BASE PROSPECTUS DATED 8 JULY 2015

(incorporated in The Netherlands with its statutory seat in Amsterdam and registered in the Commercial Register of the Chamber of Commerce under number 34334259)

Programme for the Issuance of Medium Term Notes

Arranger

ABN AMRO

This Base Prospectus constitutes a base prospectus for the purposes of Article 5.4 of Directive 2003/71/EC (as amended, the "Prospectus Directive").

The contents of this Base Prospectus are not intended to contain and should not be regarded as containing advice relating to legal, taxation, investment or any other matters and prospective investors are recommended to consult their own professional advisers for any advice concerning the acquisition, holding or disposal of any Notes (as defined below).

Before making an investment decision with respect to any Notes, prospective investors should carefully consider all of the information set out in this Base Prospectus and any accompanying documents, as well as their own personal circumstances. Prospective investors should have regard to, among other matters, the considerations described under the section headed "Risk Factors" in this Base Prospectus. This Base Prospectus does not describe all of the risks of an investment in the Notes.

An investment in the Notes is only suitable for investors who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom.

The full terms and conditions of each Tranche of Notes can be reviewed by reading the terms and conditions as set out in full in this Base Prospectus in the section headed "Terms and Conditions of the Notes" (the "Conditions", and each, a "Condition"), which constitute the basis of all Notes to be offered under this Programme for the Issuance of Medium Term Notes (the "Programme"), together with the Final Terms (as defined below) applicable to the relevant issue of Notes, which applies and/or disappplies, supplements and/or amends the Conditions in the manner required to reflect the particular terms and conditions applicable to the relevant Series of Notes (or Tranche thereof).

Under this Programme, ABN AMRO Bank N.V. (the "Issuer", which expression shall include any Substituted Debtor (as defined in Condition 16 below)) may from time to time issue Medium Term Notes (the "Notes"), which expression shall include Senior Notes and Subordinated Notes (each as defined below) denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below), if any.

The Notes will be issued on a continuing basis to one or more of the Dealers specified under "Overview of the Programme – Dealers" and any additional Dealer appointed in respect of Notes under the Programme from time to time, which appointment may be for a specific issue or on an ongoing basis (each a "Dealer" and together the "Dealers"). The Dealer or Dealers with whom the Issuer agrees or proposes to agree on the issue of any Notes is or are referred to as the "relevant Dealer(s)" in respect of those Notes.

The Notes of each Tranche (as defined below) will (unless otherwise specified in the applicable Final Terms) initially be represented by a Temporary Global Note (as defined below) which will be deposited on the issue date thereof either (i) with a common depository on behalf of Euroclear Bank S.A./N.V. ("Euroclear") and Clearstream Banking, société anonyme ("Clearstream, Luxembourg") and/or any other agreed clearing system or (ii) with Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V. ("Euroclear Netherlands"). See "Form of the Notes".

Application has been made to Euronext Amsterdam N.V. for Notes issued under the Programme up to the expiry of 12 months from the date of this Base Prospectus to be admitted to trading on Euronext Amsterdam ("Euronext Amsterdam"). In addition, Notes issued under the Programme may be listed or admitted to trading, as the case may be, on any other stock exchange or market specified in the applicable Final Terms. The Issuer may also issue unlisted Notes under the Programme.

References in this Programme to Notes being "listed" (and all related references) shall mean that such Notes have been admitted to trading and have been listed on Euronext Amsterdam. Euronext Amsterdam is a regulated market for the purposes of Directive 2004/39/EC (the Markets in Financial Instruments Directive).

Notes issued under this Programme may be rated or unrated. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating applicable to this Programme. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Community and registered under Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies (the "CRA Regulation") unless the rating is provided by a credit rating agency operating in the European Community before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused. Each of Moody's Investors Service, Limited ("Moody's"), Standard & Poor's Credit Market Services France SAS, a division of The McGraw-Hill Companies, Inc. ("S&P") and Fitch Ratings Ltd. ("Fitch") are credit rating agencies established and operating in the European Community prior to 7 June 2010 and have submitted an application for registration in accordance with the CRA Regulation and are registered under the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

The Issuer may agree with the relevant Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein, in which case a supplementary prospectus, if required, will be made available which will describe the effect of the agreement reached in relation to such Notes.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche of Notes will be set forth in a final terms document (the "Final Terms") which, with respect to Notes to be listed on Euronext Amsterdam, will be delivered to Euronext Amsterdam on or before the date of issue of Notes of such Tranche. There can be no assurance that the Notes offered as described in this Base Prospectus will be sold or that there will be a secondary market for the Notes. See "Risk Factors" below.

This Base Prospectus has been prepared for use in connection with the Programme and (save as described below) is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see "Documents Incorporated by Reference") and shall be read and construed on the basis that such documents are incorporated in and form part of this Base Prospectus.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus, the applicable Final Terms or any document incorporated by reference herein or therein, or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Arranger or any Dealer.

This Base Prospectus does not, and is not intended to, constitute an offer to sell or a solicitation of an offer to buy any of the Notes by or on behalf of the Issuer or the Arranger or any Dealer in any jurisdiction in which such offer or solicitation is not authorised or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation in such jurisdiction.

Neither this Base Prospectus nor any other information supplied in connection with the Programme should be considered as a recommendation by the Issuer, the Arranger or any Dealer that any recipient of this Base Prospectus or any other information supplied in connection with the Programme should purchase any Notes. Accordingly, no representation, warranty or undertaking, express or implied, is made by the Arranger or any Dealer in their capacity as such. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme or the

Notes is correct as of any time subsequent to the date indicated in the document containing the same. The Arranger and any Dealer expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme.

The Issuer, the Arranger and any Dealer do not represent that this Base Prospectus may be lawfully distributed, or that Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction. In particular, unless specifically indicated to the contrary in the applicable Final Terms, no action has been taken by the Issuer, the Arranger or any Dealer appointed under the Programme which is intended to permit a public offering of the Notes or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this Base Prospectus, together with its attachments, nor any advertisement or other offering material may be distributed or published in any jurisdiction where such distribution and/or publication would be prohibited and each Dealer (if any) will be required to represent that all offers and sales by it will be made on these terms.

The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. Persons into whose possession this Base Prospectus or any Notes come must inform themselves about, and observe, any such restrictions. See "Subscription and Sale" below. In particular, the Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act") or with any securities regulatory authority of any state or other jurisdiction of the United States. The Notes are in bearer form and are subject to United States tax law requirements. Subject to certain exceptions, the Notes may not be offered, sold or delivered within the United States or to U.S. persons.

Neither the Programme nor the Notes has been approved or disapproved by the United States Securities Exchange Commission, any state securities commission in the United States or any other United States regulatory authority, nor have any of the foregoing authorities passed upon or endorsed the merits of any offering of Notes or the accuracy or adequacy of this Base Prospectus. Any representation to the contrary is a criminal offence in the United States.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilisation Manager(s) (or persons acting on behalf of a Stabilisation Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Even though an Element may be required to be inserted in the summary because of the type of securities and Issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in the summary with the mention of "Not Applicable".

mentioned below, subordinated claims expressed by their terms to rank in priority to the Subordinated Notes have been satisfied.

"**Moratorium**" means the situation that a competent court has declared that the Issuer is in a situation which requires special measures (*noodregeling*) in the interests of all creditors, as referred to in Chapter 3.5.5 of the Dutch Act on financial supervision (*Wet op het financieel toezicht*, the "**Wft**"), and for so long as such situation is in force.

(B) As and when no more *pari passu* obligations issued before 1 January 2013 are outstanding (as described under (A) above), the Subordinated Notes and the relative Coupons constitute unsecured and subordinated obligations of the Issuer and rank (i) *pari passu* without any preference among themselves and with all other present and future unsecured and subordinated obligations of the Issuer (other than those subordinated obligations expressed by their terms or by mandatory and/or overriding provisions of law to rank either in priority to or junior to the Subordinated Notes) and (ii) junior to those subordinated obligations expressed by their terms to rank in priority to the Subordinated Notes and those preferred by mandatory and/or overriding provisions of law.

Events of Default - Senior Notes

The terms of the Senior Notes will contain, amongst others, the following events of default:

- (i) default in payment of any principal or interest due in respect of the Senior Notes, continuing for a specified period of time;
- (ii) non-performance or non-observance by the Issuer of any of its other obligations under the conditions of the Senior Notes, continuing for a specified period of time; and
- (iii) events relating to the bankruptcy, liquidation, or Moratorium of the Issuer.

Events of Default Subordinated Notes

Events of Default of Subordinated Notes are restricted to bankruptcy and liquidation and repayment following an Event of Default may be subject to the prior consent of the European Central Bank (the "**ECB**"), the Dutch Central Bank (*De Nederlandsche Bank N.V.*, "**DNB**") and any successor or replacement thereto, or other authority having primary responsibility for the prudential oversight and supervision of the Issuer, as determined by the Issuer (the "**Relevant Regulator**").

Meetings

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests

generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Taxation

All payments in respect of the Notes will be made free and clear of withholding or deducting taxes of The Netherlands, unless the withholding is required by law. In that event, the Issuer will either (i) subject to customary exceptions, pay such additional amounts as will result in the Noteholders receiving such amounts as they would have received in respect of the Notes had no such withholding been required or (ii) make the required withholding or deduction but the Issuer will not pay any additional amounts to compensate Noteholders, as will be agreed between the Issuer and the relevant Dealer at the time of issue of the Notes, specified in the applicable Final Terms and summarised in the relevant issue specific summary annexed to the applicable Final Terms.

