You are advised to make Your own independent judgment with respect to any matter contained herein.

1. What is this product about?

This is a profit sharing investment account based on the principle of Mudharabah. Please refer to item 3 for an explanation of this principle.

This is an unrestricted investment account which you allow us to manage based on our expertise as fund manager. We will specify to you the investment portfolios for your information. At the end of the investment period, we will calculate and distribute the profit based on the profit sharing ratio agreed with you earlier. The profit sharing investment account allows withdrawals and additional placements at any time and your profit will be based on the daily average balance at the end of the investment period.

The nominal value of your placement will be returned to you upon request. Any profit attributable to you will be calculated based on the average nominal value of your investment i.e. the daily average balance outstanding for the calendar month maintained in the profit sharing account.

The product may provide additional features such as:

1. Deposits and/or withdrawal at any of our Branches and/or ATM
2. Cheque book facility
3. Debit Card Services
4. Electronic Banking Services
5. Monthly Statements on the position of your Investment

For full information on the product you have selected, please visit our website at sc.com/my

2. Who is this product suitable for?

The product is suitable for investors seeking for:-

- Consistent return on short-term investment with convenience of entering and exiting into the investment on-demand.
- Low risk investment.
- Investment with prudential regulation and investment strategies.

There is no minimum period for you to retain or hold your placement with us under this product. This product is **NOT** covered by the Malaysia Deposit Insurance Corporation (PIDM).

This document is issued by Standard Chartered Saadiq Berhad (SCSB). It contains indicative terms for discussion purposes only and does not constitute any offer, recommendation or solicitation to any person to enter into any transaction or adopt any hedging, trading or investment strategy. In the event of any inconsistency between the initial and subsequent Product Disclosure Sheets, the most recent acknowledged or executed Product Disclosure Sheet shall prevail to the extent of such inconsistency and if there is any inconsistency between any Product Disclosure Sheet and the executed confirmation, the executed confirmation shall prevail. SCSB has no fiduciary duty towards You, and assumes no responsibility to advise on, and makes no representation as to the appropriateness, suitability or possible consequences of, the prospective transaction. SCSB, and/or a connected company, may have a position in any of the instruments or currencies mentioned in this document. You are advised to make Your own independent judgment with respect to any matter contained herein.

3. What is the Syariah contract applicable?

The Syariah contract applicable for this profit sharing account is **Mudharabah**. Under this contract, a sum of money is deposited by you (as capital provider) with us (as entrepreneur or fund manager) for a period whereby we will carry out business ventures by investing your funds into Syariah-Compliant investments (unrestricted investment accounts) and both of us agree to share the profits from the investment according to mutually agreed ratio at the start of the investment. Any loss from the investment will be borne by you solely unless such loss is due to our misconduct, negligence or breach of specified terms of the contract.

This structure has been approved by our Syariah Advisory Committee.

This document is issued by Standard Chartered Saadiq Berhad (SCSB). It contains indicative terms for discussion purposes only and does not constitute any offer, recommendation or solicitation to any person to enter into any transaction or adopt any hedging, trading or investment strategy. In the event of any inconsistency between the initial and subsequent Product Disclosure Sheets, the most recent acknowledged or executed Product Disclosure Sheet shall prevail to the extent of such inconsistency and if there is any inconsistency between any Product Disclosure Sheet and the executed confirmation, the executed confirmation shall prevail. SCSB has no fiduciary duty towards You, and assumes no responsibility to advise on, and makes no representation as to the appropriateness, suitability or possible consequences of, the prospective transaction. SCSB, and/or a connected company, may have a position in any of the instruments or currencies mentioned in this document. You are advised to make Your own independent judgment with respect to any matter contained herein.

4. What are the features of the Product?

We are accepting your placement for the purpose of investment and will open a transactional account for you as evidence of the investment. We will invest your placement into a predetermined pool of Syariah-compliant investment assets. We do this by entering into a commodity murabahah contract with our counterparty(ies) where certain commodities are bought and sold at an agreed profit.

We may also invest a minimal amount of the funds placed with us into an Overnight Islamic Interbank Placement with Bank Negara Malaysia for liquidity purposes.

By making additional placements into your profit sharing investment account, and by our act of accepting and giving credit to such placement in your profit sharing investment account, you will be entitled to additional profit declared (if any) in proportion to your additional investment into the Investment Asset. The profit declared into your profit sharing investment account will be based on the monthly average balance in your account.

The following is an illustration of a Mudharabah placement with us:

7. What are the possible outcomes of my investment?

Possible future gains and/or losses [Illustration Only]

Your funds are invested into a portfolio of monthly fixed return Commodity Murabahah Placement (CMP) with SCBMB which will be utilised for Shariah-compliant activities or with other counterparty(ies).

You will be taking an investment risk on your principal with the investment counterparty and is intended to invest in a low-risk exposure with the counterparty.

The profit on the CMP is benchmarked against the expected returns from the 1-month Interbank Placement with Bank Negara Malaysia (BNM). The CMP whenever placed with SCBMB or any counterparty(ies) to create a return or obligation by the counterparty payable on investment maturity. Renewal of the CMP may be benchmarked on the prevailing BNM Interbank Placement Rates for the new period.

8. What are the other key terms and conditions of this product that I should know?

You are allowed to withdraw from your placement at any time during the month. The nominal value of your placement will be adjusted according to the end-of-day balance outstanding. The end of month value of your placement for the purpose of profit calculation will be based on the daily average balance.

