## **Standard Chartered Nepal launched EMV Chip Debit Card.**

Standard Chartered Bank Nepal Limited has launched Chip Debit Card with enhanced security features. The new card comes embedded with a microprocessor chip and offers a whole new level of security on both retail and ATM transactions.

Bank's clients can now securely use the chip card to purchase goods & services at various Visa merchant establishments and also withdraw cash from Visa ATMs across Nepal & India. With the new chip card, it is mandatory to provide Personal Identification Number (PIN) for retail transactions as well.

The Bank also recently launched The Good Life (TGL) mobile application which will provide a list of outlets where the clients will be able get discounts/special offers on Standard Chartered Bank Nepal Cards. The application can be downloaded from App Store or Google play