Future issues

The conditions of the Notes do not restrict the amount of securities which the Issuer may issue and which rank senior or *pari passu* in priority of payments with the Notes.

Prescription

The Notes and related Coupons will become void unless claims in respect of principal and/or interest are made within a period of five years after the date on which such payment first became due.

Issuer Substitution

The Issuer may, if certain conditions have been fulfilled, with the consent of the Noteholders or Couponholders which will be deemed to have been given in respect of each issue of Notes on which no payment of principal or interest on any of the Notes is in default and, in the case of Subordinated Notes, after written approval of the Relevant Regulator, be replaced and substituted by either (A) any directly or indirectly wholly owned subsidiary of the Issuer or (only in the case of Senior Notes) (B) ABN AMRO Group N.V., as principal debtor in respect of the Notes and the relative Coupons.

Additional provisions for Subordinated Notes

Variation or Substitution

If Variation or Substitution is specified in the applicable Final Terms and if the whole of the outstanding nominal amount of the Subordinated Notes can no longer be included in full in the Tier 2 capital of the Issuer by reason of their non-compliance with the regulatory capital applicable to the Issuer or a regulatory call is triggered as set out in the conditions of the Subordinated Notes, then the Issuer may, subject to the prior written permission of the Relevant Regulator, if required at the relevant time (but without any requirement for the consent or approval of the Subordinated Noteholders), substitute the Subordinated Notes or vary the terms of the Subordinated Notes in order to ensure that they remain or, as appropriate, become compliant with the regulatory capital applicable to the Issuer at the relevant time. However, such variation or substitution shall not result in terms that are materially less favourable to the Subordinated Noteholders and the resulting securities must have at least, *inter alia*, the same ranking, interest rate, maturity date, redemption rights, existing rights to accrued interest which has not been paid and assigned the same ratings as the Subordinated Notes.

Statutory Loss Absorption

The Subordinated Notes may become subject to the determination by the relevant authority or the Issuer (following instructions from the relevant authority) that all or part of the nominal amount of the Subordinated Notes, including accrued but unpaid interest in respect thereof, must be written off or converted into common equity Tier 1 instruments or otherwise be applied to absorb losses, all as prescribed by the relevant law ("**Statutory Loss Absorption**"). Upon any such determination, (i) the relevant proportion of the outstanding nominal amount of the Subordinated Notes subject to Statutory Loss Absorption shall be written off or converted into common equity Tier 1 instruments or otherwise be

applied to absorb losses, as prescribed by the relevant law, (ii) such Statutory Loss Absorption shall not constitute an event of default under the conditions of the Subordinated Notes and (iii) the Subordinated Noteholders will have no further claims in respect of the amount so written off or subject to conversion or otherwise as a result of such Statutory Loss Absorption.

Any written-off amount as a result of Statutory Loss Absorption shall be irrevocably lost and holders of such Subordinated Notes will cease to have any claims for any principal amount and accrued but unpaid interest which has been subject to write-off.

In addition, subject to the determination by the relevant authority and without the consent of the Noteholders, the Subordinated Notes may be subject to other resolution measures as envisaged under the relevant law.

	Section D - Risks	
D.2	Risks Specific to the Issuer:	<p>When purchasing Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material. The Issuer has identified a number of factors which could materially adversely affect its business and ability to make payments due under the Notes. These factors include:</p>

		<ul style="list-style-type: none"> • Conditions in the global financial markets and economy may materially adversely affect the Issuer's business financial position, results of operations and prospects. • Volatility in, and the position of, financial markets, liquidity disruptions or market dislocations can adversely affect the Issuer's banking and funding activities. • Changes in interest rates and foreign exchange rates may adversely affect the Issuer's business, financial position, results of operations and cash flows. • Lack of liquidity is a risk to the Issuer's business and its ability to access sources of liquidity. • Reductions or potential reductions in the Issuer's credit ratings could have a significant impact on its borrowing ability and liquidity management through reduced funding capacity and collateral triggers, and on the access to capital and money markets as well as adversely affect the Issuer's business and results of operations. • The regulatory environment to which the Issuer is subject gives rise to significant legal and financial compliance costs and management time, and non-compliance could result in monetary and reputational damages, all of which could have an adverse effect on the Issuer's business, financial position and results of operations. • The financial services industry is subject to intensive regulation. Major changes in laws and regulations as well as enforcement action could adversely affect the Issuer's business, financial position, results of operations and prospects. • As a result of capital and/or liquidity requirements, the Issuer may not be able to manage its capital and liquidity effectively, which may adversely affect its business performance. • Proposals for resolution regimes may lead to fewer assets of the Issuer being available to investors for recourse for their claims, and may lead to lower credit ratings and possibly higher cost of funding. • The Issuer is subject to stress tests and other regulatory enquiries, the outcome which could negatively impact the Issuer's reputation, financing costs and trigger enforcement action by supervisory authorities. Stress tests could also bring to the surface information which may result in additional regulatory requirements or measures being imposed or taken which could have a negative impact on the Issuer's business, results of operations, profitability or reputation. • The Issuer operates in markets that are highly competitive. RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Additional risks not currently known to the Issuer or that the Issuer now views as immaterial may also have a material adverse effect on the Issuer's future business, operating results, financial condition and affect an investment in Notes issued under the Programme. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to any Notes, prospective investors should form their own opinions, consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Notes and consider such an investment decision in the light of the prospective investor's personal circumstances.

Words and expressions defined in the sections headed "Terms and Conditions of the Notes" below shall have the same meaning in this section.

Risks relating to the Issuer's business and industry

Each potential investor in the Notes should refer to the Risk Factors section of the Registration Document for a description of those factors which may affect the Issuer's ability to fulfil its obligations under Notes. See Section Documents Incorporated by Reference below.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behavior of any relevant indices and financial markets; and

- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common of such features:

The Notes may be subject to optional redemption by the Issuer

The Final Terms of any issue of a Series of Notes under the Programme may specify that such Notes are subject to redemption at the option of the Issuer. Any optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Variable Rate Notes with a multiplier or other leverage factor can be a volatile investment

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related, their market values may be even more volatile than those for securities that do not include those features.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

A reset of the interest rate could affect the market value of an investment in the Notes.

Fixed Rate Notes may bear interest at an initial Rate of Interest subject to one or more resets during the tenor of the Notes. Such reset rate could be less than the initial Rate of Interest and could affect the market value of an investment in the Notes.

The market value of Inverse Floating Rate Notes are more volatile than market values of other conventional floating rate debt securities

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

The price of Notes issued at a substantial discount or premium may be more volatile

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Risks related to Subordinated Notes

Holders of Subordinated Notes have limited rights to accelerate

The Issuer may issue Notes under the Programme which are subordinated to the extent described in Condition 3 of the Conditions of the Notes.

Any such Subordinated Notes will:

- (i) prior to the occurrence of the Existing Subordinated Notes Redemption Event, constitute unsecured and subordinated obligations of the Issuer and rank *pari passu* without any preference among themselves and with all other present and future unsecured and subordinated obligations of the Issuer (other than those subordinated obligations expressed by their terms to rank junior to the Subordinated Notes), save for those preferred by mandatory and/or overriding provisions of law; and
- (ii) as from the occurrence of the Existing Subordinated Notes Redemption Event, constitute unsecured and subordinated obligations of the Issuer and rank (i) *pari passu* without any preference among themselves and with all other present and future unsecured and subordinated obligations of the Issuer (other than those subordinated obligations expressed by their terms or by mandatory and/or overriding provisions of law to rank either in priority to or junior to the Subordinated Notes) and (ii) junior to those subordinated obligations expressed by their terms to rank in priority to the Subordinated Notes and those preferred by mandatory and/or overriding provisions of law.

An "**Existing Subordinated Notes Redemption Event**" is deemed to have occurred upon redemption or repurchase and cancellation of the full outstanding principal amount of the Existing Subordinated Notes.

"**Existing Subordinated Notes**" means any instrument or loan issued or incurred before 1 January 2013, whether publicly or privately placed, ranking or expressed to be ranking *pari passu* with all other subordinated obligations (except for those subordinated obligations expressed by their terms to rank junior), provided that should any such Existing Subordinated Notes be amended in any way (contractually or by statute) which would result in allowing the Issuer to issue subordinated notes ranking senior thereto, then such Subordinated Notes would be deemed to no longer constitute an Existing Subordinated Note.

As a result, in the event of liquidation or bankruptcy of the Issuer or in the event of a Moratorium (as defined in Condition 3 of the Conditions of the Notes) with respect to the Issuer, the claims of the holders of the Subordinated Notes ("**Subordinated Noteholders**") against the Issuer will be:

- (i) prior to the occurrence of the Existing Subordinated Notes Redemption Event, subordinated to (a) the claims of depositors (other than in respect of those whose deposits are expressed by their terms to rank equally to or lower than the Subordinated Notes), (b) unsubordinated claims with respect to the repayment of borrowed money and (c) other unsubordinated claims. By virtue of such subordination, payments to a Subordinated Noteholder will, in the event of liquidation or bankruptcy of the Issuer or in the event of a Moratorium with respect to the Issuer, only be made after, and any set-off by a Subordinated Noteholder shall be excluded until, all obligations of the Issuer resulting from higher ranking deposits, unsubordinated claims with respect to the repayment of borrowed money and other unsubordinated claims have been satisfied; and
- (ii) as from the occurrence of the Existing Subordinated Notes Redemption Event, subordinated to (a) the claims of depositors (other than in respect of those whose deposits are expressed by their terms to rank equally to or lower than the Subordinated Notes), (b) unsubordinated claims with respect to the repayment of borrowed money, (c) other unsubordinated claims and (d) subordinated claims expressed by their terms to rank in priority to the Subordinated Notes (collectively, "**Senior Claims**"). By virtue of such subordination, payments to a Subordinated Noteholder will, in the event of the liquidation or bankruptcy of the Issuer or in the event of a Moratorium with respect to the Issuer, only be made after, and any set-off by a Subordinated Noteholder shall be excluded until, all obligations of the Issuer resulting from Senior Claims have been satisfied.

