## [Standard Chartered Bank Nepal bags '2015 Euromoney Awards for Excellence'](#)

Standard Chartered Bank Nepal Limited has been named the winner of **'2015 Euromoney Awards for Excellence'** for Nepal by the **Euromoney**, a leading global publication in financial markets.

Euromoney magazine was created in 1969 to cover the re-emergence of the international cross-border capital markets. The euromarket, after which the magazine is named, is the predecessor to today's mainstream global capital markets. It is recognised as a prime magazine of the wholesale financial world.

The recognition of Standard Chartered Bank is a result of its ability to deliver on its strategy compared to some of the other shortlisted Nepali banks. Euromoney combines quantitative data with informed and important subjective judgements to honour those institutions that have brought the highest levels of services, innovation and expertise to their customers.

Standard Chartered Bank Nepal had earlier in the year won 'The World's Best Emerging Markets Banks 2014' award for Nepal from the Global Finance magazine.