9. What are the fees and charges I have to pay?

The fees and charges for the profit sharing investment account are set out in our Fees and Charges for Products and Services booklet published on our website.

Additional fees and charges specific to profit sharing account are as follows:

Statement Request	:	Statement within 1 year – RM5 per statement cycle
		Statement > 1 year – RM10 per statement cycle
Performance Report	:	Re-Print – RM5 per latest report

Other fees and charges applicable to any normal Banking Services are outlined in our Products and Services booklet published on our website.

10. What are the risks involved?

a. Credit Risk

Our obligations under the profit sharing account are unsecured contractual obligations based on the contract of Mudharabah, which will rank equally with our other unsecured contractual obligations and debt other than liabilities mandatorily preferred by law. You should make your own assessment of our ability to meet our obligations concerning the investment and its general creditworthiness.

b. Legal Risk

c. The offer of this investment is subject to the laws of Malaysia. There is no assurance that any future change in the laws or regulations governing these products will not affect the value, the level of return and other commercial considerations relating to this investment.

Liquidity Risk

Although unlikely, there can be no assurance on the liquidity of this investment if it is not possible to liquidate, or to assess a fair value of your investment due to prevailing market conditions.

d. Market Risk

As the investment asset is a creation of obligation with a counterparty, your investment will not be directly subject to prevailing market risks.

This document is issued by Standard Chartered Saadiq Berhad (SCSB). It contains indicative terms for discussion purposes only and does not constitute any offer, recommendation or solicitation to any person to enter into any transaction or adopt any hedging, trading or investment strategy. In the event of any inconsistency between the initial and subsequent Product Disclosure Sheets, the most recent acknowledged or executed Product Disclosure Sheet shall prevail to the extent of such inconsistency and if there is any inconsistency between any Product Disclosure Sheet and the executed confirmation, the executed confirmation shall prevail. SCSB has no fiduciary duty towards You, and assumes no responsibility to advise on, and makes no representation as to the appropriateness, suitability or possible consequences of, the prospective transaction. SCSB, and/or a connected company, may have a position in any of the instruments or currencies mentioned in this document. You are advised to make Your own independent judgment with respect to any matter contained herein.

The value of the investment asset may indirectly be adversely affected by fluctuations in the level or volatility of or correlation or relationship between one or more market prices, rates or indices or by general financial, economic and political climate, general movements in local and international stock markets, prevailing and anticipated economic conditions, investor sentiment and profit rates and other events or factors outside our control which may impact the feasibility of the investment counterparty. However, you will need to make your own assessment on our, and Standard Chartered Bank Malaysia Berhad (SCBMB)'s, general creditworthiness.

e. Counterparty Risk

We, in conducting our business will be faced with various risks including market risk, regulatory risk, liquidity risk, operational risk and other risks associated with the running of a financial institution. Your investment is further invested into a known counterparty i.e. SCBMB and SCBMB will also face the various risks as our business.

There can be no assurance that we and/or SCBMB may not become insolvent or is subject to winding up or liquidation, which may affect the recovery of the investment. The risks are however mitigated through the prudential regulation on us and SCBMB. However, you will need to make your own assessment on our, and SCBMB's, general creditworthiness.

f. Principal Protection Risk

The placement under the contract of Mudharabah is not protected and will carry a risk of loss of principal. We have structured this product to be a low-risk, low-return product and expect that the risk of loss of principal is mitigated based on the Investment Assets. The Investment Assets are investment made with counterparty(ies) which we deem fit.

The risks are mitigated through the prudential regulation by the investment counterparty. However, you will need to make your own assessment on our counterparty(ies) general creditworthiness.

g. Syariah-Compliance Risk

Although the investment counterparty is SCBMB which is not an entity operating as an Islamic Banking institution, we have specific arrangement and mandate with SCBMB that your investments under Mudharabah will only be used to fund Syariah-compliant Investment Assets and activities approved by our Syariah Advisory Committee. The arrangement must also meet all the transactional rules and sequencing requirement of the relevant Syariah contract of which the investment is being made on, and take appropriate remedial actions to rectify any actions, with guidance from our Syariah Advisory Committee, that may result in the investment returns being at risk. This is to ensure that your funds are generating income from Syariah-compliant sources as per the Mudharabah contract.

This document is issued by Standard Chartered Saadiq Berhad (SCSB). It contains indicative terms for discussion purposes only and does not constitute any offer, recommendation or solicitation to any person to enter into any transaction or adopt any hedging, trading or investment strategy. In the event of any inconsistency between the initial and subsequent Product Disclosure Sheets, the most recent acknowledged or executed Product Disclosure Sheet shall prevail to the extent of such inconsistency and if there is any inconsistency between any Product Disclosure Sheet and the executed confirmation, the executed confirmation shall prevail. SCSB has no fiduciary duty towards You, and assumes no responsibility to advise on, and makes no representation as to the appropriateness, suitability or possible consequences of, the prospective transaction. SCSB, and/or a connected company, may have a position in any of the instruments or currencies mentioned in this document. You are advised to make Your own independent judgment with respect to any matter contained herein.

11. What do I need to do if there are changes to my personal details?

It is important that you inform us of any change in your contact details to ensure that all correspondences reach you in a timely manner, failing which, any correspondence to you will continue to be communicated/sent to your contact details last known to us and we will not be held liable for any loss or damage incurred by you due to the non-receipt of such correspondence.