A Subordinated Noteholder may therefore recover less than the holders of deposit liabilities or the holders of other unsubordinated or subordinated liabilities of the Issuer.

Furthermore, the Conditions do not limit the amount of the liabilities ranking senior to any Subordinated Notes which may be incurred or assumed by the Issuer from time to time, whether before or after the issue date of the relevant Subordinated Notes.

In addition, the rights of Subordinated Noteholders are limited in certain respects. In particular, (i) redemption of Subordinated Notes pursuant to Conditions 6(b), (c), (d) or (e) of the Conditions of the Notes may only be effected after the Issuer has obtained the written permission of the Relevant Regulator, and (ii) the Issuer may be required to obtain the prior written permission of the Relevant Regulator before effecting any repayment of Subordinated Notes following an Event of Default (as defined in Condition 9(b) of the Conditions of the Notes). See Conditions 9(b) of the Conditions of the Notes for further details.

Although Subordinated Notes may pay a higher rate of interest than comparable Notes which are not subordinated, there is a real risk that an investor in Subordinated Notes will lose all or some of his investment should the Issuer become insolvent. See also the risk factor "*There is a redemption risk in respect of certain issues of Subordinated Notes.*" below.

Subordinated Noteholders will only have limited rights to accelerate repayment of the principal amount of Subordinated Notes. See Condition 9 (*Events of Default*) of the Terms and Conditions of the Notes, which limits the events of default to (i) the Issuer being declared bankrupt, or a declaration in respect of the Issuer being made under article 3:163(1)(b) of the Wft and (ii) an order being made or an effective resolution being passed for the winding up or liquidation of the Issuer (unless this is done in connection with a merger, consolidation or other form of combination with another company and such company assumes all obligations contracted by the Issuer in connection with the Subordinated Notes). Accordingly, if the Issuer fails to meet any interest payment or other obligation under the Subordinated Notes, such failure will not give the Subordinated Noteholders any right to accelerate repayment of the principal amount of the Subordinated Notes.

"**Relevant Regulator**" means the European Central Bank, the Dutch Central Bank (*De Nederlandsche Bank N.V.*, "**DNB**") or other authority having primary responsibility for the prudential oversight and supervision of the Issuer, as determined by the Issuer.

There is a redemption risk in respect of certain issues of Subordinated Notes

If Regulatory Call is specified in the applicable Final Terms in respect of Subordinated Notes such Notes will be redeemable at the option of the Issuer upon the occurrence of a Capital Event at the amount and on the date(s) specified in the applicable Final Terms subject to (i) the prior written permission of the Relevant Regulator provided that at the relevant time such permission is required to be given pursuant to article 77 CRD IV Regulation and (ii) the Issuer demonstrating to the satisfaction of the Relevant Regulator that the Issuer complies with article 78 CRD IV Regulation, which may include requiring the replacement of the Subordinated Notes with own funds instruments of equal or higher quality at terms that are sustainable for the income capacity of the Issuer.

A "**Capital Event**" shall occur if there is a change in the regulatory classification of the Subordinated Notes that has resulted or would be likely to result in the Subordinated Notes being excluded, in whole but not in part, from the Tier 2 capital (within the meaning of the CRD IV Regulation) of the Issuer or reclassified as a lower quality form of own funds of the Issuer, which change in regulatory classification (or reclassification) (i) becomes effective on or after the Issue Date and, if redeemed within five years after the Issue Date, (ii) is considered by the Relevant Regulator to be sufficiently certain and (iii) the Issuer has demonstrated to the satisfaction of the Relevant Regulator was not reasonably foreseeable at the time of their issuance as required by article 78(4) CRD IV Regulation.

The Issuer may choose to redeem the Subordinated Notes at times when prevailing interest rates may be relatively low. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Subordinated Notes. Furthermore, an optional redemption feature of Subordinated Notes may limit their market value. During any period when the Issuer may elect to redeem Subordinated Notes, the market value of those Subordinated Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

There is variation or substitution risk in respect of certain Series of Subordinated Notes

If Variation or Substitution is specified in the applicable Final Terms and if a CRD IV Capital Event or a Capital Event has occurred and is continuing, then the Issuer may, subject to the prior written permission of the Relevant Regulator if required at the relevant time (but without any requirement for the consent or approval of the Subordinated Noteholders), substitute the Subordinated Notes or vary the terms of the Subordinated Notes in order to ensure that they remain or, as appropriate, become compliant with CRD IV or such other regulatory capital rules applicable to the Issuer at the relevant time. The terms and conditions of such varied or substituted Subordinated Notes may have terms and conditions that contain one or more provisions that are substantially different from the terms and conditions of the original Subordinated Notes. However, the Issuer cannot make changes to the terms of the Subordinated Notes or substitute the Subordinated Notes for securities that are materially less favourable to the Subordinated Noteholders. Following such variation or substitution the resulting securities must have at least, inter alia, the same ranking, interest rate, maturity date, redemption rights, existing rights to accrued interest which has not been paid and assigned the same ratings as the Subordinated Notes. Nonetheless, no assurance can be given as to whether any of these changes will negatively affect any particular Subordinated Noteholder. In addition, the tax and stamp duty consequences of holding such varied or substituted Notes could be different for some categories of Subordinated Noteholders from the tax and stamp duty consequences of their holding the Subordinated Notes prior to such variation or substitution. See Condition 6(e) of the Condition of the Notes for further details.

As indicated above, any substitution or variation in respect of the Subordinated Notes may not result in changes to the terms of the Subordinated Notes that are materially less favourable to the Subordinated Noteholders. However, the Relevant Regulator has discretion as to whether or not it will approve any substitution or variation of the Subordinated Notes and any such substitution or variation which is considered by the Relevant Regulator to be material (even if not materially less favourable to the Subordinated

Noteholders) shall be treated by it as the issuance of a new instrument. In such case, the Subordinated Notes, if so substituted or varied, must be eligible as Tier 2 capital in accordance with the then prevailing regulatory capital rules applicable to the Issuer, which may include a requirement that (save in certain prescribed circumstances) the Subordinated Notes may not be redeemed or repurchased prior to five years after the effective date of such substitution or variation.

"**CRD IV**" and "**CRD IV Capital Event**" have the meanings ascribed thereto in Condition 6(e) of the Conditions of the Notes.

Statutory loss absorption of Subordinated Notes could have an adverse effect on the market price of the relevant Subordinated Notes a Subordinated Noteholder may lose all of its investment in such Subordinated Notes, including the principal amount plus any accrued but unpaid interest, in the event that Statutory Loss Absorption occurs

The Conditions of the Subordinated Notes stipulate that the Subordinated Notes may become subject to the determination by the Resolution Authority or the Issuer (following instructions from the Resolution Authority) that all or part of the nominal amount of the Subordinated Notes, including accrued but unpaid interest in respect thereof, must be written down, reduced, redeemed and cancelled or converted into common equity Tier 1 instruments or otherwise be applied to absorb losses, all as prescribed by the Applicable Resolution Framework ("**Statutory Loss Absorption**"). Upon any such determination, (i) the relevant proportion of the outstanding nominal amount of the Subordinated Notes subject to Statutory Loss Absorption shall be written down, reduced, redeemed and cancelled or converted into common equity Tier 1 instruments or otherwise be applied to absorb losses, as prescribed by the Applicable Resolution Framework, (ii) such Statutory Loss Absorption shall not constitute an Event of Default and (iii) the Subordinated Noteholders will have no further claims in respect of the amount so written down or subject to conversion or otherwise as a result of such Statutory Loss Absorption.

Any written-down amount as a result of Statutory Loss Absorption shall be irrevocably lost and holders of such Subordinated Notes will cease to have any claims for any principal amount and accrued but unpaid interest which has been subject to write-off.

The determination that all or part of the nominal amount of the Subordinated Notes will be subject to Statutory Loss Absorption may be inherently unpredictable and may depend on a number of factors which may be outside of the Issuer's control. Accordingly, trading behavior in respect of Subordinated Notes which are subject to Statutory Loss Absorption is not necessarily expected to follow trading behavior associated with other types of securities. Any indication that Subordinated Notes will become subject to Statutory Loss Absorption could have an adverse effect on the market price of the relevant Subordinated Notes. Potential investors should consider the risk that a Subordinated Noteholder may lose all of its investment in such Subordinated Notes, including the principal amount plus any accrued but unpaid interest, in the event that Statutory Loss Absorption occurs.

"**Applicable Resolution Framework**" means any relevant laws and regulations applicable to the Issuer at the relevant time pursuant to, or which implement, or are enacted within the context of Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms and amending Council Directive 82/891/EEC, and Directives 2001/24/EC, 2002/47/EC, 2004/25/EC, 2005/56/EC, 2007/36/EC, 2011/35/EU, 2012/30/EU and 2013/36/EU and Regulations (EU) No 1093/2010 and (EU) No 648/2012, of the European Parliament and of the Council, or any other resolution or recovery rules which may from time to time be applicable to the Issuer; and

"**Resolution Authority**" means the European Single Resolution Board, the European Central Bank, the Dutch Central Bank (*De Nederlandsche Bank N.V.*) (also referred to herein as DNB) or such other regulatory authority or governmental body having the power to impose Statutory Loss Absorption on the Subordinated Notes pursuant to the Applicable Resolution Framework.

