will vest for adjusted earnings per share growth of 15 per cent over the three years, with full vesting of this portion of the award for adjusted earnings per share growth of 30 per cent over the three years and vesting on a straight line basis between these points.

The Remuneration Committee has the power under the Plan to adopt business/functional specific performance measures, for example, below the Board, although there are no immediate plans to use business specific performance measures at present.

8. Leaver and change-in-control provisions

Where a participant ceases employment and is considered a good leaver (i.e. where employment is ceased as a result of redundancy, retirement, ill-health, disability or injury, transfer of the participant's employing business or company out of the Group or termination by the Group other than for misconduct or performance) or for any other reason at the discretion of the Remuneration Committee awards will remain in force. They will vest over the original vesting period (unless the Remuneration Committee decides that the award vests earlier), subject to any applicable performance conditions. In the case of share awards granted as part of any deferral of annual performance awards, a claw-back policy may continue to operate (see below).

The Remuneration Committee may also determine that an award shall vest only to the extent that any good leaver is not in breach of non-solicitation and/or non-compete conditions. Failure to meet these conditions will lead to any outstanding awards lapsing with immediate effect.

If a participant ceases employment as a result of death, any outstanding awards (including performance-based awards) will vest and be transferred to the participant's legal representatives as soon as practicable.

If a participant ceases employment due to misconduct, performance or resignation awards will lapse unless (and to the extent that) the Remuneration Committee, in its absolute discretion, determines otherwise. Where an employee states that he/she is retiring not to join a competitor (e.g. to work for a charity or travel), the Remuneration Committee may at its discretion choose to treat that employee as a 'good leaver' (as defined in its policy). Such awards would still vest in line with the original vesting schedule and be conditional upon receiving self-certified evidence that the leaver continues not to work for a competitor.

On a change of control awards will typically vest pro-rata for time and subject to any applicable performance conditions. The Remuneration Committee will have discretion to adjust the level of vesting if appropriate, and may also require rollover of awards.

9. Claw-back

Unless determined otherwise at the point of grant, restricted share awards made under the Plan as part of any deferral of an annual performance award will be subject to claw-back provisions. These provisions will provide the Remuneration Committee with discretion to prohibit, delay or reduce vesting of awards in certain circumstances, including material re-statement of the financial statements of the Group, the discovery of endemic problems in financial reporting, or where as a result of financial losses a material breach of regulatory guidelines has occurred or is likely to occur.

In addition, the Remuneration Committee (or a duly authorised committee for participants' outside the Group Management Committee) will have the discretion to prevent participants' awards from vesting if it determines that the participant has been deemed to have i) caused a material loss to the Group as a result of reckless, negligent or wilful actions or ii) exhibited inappropriate values or behaviour.

10. Variation of share capital

In the event of any variation to share capital, demerger or other corporate event affecting the value of shares to a material extent, the Remuneration Committee may make such adjustments as it considers appropriate to the performance conditions, the number of shares subject to an award and (where relevant) the exercise price, in order that a participant's award retains the same economic value.

11. Amendments to the Plan

The Plan may be altered by the Remuneration Committee as long as the alteration or addition is minor in nature and is made to benefit the administration of the Plan, to take account of a change in legislation or to obtain or maintain favourable tax treatment, exchange control or regulatory treatment (by the London Stock Exchange, The Stock Exchange of Hong Kong Limited or any other regulatory body) for participants or any member of the Group.

Subject to the above paragraph, the prior approval of the Company in general meeting must be obtained in the case of any amendment to the Plan which is to the advantage of participants and which is made to the provisions relating to eligibility, limits, variation of capital and the basis for determining a participant's entitlement to shares.

The consent of HM Revenue & Customs is required in respect of amendments to key features of that part of the Plan which allows for the grant of UK tax-approved options.

Any alterations or additions to the Plan which are to the detriment of awards currently held by participants require the approval of a majority of holders of outstanding awards.

12. Life of the Plan

Shareholder approval for this plan will be sought at the AGM in May 2011 for a period of 10 years, and it is intended that the first awards under the Plan will be made shortly thereafter.

The Plan will terminate on the tenth anniversary of its approval by shareholders, or such earlier time as the Remuneration Committee or the Board may determine, but the rights of the existing participants will not be affected by this.
