

press release

Standard Chartered hosts Market Outlook Seminar for clients

27 January 2016, Bandar Seri Begawan – Standard Chartered Bank hosted its first market outlook seminar for their clients which focused on sharing the bank’s refreshed investment strategy – A.D.A.P.T – for 2016. The seminar was held at the Indera Samudra Ballroom of The Empire Hotel & Country Club in the capital and was well attended by more than 100 clients of the bank.

Mr Rino (Donny) Donosepoetro, CEO Standard Chartered Bank Brunei said in his welcoming address:

“We are delighted to have our senior investment advisor to share market insights which is a strength that Standard Chartered has over its regional and international network. Wealth management is an important aspect of our business which we continue to invest in for growth. This year we have opened up our Structured Deposit products to all client segments – meaning it is not just limited to Priority Banking clients, thus enabling all clients to look beyond Unit Trusts and FX products for their investment portfolios. With new Structured Deposit tranches being launched every other month offering attractive potential returns and with a lower entry level of only BND20,000, they provide a continuous and stable investment opportunity.”

During the evening’s programme, Evon Goh, Senior Investment Advisor from Standard Chartered Singapore presented the bank’s refreshed investment strategy for 2016 which aims to provide clients with a themed approach to their investment portfolios. Quan Lim, Investment Counsellor at Standard Chartered Brunei also presented wealth solutions available and in-line with the refreshed strategy.

Standard Chartered Bank offers the widest range of wealth products ranging from Unit Trusts, Premium Currency Investments, Bonds and Structured Products. Potential investors are required to complete a client risk profiling assessment to ensure that clients understand their risk appetite before taking up any wealth products. Clients wishing to understand market trends can also see the bank’s in-house Investment Counsellor.