See also the risk factor "*Proposed and new banking legislation dealing with ailing banks give regulators resolution powers (including powers to write down debt)*" below.

No limitation to issue senior or pari passu ranking Notes

The Conditions of the Notes do not restrict the amount of securities which the Issuer may issue and which rank senior or *pari passu* in priority of payments with the Subordinated Notes.

The issue of any such securities may reduce the amount recoverable by Subordinated Noteholders on a winding-up of the Issuer. Accordingly, in the winding-up of the Issuer and after payment of the claims of senior creditors and of depositors, there may not be a sufficient amount to satisfy the amounts owing to the Subordinated Noteholders.

Risks related to the Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Each Noteholder must act independently as Noteholders do not have the benefit of a trustee

Because the Notes will not be issued pursuant to an indenture, Noteholders will not have the benefit of a trustee to act upon their behalf and each Noteholder will be responsible for acting independently with respect to certain matters affecting such Noteholder's Note, including accelerating the maturity thereof upon the occurrence of an event of default, enforcing any covenants contained therein and responding to any requests for consents, waivers or amendments. See Condition 9 *Events of default* and Conditions of the Notes.

The Notes are subject to modification, waivers and substitution

The conditions of the Notes contain provisions for convening meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The conditions of the Notes also provide that the Agent may, without the consent of Noteholders, agree to (i) any modification (not being a modification requiring the approval of a meeting of Noteholders) of any of the provisions of Notes which is not materially prejudicial to the interests of the Noteholders or (ii) any modification of the Notes which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of law or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 16 of the Conditions of the Notes or (iv) the variation or substitution of certain Subordinated Notes in the circumstances described in Condition 6(e) of the Conditions of the Notes.

The EU Savings Directive may require the collection of withholding tax

If a payment of interest were to be made or collected through a Member State which has opted for a withholding system under EC Council Directive 2003/48/EC and an amount in respect of tax were consequently to be withheld from that payment (see "*Taxation - EU Council Directive on Taxation of Savings Income*"), none of the Issuer or any Paying Agent or any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to Directive 2003/71/EC (as amended, the "Prospectus Directive").

Tax consequences of holding the Notes may be complex

Potential investors should consider the tax consequences of investing in the Notes and consult their

tax adviser about their own tax situation. In particular, depending on which provision is specified in the applicable Final Terms, the Issuer may either (i) make the required withholding or deduction of such taxes, duties, assessments or governmental charges for the account of the holders of the Notes and shall not pay any additional amounts to the holders of the Notes, if such withholding or deduction is required by law or (ii) pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes as the case may be, in the absence of such withholding or deduction. See further "Taxation".

Noteholders may be subject to withholding tax under FATCA

Under sections 1471-1474 of the United States Internal Revenue Code of 1986 enacted by the United States as part of the HIRE Act in March 2010 (commonly referred to as Foreign Account Tax Compliance Act, ("FATCA")), payments may be subject to withholding if the payment is either U.S. source, or a foreign pass thru payment. The Netherlands has concluded an agreement with the United States of America to Improve International Tax Compliance and to Implement FATCA, a so-called IGA. Under this agreement, parties are committed to work together, along with other jurisdictions that have concluded an IGA, to develop a practical and effective alternative approach to achieve the FATCA objectives of foreign pass thru payment and gross proceeds withholding that minimizes burden. The issuer is established and resident in The Netherlands and therefore benefits from this IGA.

If an amount in respect of FATCA withholding tax were to be deducted or withheld from any payments on the Notes, neither the Issuer nor any paying agent would be required to pay any additional amounts as a result of the deduction or withholding of such tax. As a result, investors who are non-U.S. financial institutions ("FFI") that have not entered into an FFI agreement (or otherwise established an exemption from withholding under FATCA), investors that hold Notes through such FFIs or investors that are not FFIs but have failed to provide required information or waivers to an FFI may be subject to withholding tax for which no additional amount will be paid by the Issuer. Holders of Notes should consult their own tax advisers on how these rules may apply to payments they receive under the Notes.

Because the Global Notes are held on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on the procedures for transfer, payment and communication with the Issuer of Euroclear and Clearstream, Luxembourg and any nominee service providers used by such investors to hold their investment in the Notes

Unless otherwise specified in the applicable Final Terms, the Notes will be initially represented by Temporary Global Notes which are exchangeable for Permanent Global Notes. The Global Notes will be held by a common safekeeper for Euroclear and Clearstream, Luxembourg. Noteholders will not be entitled to receive Definitive Notes, except in certain limited circumstances, as more fully described in the section headed "Form of the Notes" below. For as long as the Notes are represented by a Global Note held by a common safekeeper for Euroclear and/or Clearstream, Luxembourg, payments of principal, interest (if any) and any other amounts on the Global Notes will be made through Euroclear and/or Clearstream, Luxembourg (as the case may be) against presentation or surrender (as the case may be) of the relevant Global Note and, in the case of a Temporary Global Note, certification as to non U.S. beneficial ownership. The bearer of the relevant Global Note, being the common safekeeper for Euroclear and/or Clearstream, Luxembourg, shall be treated by the Issuer and any Paying Agent as the sole holder of the Notes represented by such Global Note with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Notes. No person other than the holder of such Global Note shall have any claim against the Issuer in respect of any payments due on that Global Note. The term Holder in these risk factors and the Terms and Conditions should be construed accordingly.

Consequently, where a nominee service provider is used by an investor to hold the relevant Notes or such investor holds interests in any Notes through accounts with Euroclear or Clearstream, Luxembourg, such investor must look solely to Euroclear or Clearstream, Luxembourg and the relevant nominee service

provider for his share of each payment made by the Issuer in respect of principal, interest, (if any) or any other amounts due, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider and Euroclear or Clearstream, Luxembourg, as the case may be. Such investor must rely on the relevant nominee service provider or Euroclear or Clearstream, Luxembourg, as the case may be, to distribute all payments attributable to the relevant Notes which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or clearing system, as well as the Issuer.

For the purposes of (a) distributing any notices to Noteholders, (b) recognizing Noteholders for the purposes of attending and/or voting at any meetings of Noteholders and (c) a notice, following Events of Default, by any Noteholder in which it is declared that the Note held by a Noteholder is forthwith due and payable (as described in Condition 9 (*Events of Default*)), the Issuer will recognise as Noteholders only those persons who are at any time shown as accountholders in the records of Euroclear and/or Clearstream, Luxembourg as persons holding a principal amount of Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes. Accordingly, unless it is an accountholder itself, an investor cannot act directly against the Issuer and must rely upon the nominee service provider which is the accountholder with Euroclear and/or Clearstream, Luxembourg through which the investor made arrangements to invest in the Notes, to forward notices received by it from Euroclear and/or Clearstream, Luxembourg, to return the investor's voting instructions or voting certificate application to Euroclear and/or Clearstream, Luxembourg or to forward the notice referred to under (c) above to the Issuer at the specified office of the Agent. Accordingly, such an investor will be exposed to the risk that the relevant nominee service provider or Euroclear and/or Clearstream, Luxembourg may fail to pass on the relevant notice to, or fail to take relevant instructions from, the investor. In addition, such a holder will only be able to trade any Note held by it with the assistance of Euroclear and/or Clearstream, Luxembourg and/or the relevant nominee service provider, as the case may be.

Furthermore, should a Note be accelerated in the circumstances described in Condition 9 (*Events of Default*) where any Note is still represented by a Global Note, only investors which are accountholders holding their Notes so represented and credited to their account with Euroclear or Clearstream, Luxembourg, will become entitled to proceed directly against the Issuer ("direct rights"). Any other investors in the Notes will have to rely upon the nominee service provider which is the accountholder with Euroclear and/or Clearstream, Luxembourg through which such investor made arrangements to invest in the Notes or should require such nominee service provide to transfer such direct rights to the investor.

None of the Issuer, any Dealer or the Agent shall be responsible for the acts or omissions of any relevant nominee service provider or Euroclear or Clearstream, Luxembourg, nor makes any representation or warranty, express or implied, as to the services provided by any relevant nominee service provider or Euroclear or Clearstream, Luxembourg.

The Base Prospectus must be read together with applicable Final Terms

The conditions of the Notes included in this Base Prospectus apply to the different types of Notes which may be issued under the Programme. The full terms and conditions applicable to each Tranche of Notes can be reviewed by reading the

Conditions as set out in this Base Prospectus in the section headed "*Terms and Conditions of the Notes*", which constitute the basis of all Notes to be offered under the Programme, together with the relevant Final Terms which applies and/or disappplies, supplements and/or amends the Conditions of the Programme in the manner required to reflect the particular terms and conditions applicable to the relevant Series of Notes (or Tranche thereof). Copies of the legal documentation relating to the Programme and copies of the Final Terms relating to each issue of Notes are available for inspection as described in "*General Information*".

Change of law and jurisdiction may impact the Notes

No assurance can be given as to the impact of any judicial decision, possible change to Dutch, European or any applicable laws, regulations or administrative practices after the date of this Base Prospectus. Such changes in law may include, but are not limited to, the introduction of a variety of statutory resolution and loss absorption tools which may affect the rights of Noteholders. Such tools may include the ability to write down sums otherwise payable on such Notes (see the risk factors entitled "*Proposed and new banking legislation dealing with ailing banks give regulators resolution powers (including powers to write down debt)*" and "*Statutory loss absorption of Subordinated Notes could have an adverse effect on the market price of the relevant Subordinated Notes; a Subordinated Noteholder may lose all of its investment in such Subordinated Notes, including the principal amount plus any accrued but unpaid interest, in the event that Statutory Loss Absorption occurs*" above for further information).

Prospective investors should note that the courts of The Netherlands shall have jurisdiction in respect of any disputes involving any Series of Notes. Noteholders may take any suit, action or proceedings arising out of or in connection with the Senior Notes against the Issuer in any court of competent jurisdiction. The laws of The Netherlands may be materially different from the equivalent law in the home state jurisdiction of prospective investors in its application to the Notes.

Proposed and new banking legislation dealing with ailing banks give regulators resolution powers (including powers to write down debt)

Pursuant to the banking legislation dealing with ailing banks (Special Measures Financial Institutions Act, *Wet bijzondere maatregelen financiële ondernemingen*, the "**Dutch Intervention Act**"), substantial new powers are granted to DNB and the Dutch Minister of Finance enabling them to deal with, inter alia, ailing Dutch banks prior to insolvency. The Dutch Intervention Act empowers DNB or the Minister of Finance, as applicable, to commence proceedings leading, inter alia, to: (i) transfer of all or part of the business (including deposits) of the relevant bank to a private sector purchaser; (ii) transfer of all or part of the business of the relevant bank to a "bridge bank; and (iii) public ownership of the relevant bank and expropriation of debt securities (which may include the Notes). Subject to certain exceptions, as soon as any of these proposed proceedings have been initiated by DNB or the Minister of Finance, as applicable, the relevant counterparties of such bank would not be entitled to invoke events of default or set off their claims against the bank. These powers (including the transfer of liabilities), if exercised with respect to the Issuer, may impact the Notes and will, subject to certain exceptions, lead to counterparties of the Issuer (including Noteholders) not being entitled to invoke events of default or set off their claims.

Within the context of the resolution tools provided in the Dutch Intervention Act, holders of debt securities of a bank (including the holder of Senior Notes and/or Subordinated Notes) subject to resolution could be affected by issuer substitution or replacement, transfer of debt, expropriation, modification of terms and/or suspension or termination of listings.

In addition to the tools currently specified in the Dutch Intervention Act, the Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms and amending Council Directive 82/891/EEC, and Directives 2001/24/EC, 2002/47/EC, 2004/25/EC, 2005/56/EC, 2007/36/EC, 2011/35/EU, 2012/30/EU and 2013/36/EU, and Regulations (EU) No 1093/2010 and (EU) No 648/2012, of the European Parliament and of the Council (the "**BRD**") and (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (the "**SRM**") provide resolution authorities with broader powers to implement resolution measures with respect to banks which reach non-viability, which may include (without limitation) the sale of the bank's business, the separation of assets, the replacement or substitution of the bank as obligor in respect of debt instruments, modifications to the terms of debt instruments and discontinuing the listing and admission to trading of financial instruments. Furthermore,

BRRD and the SRM provide resolution authorities the power to ensure that capital instruments (such as the Subordinated Notes) and eligible liabilities (such as the Senior Notes) absorb losses at the point of non-viability of the issuing institution, through the write-down or conversion to equity of such instruments (the "**Bail-In Tool**").

However, resolution authorities are expected to be required to exercise the Bail-In Tool in a way that results in (i) common equity Tier 1 instruments being written down first in proportion to the relevant losses and (ii) thereafter, the principal amount of other capital instruments (including Tier 2 instruments such as the Subordinated Notes) being written down or converted into common equity Tier 1 on a permanent basis and (iii) thereafter, eligible liabilities (which the Senior Notes are likely to be) being written down or converted in accordance with a set order of priority. The point of non-viability under BRRD is the point at which the national resolution authority determines that an institution meets the condition for resolution, defined as:

- (a) the institution is failing or likely to fail, which means (i) the institution has incurred/is likely to incur in the near future losses depleting all or substantially all its own funds, and/or (ii) the assets are/will be in the near future less than its liabilities, and/or (iii) the institution is/will be in the near future unable to pay its debts as they fall due, and/or (iv) the institution requires public financial support;
- (b) there is no reasonable prospect that a private action or supervisory action would prevent the failure; and
- (c) a resolution action is necessary in the public interest.

Furthermore, resolution authorities could take pre-resolution actions and apply the Bail-In Tool with respect to capital securities (including Subordinated Notes qualifying as Tier 2 instruments) before the conditions for resolution are met.

Application of the Bail-In Tool, as described above, shall not constitute an Event of Default under the Notes and Noteholders will have no further claims in respect of the amount so written down or subject to conversion or otherwise as a result of the Bail-In Tool. Accordingly, if the Bail-In Tool is in effect and the resolution authority decides to exercise the write down power, this may result in claims of Noteholders being written down or converted into equity. Furthermore, it is possible that pursuant to BRRD, the SRM or the Dutch Intervention Act or other resolution or recovery rules which may in the future be applicable to the Issuer, new powers may be given to DNB or another relevant authority which could be used in such a way as to result in the debt instruments of the Issuer, such as the Senior Notes and/or the Subordinated Notes, absorbing losses in the course of any resolution of the Issuer.

In addition to the Bail-In Tool, BRRD provides resolution authorities with broader powers to implement other resolution measures with respect to banks which reach non-viability, which may include (without limitation) the sale of the bank's business, the separation of assets, the replacement or substitution of the bank as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments) and discontinuing the listing and admission to trading of financial instruments. Except for the Bail-In Tool with respect to eligible liabilities (such as the Senior Notes), which is expected to apply as from 1 January 2016, BRRD stipulates that the measures set out therein, including the Bail-In Tool with respect to capital instruments such as the Subordinated Notes, apply as from 1 January 2015.

Risks relating to BRRD and the SRM

There remains uncertainty regarding the ultimate nature and scope of these powers and, when implemented, how they would affect the Issuer. Accordingly, it is not yet possible to assess the full impact of the BRRD or the SRM. The Notes may however be part of the claims and debts in respect of which the resolution authorities, including the Resolution Board, could use the bail-in powers to write-down or convert

the principal of the Notes. There can be no assurances that, once the SRM becomes applicable or the BRRD is implemented, the fact of its application/implementation or the taking of any actions currently contemplated (including any earlier application (in relation to requirements under the SRM) or implementation (in relation to requirements under the BRRD), as applicable, of such requirements in The Netherlands (including retrospectively, if and to the extent the BRRD is implemented retrospectively so as to apply to the Notes)) would not adversely affect the price or value of an investment in Notes subject to the provisions of the BRRD or the SRM and/or the ability of the Issuer to satisfy its obligations under such Notes. Until fully implemented, the Issuer cannot predict the precise effects of the bail-in power and the write-down and conversion power and its use in relation to the Notes. Prospective investors in the Notes should consult their own advisors as to the consequences of the SRM and the implementation of the BRRD.

The Dutch Intervention Act and BRRD or the SRM could negatively affect the position of certain categories of the Issuer's bondholders and the credit rating attached to certain categories of Notes then outstanding, in particular if and when any of the above proceedings would be commenced against the Issuer. The rights and effective remedies of the holders of the Notes, as well as their market value, may be affected by any such proceedings.

FSB Proposals for Total Loss-Absorbing Capacity

In November 2014, the Financial Stability Board (the "**FSB**") published a consultation document on policy proposals intended to enhance the loss-absorbing capacity of global systemically important banks ("**G-SIBs**") in resolution. The FSB proposals seek to ensure that G-SIBs will have sufficient loss absorbing capacity available in a resolution of such an entity, in order to minimise any impact on financial stability, ensure the continuity of critical functions and avoid exposing taxpayers to loss. The FSB's proposals also include a specific termsheet for total loss-absorbency capacity (or "**TLAC**") which attempts to define an internationally agreed standard. The FSB's proposals were endorsed at the G20's Brisbane conference in November 2014.

The FSB's proposals would, if implemented, require all G-SIBs to maintain a minimum Pillar 1 level of TLAC eligible capital within the range of 16-20% of risk exposure amount (alongside minimum regulatory capital requirements), and at a minimum of twice the relevant Basel III leverage requirement, with effect from 1 January 2019. The proposals also suggest that G-SIBs will be required to pre-position such loss-absorbing capacity amongst material subsidiaries on an intra-group basis. The FSB has also proposed that the minimum TLAC requirement should be satisfied before any surplus common equity is available to satisfy CRD IV buffers and the consultation document provides the possibility for local regulators to impose a Pillar II TLAC requirement over and above the Pillar 1 minimum. Based on the most recently updated FSB list of G-SIBs published in November 2014, ABN AMRO does not currently constitute a G-SIB. However, the EU or Dutch legislator could impose similar requirements on non-G-SIBs.

According to the consultation document, TLAC may comprise Tier 1 and Tier 2 capital (for the purposes of CRD IV), along with other TLAC-eligible liabilities which can be effectively written down or converted into equity during the resolution of the G-SIB. All TLAC is required to be subordinated to "excluded liabilities", which includes insured deposits and any other liabilities that cannot be effectively written down or converted to equity by the relevant resolution authority.

EBA Consultation Paper on the minimum requirement for own funds and eligible liabilities under BRRD.

On 28 November 2014, the European Banking Authority (the "**EBA**") published a consultation paper setting out draft regulatory technical standards ("**RTS**") on the criteria for determining the minimum requirement for own funds and eligible liabilities ("**MREL**") under BRRD. In order to ensure the effectiveness of bail-in and other resolution tools introduced by BRRD, BRRD requires that all institutions must meet an individual MREL requirement, calculated as a percentage of total liabilities and own funds and set by the relevant resolution authorities, with effect from 1 January 2016 (or if earlier, the date of national implementation of BRRD). The draft RTS provide for resolution authorities to allow institutions a

transitional period of up to four years to reach the applicable MREL requirements.

Unlike the FSB's proposals, the RTS do not set a minimum EU-wide level of MREL, and the MREL requirement applies to all credit institutions, not just to those identified as being of a particular size or of systemic importance. Each resolution authority is required to make a separate determination of the appropriate MREL requirement for each resolution group within its jurisdiction, depending on the resolvability, risk profile, systemic importance and other characteristics of each institution.

The MREL requirement for each institution will be comprised of a number of key elements, including the required loss absorbing capacity of the institution (which will, as a minimum, equate to the institution's capital requirements under CRD IV, including applicable buffers), and the level of recapitalisation needed to implement the preferred resolution strategy identified during the resolution planning process. Other factors to be taken into consideration by resolution authorities when setting the MREL requirement include: the extent to which an institution has liabilities in issue which are excluded from contributing to loss absorption or recapitalisation; the risk profile of the institution; the systemic importance of the institution; and the contribution to any resolution that may be made by deposit guarantee schemes and resolution financing arrangements.

Items eligible for inclusion in MREL will include an institution's own funds (within the meaning of CRD IV), along with "**Eligible Liabilities**", meaning liabilities which, inter alia, are issued and fully paid up, have a maturity of at least one year (or do not give the investor a right to repayment within one year), and do not arise from derivatives.

Whilst there are a number of similarities between the MREL requirements and the FSB's proposals or TLAC, there are also certain differences, including the express requirement that TLAC be subordinated to insured deposits (which is not specifically the case for MREL eligible liabilities), and the timescales for implementation. The EBA consultation paper suggests that the MREL requirements can nevertheless be implemented for G-SIBs in a manner that is "consistent with" the international framework, and contemplates a possible increase in the MREL requirement over time in order to provide for an adequate transition to compliance with the TLAC requirements (which are currently projected to apply from January 2019). It remains to be seen whether there will be any further convergence in the detailed requirements of the two regimes.

Risks relating to the FSB and EBA proposals

Both the FSB's and the EBA's proposals are in draft form, and may therefore be subject to change. As a result, it is not possible to give any assurances as to the ultimate scope and nature of any resulting obligations, or the impact that they will have on the Issuer once implemented. If the FSB's and EBA's proposals are implemented in their current form however, it is possible that the Issuer may have to issue a significant amount of additional TLAC and MREL eligible liabilities in order to meet the new requirements within the required timeframes. If the Issuer were to experience difficulties in raising TLAC or MREL eligible liabilities, it may have to reduce its lending or investments in other operations which would have a material adverse effect on the Issuer's business, financial position and results.

Definitive Notes where denominations involve integral multiples may be subject to minimum denomination considerations

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If Definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

No limitation on the incurrence of indebtedness ranking pari passu with or senior to the claims of Noteholders

The Conditions of the Notes do not limit the Issuer's ability or the ability of any group entity to incur additional indebtedness, including indebtedness that ranks senior or *pari passu* in priority of payment to the Notes.

Any such additional indebtedness may reduce the amount recoverable by Noteholders on a winding-up of the Issuer. Accordingly, in the winding-up of the Issuer and after payment of the claims ranking senior to the Noteholders (such as secured claims), there may not be a sufficient amount to satisfy the amounts owing to the Noteholders.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

A secondary market may not develop for the Notes

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

The Notes are subject to exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The price of notes are affected by changes in interest rates

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

The credit ratings of the Notes or the Issuer may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Any adverse change in an applicable credit rating could adversely affect the trading price for the Notes.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). Certain information with respect to the credit rating agencies and ratings will be disclosed in the Final Terms.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

An investor's actual yield on the Notes may be reduced from the stated yield by transaction costs

When Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred in addition to the current price of the security. These incidental costs may significantly reduce or even exclude the profit potential of the Notes. For instance, credit institutions as a rule charge their clients for own commissions which are either fixed minimum commissions or pro-rata commissions depending on the order value. To the extent that additional – domestic or foreign – parties are involved in the execution of an order, including but not limited to domestic dealers or brokers in foreign markets, investors must take into account that they may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs).

In addition to such costs directly related to the purchase of securities (direct costs), investors must also take into account any follow-up costs (such as custody fees). Prospective investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Notes before investing in the Notes.

Risks relating to Renminbi-denominated Notes

Notes denominated in Renminbi (“Renminbi Notes”) may be issued under the Programme. Renminbi Notes contain particular risks for potential investors.

Renminbi is not freely convertible and there are significant restrictions on the remittance of Renminbi into and out of the PRC which may adversely affect the liquidity of Renminbi Notes

Renminbi is not freely convertible at present. The government of the PRC (the “**PRC Government**”) continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar.

However, there has been significant reduction in control by the PRC Government in recent years,

particularly over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

On the other hand, remittance of Renminbi by foreign investors into the PRC for the settlement of capital account items, such as capital contributions, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into the PRC for settlement of capital account items are developing.

There is no assurance that the PRC Government will continue to gradually liberalise control over cross-border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. In the event that funds cannot be repatriated out of the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Notes denominated in Renminbi.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the Renminbi Notes and the Issuer's ability to source Renminbi outside the PRC to service Renminbi Notes

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. While the People's Bank of China ("**PBoC**") has entered into agreements on the clearing of Renminbi business with financial institutions in a number of financial centres and cities (the "**Renminbi Clearing Banks**"), including but not limited to Hong Kong and are in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions (the "**Settlement Arrangements**"), the current size of Renminbi denominated financial assets outside the PRC is limited.

There are restrictions imposed by PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from PBoC. The Renminbi Clearing Banks only have access to onshore liquidity support from PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In such cases, the participating banks will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Arrangements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the Renminbi Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its Renminbi Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

Investment in the Renminbi Notes is subject to exchange rate risks

The value of Renminbi against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. The Issuer will make all payments of interest and principal with respect to the Renminbi Notes in Renminbi unless otherwise specified. As a result, the value of these Renminbi payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against another foreign currency, the value of the investment made by a holder of the Renminbi Notes in that foreign

currency will decline.

Investment in the Renminbi Notes is subject to currency risk

If the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay interest and principal on the Renminbi Notes as a result of Inconvertibility, Non-transferability or Illiquidity (each, as defined in the Conditions), the Issuer shall be entitled, on giving not less than five or more than 30 calendar days' irrevocable notice to the investors prior to the due date for payment, to settle any such payment in U.S. Dollars on the due date at the U.S. Dollar Equivalent (as defined in the Conditions) of any such interest or principal, as the case may be.

Investment in the Renminbi Notes is subject to interest rate risks

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. In addition, the interest rate for Renminbi in markets outside the PRC may significantly deviate from the interest rate for Renminbi in the PRC as a result of foreign exchange controls imposed by PRC law and regulations and prevailing market conditions.

As Renminbi Notes may carry a fixed interest rate, the trading price of the Renminbi Notes will consequently vary with the fluctuations in the Renminbi interest rates. If holders of the Renminbi Notes propose to sell their Renminbi Notes before their maturity, they may receive an offer lower than the amount they have invested.

Payments with respect to the Renminbi Notes may be made only in the manner designated in the Renminbi Notes

All payments to investors in respect of the Renminbi Notes will be made solely (i) for so long as the Renminbi Notes are represented by global certificates held with the common depositary or common safekeeper, as the case may be, for Clearstream Banking *société anonyme* and Euroclear Bank SA/NV or any alternative clearing system, by transfer to a Renminbi bank account maintained in Hong Kong or (ii) for so long as the Renminbi Notes are in definitive form, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing rules and regulations. The Issuer cannot be required to make payment by any other means (including in any other currency or by transfer to a bank account in the PRC).

Gains on the transfer of the Renminbi Notes may become subject to income taxes under PRC tax laws

Under the *PRC Enterprise Income Tax Law*, the *PRC Individual Income Tax Law* and the relevant implementing rules, as amended from time to time, any gain realised on the transfer of Renminbi Notes by non-PRC resident enterprise or individual Holders may be subject to PRC enterprise income tax ("**EIT**") or PRC individual income tax ("**IIT**") if such gain is regarded as income derived from sources within the PRC. The *PRC Enterprise Income Tax Law* levies EIT at the rate of 20 per cent. of the gains derived by such non-PRC resident enterprise or individual Holder from the transfer of Renminbi Notes but its implementation rules have reduced the enterprise income tax rate to 10 per cent. The *PRC Individual Income Tax Law* levies IIT at a rate of 20 per cent. of the gains derived by such non-PRC resident or individual Holder from the transfer of Renminbi Notes.

However, uncertainty remains as to whether the gain realised from the transfer of the Renminbi Notes by non-PRC resident enterprise or individual Holders would be treated as income derived from sources within the PRC and become subject to the EIT or IIT. This will depend on how the PRC tax authorities interpret, apply or enforce the *PRC Enterprise Income Tax Law*, the *PRC Individual Income Tax Law* and the relevant implementing rules. According to the arrangement between the PRC and Hong Kong, for avoidance of double taxation, Holders who are residents of Hong Kong, including enterprise Holders and individual Holders, will not be subject to EIT or IIT on capital gains derived from a sale or exchange of the Renminbi Notes.

Therefore, if non-PRC enterprise or individual resident Holders are required to pay PRC income tax on gains derived from the transfer of the Renminbi Notes, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-PRC enterprise or individual resident Holders of Renminbi Notes reside that reduces or exempts the relevant EIT or IIT, the value of their investment in the Renminbi Notes may be materially and adversely affected.

Remittance of proceeds in Renminbi into or out of the PRC

In the event that the Issuer decides to remit some or all of the proceeds into the PRC in Renminbi, its ability to do so will be subject to obtaining all necessary approvals from, and/or registration or filing with, the relevant PRC government authorities. However, there is no assurance that the necessary approvals from, and/or registration or filing with, the relevant PRC government authorities will be obtained at all or, if obtained, they will not be revoked or amended in the future.

There is no assurance that the PRC Government will continue to gradually liberalise the control over cross-border Renminbi remittances in the future, that the schemes introduced will not be discontinued or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that the Issuer does remit some or all of the proceeds into the PRC in Renminbi and the Issuer subsequently is not able to repatriate funds out of the PRC in Renminbi, it will need to source Renminbi outside the PRC to finance its obligations under the Renminbi Notes, and its ability to do so will be subject to the overall availability of Renminbi outside the PRC.

Fixed Rate Notes:

Fixed interest will be payable on the date or dates specified in the applicable Final Terms and on redemption, and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer (as indicated in the applicable Final Terms).

Floating Rate Notes:

Floating Rate Notes will bear interest either at a rate determined on the same basis as the floating rate under a notional interest-rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc., and as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series) or on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service or on such other basis as may be agreed between the Issuer and the relevant Dealer (as indicated in the applicable Final Terms).

The Margin (if any) relating to such floating rate will be specified in the applicable Final Terms.

Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both.

Interest on Floating Rate Notes in respect of each Interest Period, as agreed prior to issue by the Issuer and the relevant Dealer (if any), will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction, as may be agreed between the Issuer and the relevant Dealer (if any) (as indicated in the applicable Final Terms).

Zero Coupon Notes:

Zero Coupon Notes will be offered and sold at a discount to their

nominal amount or at par and will not bear interest other than in the case of late payment as may be specified in the applicable Final Terms.

Redemption:

The applicable Final Terms will indicate either that the Notes cannot be redeemed prior to their stated maturity (other than following an Event of Default) or that such Notes will be redeemable for taxation reasons and/or at the option of the Issuer and/or the Noteholders upon giving notice to the Noteholders or the Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and on such terms as are indicated in the applicable Final Terms.

Regulatory Call Option

If Regulatory Call is specified in the applicable Final Terms in respect of Subordinated Notes such Notes will be redeemable at the option of the Issuer upon the occurrence of a Capital Event at the amount specified in the applicable Final Terms subject to (i) the prior written permission of the Relevant Regulator provided that at the relevant time such permission is required to be given pursuant to article 77 CRD IV Regulation and (ii) the Issuer demonstrating to the satisfaction of the Relevant Regulator that the Issuer complies with article 78 CRD IV Regulation, which may include requiring the replacement of the Subordinated Notes with own funds instruments of equal or higher quality at terms that are sustainable for the income capacity of the Issuer.

A "**Capital Event**" shall occur if there is a change in the regulatory classification of the Subordinated Notes that has resulted or would be likely to result in the Subordinated Notes being excluded, in whole but not in part, from the Tier 2 capital (within the meaning of the CRD IV Regulation) of the Issuer or reclassified as a lower quality form of own funds of the Issuer, which change in regulatory classification (or reclassification) (i) becomes effective on or after the Issue Date and, if redeemed within five years after the Issue Date, (ii) is considered by the Relevant Regulator to be sufficiently certain and (iii) the Issuer has demonstrated to the satisfaction of the Relevant Regulator was not reasonably foreseeable at the time of their issuance as required by article 78(4) CRD IV Regulation.

Denomination of Notes:

Notes will be issued in such denominations as may be specified in the applicable Final Terms save that the minimum denomination of each Note will be such as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency.

Taxation:

All payments in respect of the Notes will be made free and clear of withholding or deducting taxes of The Netherlands, unless the withholding is required by law. In that event, the Issuer will either (i) subject to certain exceptions as provided in Condition 7 of the Terms and Conditions of the Notes, pay such additional amounts as will result in the Noteholders receiving such amounts as they would have received in respect of the Notes had no such withholding been required or (ii) make the required withholding or deduction but the Issuer will not pay any additional amounts to compensate Noteholders, as will be agreed

between the Issuer and the relevant Dealer at the time of issue of the Notes.

If the applicable Final Terms provides that payments are to be made subject to withholding of applicable Dutch taxes (if any), it will also specify that Condition 6(b) will not apply to the Notes.

Negative Pledge: None.

Cross Default: None.

Status of the Senior Notes: The Senior Notes will constitute unsecured and unsubordinated obligations of the Issuer and will rank *pari passu* without any preference among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory and/or overriding provisions of law.

Status and Characteristics relating to Subordinated Notes: *(a) Prior to the Existing Subordinated Notes Redemption Event:*

The Subordinated Notes and the relative Coupons constitute unsecured and subordinated obligations of the Issuer and rank *pari passu* without any preference among themselves and with all other present and future unsecured and subordinated obligations of the Issuer (other than those subordinated obligations expressed by their terms to rank junior to the Subordinated Notes), save for those preferred by mandatory and/or overriding provisions of law.

The claims of the holders of the Subordinated Notes of this Series and the relative Coupons against the Issuer are:

- (i) in the event of the liquidation or bankruptcy of the Issuer; or
- (ii) in the event that a competent court has declared that the Issuer is in a situation which requires special measures (*noodregeling*) in the interests of all creditors, as referred to in Chapter 3.5.5 of the Dutch Act on financial supervision (*Wet op het financieel toezicht*, the "Wft"), and for so long as such situation is in force (such situation being hereinafter referred to as a "**Moratorium**"),

subordinated to (a) the claims of depositors (other than in respect of those whose deposits are expressed by their terms to rank equally to or lower than the Subordinated Notes), (b) unsubordinated claims with respect to the repayment of borrowed money and (c) other unsubordinated claims.

By virtue of such subordination, payments to a Noteholder will, in the event of liquidation or bankruptcy of the Issuer or in the event of a Moratorium with respect to the Issuer, only be made after, and any set-off by a Noteholder shall be excluded until, all obligations of the Issuer resulting from higher ranking deposits, unsubordinated claims with respect to the repayment of borrowed money and other unsubordinated claims have been satisfied.

(b) As from the Existing Subordinated Notes Redemption Event:

The Subordinated Notes and the relative Coupons constitute unsecured and subordinated obligations of the Issuer and rank (i) *pari passu* without any preference among themselves and with all other present and future unsecured and subordinated obligations of the Issuer (other than those subordinated obligations expressed by their terms or by mandatory and/or overriding provisions of law to rank either in priority to or junior to the Subordinated Notes) and (ii) junior to those subordinated obligations expressed by their terms to rank in priority to the Subordinated Notes and those preferred by mandatory and/or overriding provisions of law.

As a result, the claims of the holders of the Subordinated Notes of this Series and the relative Coupons against the Issuer are:

- (i) in the event of the liquidation or bankruptcy of the Issuer; or
- (ii) in the event that a competent court has declared that the Issuer is in a situation which requires special measures (*noodregeling*) in the interests of all creditors, as referred to in Chapter 3.5.5 of the Dutch Act on financial supervision (*Wet op het financieel toezicht*, the "**Wft**"), and for so long as such situation is in force (such situation being hereinafter referred to as a "**Moratorium**")

subordinated to (a) the claims of depositors (other than in respect of those whose deposits are expressed by their terms to rank equally to or lower than the Subordinated Notes), (b) unsubordinated claims with respect to the repayment of borrowed money, (c) other unsubordinated claims and (d) subordinated claims expressed by their terms to rank in priority to the Subordinated Notes (collectively, "**Senior Claims**").

By virtue of such subordination, payments to a Noteholder will, in the event of the liquidation or bankruptcy of the Issuer or in the event of a Moratorium with respect to the Issuer, only be made after, and any set-off by a Noteholder shall be excluded until, all obligations of the Issuer resulting from Senior Claims have been satisfied.

An "**Existing Subordinated Notes Redemption Event**" is deemed to have occurred upon redemption or repurchase and cancellation of the full outstanding principal amount of the Existing Subordinated Notes.

"**Existing Subordinated Notes**" means any instrument or loan issued or incurred before 1 January 2013, whether publicly or privately placed, ranking or expressed to be ranking *pari passu* with all other subordinated obligations (except for those subordinated obligations expressed by their terms to rank junior), provided that should any such Existing Subordinated Notes be amended in any way (contractually or by statute) which would result in allowing the Issuer to issue subordinated notes ranking senior thereto, then such Subordinated Notes would be deemed to no longer constitute an Existing Subordinated Note.

Variation or Substitution

If the applicable Final Terms indicate that the Subordinated Notes will be subject to Variation or Substitution and if a CRD IV Capital Event or a Capital Event has occurred and is continuing, then the Issuer may, subject to the prior written permission of the Relevant Regulator provided that at the relevant time such permission is required to be given (but without any requirement for the consent or approval of the Subordinated Noteholders) and having given not less than 30 nor more than 60 days' notice (which notice shall be irrevocable), either substitute all, but not some only, of the Subordinated Notes or vary the terms of the Subordinated Notes so that they remain or, as appropriate, become compliant with CRD IV or such other regulatory capital rules applicable to the Issuer at the relevant time, provided that such variation or substitution shall not result in terms that are materially less favourable to the Subordinated Noteholders and that the resulting securities must have at least, inter alia, the same ranking, interest rate, maturity date, redemption rights, existing rights to accrued interest which has not been paid and assigned the same ratings as the Subordinated Notes.

A "**CRD IV Capital Event**" is deemed to have occurred if the whole of the outstanding nominal amount of Notes can no longer be included in full in the Tier 2 capital of the Issuer by reason of their non-compliance with CRD IV or such other regulatory capital rules applicable to the Issuer at the relevant time.

Statutory Loss Absorption

Subordinated Notes may become subject to the determination by the relevant Resolution Authority or the Issuer (following instructions from the relevant Resolution Authority) that all or part of the nominal amount of the Subordinated Notes, including accrued but unpaid interest in respect thereof, must be written down, reduced, redeemed and cancelled or converted into common equity Tier 1 instruments or otherwise be applied to absorb losses, all as prescribed by the Applicable Resolution Framework. Upon any such determination, (i) the relevant proportion of the outstanding nominal amount of the Subordinated Notes subject to Statutory Loss Absorption shall be written down, reduced, redeemed and cancelled or converted into common equity Tier 1 instruments or otherwise be applied to absorb losses, as prescribed by the Applicable Resolution Framework, (ii) such Statutory Loss Absorption shall not constitute an Event of Default and (iii) the Subordinated Noteholders will have no further claims in respect of the amount so written down or subject to conversion or otherwise as a result of such Statutory Loss Absorption.

"Resolution Authority", **"Applicable Resolution Framework"** and **"Statutory Loss Absorption"** have the meanings ascribed thereto in Condition 6(j) (*Statutory Loss Absorption of Subordinated Notes*) of the Terms and Conditions of the Subordinated Notes.

Ratings

The Issuer's long term credit ratings are: A from Standard & Poor's Credit Market Services France SAS ("**S&P**"), A2 from Moody's Investors Service, Limited ("**Moody's**") and A from Fitch Ratings Ltd. ("**Fitch**").

An S&P's issuer credit rating is a forward-looking opinion about an obligor's overall creditworthiness in order to pay its financial obligations. This opinion focuses on the obligor's capacity and willingness to meet its financial commitments as they come due. It does not apply to any specific financial obligation, as it does not take into account the nature of and provisions of the obligation, its standing in bankruptcy or liquidation, statutory preferences, or the legality and enforceability of the obligation.

The purpose of Moody's ratings is to provide investors with a simple system of gradation by which relative creditworthiness of securities may be noted. Gradations of creditworthiness are indicated by rating symbols, with each symbol representing a group in which the credit characteristics are broadly the same. Issuer Ratings are opinions of the ability of entities to honour senior unsecured financial counterparty obligations and contracts. As such, Issuer Ratings incorporate any external support that is expected to apply to all current and future issuance of senior unsecured financial obligations and contracts, such as explicit support stemming from a guarantee of all senior unsecured financial obligations and contracts, and/or implicit support for issuers subject to joint default analysis (e.g. banks and government-related issuers). Issuer Ratings do not incorporate support arrangements, such as guarantees, that apply only to specific (but not to all) senior unsecured financial obligations and contracts.

Fitch's credit ratings provide an opinion on the relative ability of an entity to meet financial commitments, such as interest, preferred dividends, repayment of principal, insurance claims or counterparty obligations. Credit ratings are used by investors as indications of the likelihood of receiving their money back in accordance with the terms on which they invested. Fitch's credit ratings cover the global spectrum of corporate, sovereign (including supranational and sub-national), financial, bank, insurance, municipal and other public finance entities and the securities or other obligations they issue, as well as structured finance securities backed by receivables or other financial assets. The rating is not a recommendation or suggestion, directly or indirectly, to buy, sell, make or hold any investment, loan or security or any Issuer. The ratings do not comment on the adequacy of market price, the suitability of any investment, loan or security for a particular investor (including without limitation, any accounting and/or regulatory treatment), or the tax-exempt nature or taxability of payments made in respect of any investment, loan or security.

This information has been accurately reproduced and as far as the Issuer is aware and is able to ascertain from information published by S&P, Moody's and Fitch, no facts have been omitted which would render the reproduced information inaccurate or misleading.

Notes issued pursuant to the Programme may be rated or unrated. Where an issue of Notes is rated, its rating will be specified in the applicable Final Terms.

Whether or not each credit rating applied for in relation to the relevant Series of Notes will be issued by a credit rating agency established in the European Union and registered under the EU Credit Rating Agency Regulation (EC No. 1060/2009) will be specified in the applicable Final Terms.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

If so specified in the applicable Final Terms the Issuer may, if certain conditions have been fulfilled, with the consent of the Subordinated Noteholders which will be deemed to have been given in respect of each issue of Subordinated Notes on which no payment of principal or interest on any of the Subordinated Notes is in default and after written approval of the Relevant Regulator, be replaced and substituted by any directly or indirectly wholly-owned subsidiary of the Issuer as principal debtor in respect of the Subordinated Notes.

Certain Tranches of Notes with a denomination of less than EUR100,000 (or its equivalent in any other currency) may, subject as provided below, be offered in any member state of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. Any such offer is referred to as a "Public Offer".

This Base Prospectus has been prepared on a basis that permits Public Offers of Notes in The Netherlands (a "**Public Offer Jurisdiction**"). Any person making or intending to make a Public Offer of Notes in a Public Offer Jurisdiction on the basis of this Base Prospectus must do so only with the consent of the Issuer— see "Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)" below.

Prospectus for the purposes of the relevant Public Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

SETTLEMENT, CLEARANCE AND CUSTODY

The following is a summary of the settlement, clearance and custody arrangements for the Notes.

The Issuer shall not be liable for the failure of (a) Euroclear or Clearstream, Luxembourg to pay any accountholder, and (b) any accountholder to pay the ultimate investors on whose behalf they act as nominee or custodian (whether via an Intermediary or otherwise), once payment has been made by, or on behalf of, the Issuer to Euroclear and/or Clearstream, Luxembourg. See the section headed "Risk Factors" above.

Holding of the Notes through a clearing system: Settlement and clearance of the Notes within Euroclear and Clearstream, Luxembourg or Euroclear Netherlands

The Notes of each Series are to be held through Euroclear and Clearstream, Luxembourg or Euroclear Netherlands, three large international clearing systems for securities.

Clearstream, Luxembourg: Clearstream, Luxembourg is incorporated under the laws of the Grand Duchy of Luxembourg. Clearstream, Luxembourg is registered as a bank in Luxembourg and as such is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (CSSF). Clearstream, Luxembourg as operator of a securities settlement system under Luxembourg law is also supervised by the Central Bank of Luxembourg according to the law of 10 November 2009 on payment services. The address of Clearstream, Luxembourg is 42 Avenue J.F. Kennedy L-1855 Luxembourg.

Euroclear: Euroclear is a provider of settlement and related securities services for cross-border transactions involving domestic and international bonds, equities, derivatives and investment funds. Euroclear holds securities and book-entry interests in securities for participating organisations and facilitates the clearance and settlement of securities transactions between participants as defined in the Terms and Conditions governing use of Euroclear (T&C). Euroclear is also a specialised settlement bank, authorised to provide certain banking services. These facilitate settlement and enable clients to optimise their assets. Non-participants in the Euroclear System as defined in the T&C may hold and transfer book-entry interests in the securities as defined in the T&C through direct accounts with a participant in the Euroclear System or indirectly via a securities intermediary that holds a book-entry interest in the securities through Euroclear. The address of Euroclear is 1 Boulevard du Roi Albert II, B.1210 Brussels, Belgium.

Euroclear Netherlands: Euroclear Netherlands is the business name for the central institute under the Dutch Securities Transfer Giro Act (*Wet giraal effectenverkeer*) with the statutory name Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V., formerly known as NECIGEF. Euroclear Netherlands acts as the Central Securities Depository and is supervised by the Minister of Finance. In May 2002, NECIGEF was taken over by the Euroclear Group, a group of companies founded in Belgium that work together in post trade services. Euroclear Netherlands is the service provider of the ESES platform, together with Euroclear Belgium and Euroclear France. The system provides real-time settlement services for equities, capital and money market paper. In addition to its real-time settlement services, Euroclear Netherlands offers custody and securities administration services and manages giro-based securities transfers on behalf of its clients, including (i) the registration of master data (stock classes and contacts); (ii) account administration (holdings and clients); and (iii) transactions settlement (giro-based securities transfers and management). Access to Euroclear Netherlands under its admission policy is available to credit institutions and investment firms. Euroclear Netherlands may include securities as defined in the Securities Giro Transfer Act in its book-entry system and, subsequently will keep the respective securities in custody. Euroclear Netherlands accepts securities in registered form and bearer form embodied in a global note. The address of Euroclear Netherlands is Herengracht 459-469, 1017 BS Amsterdam, The Netherlands.

Custodial and depository links have been established with Euroclear, Clearstream, Luxembourg and Euroclear Netherlands to facilitate the initial issue and settlement of the Notes and cross-market transfers of the Notes associated with secondary trading. Euroclear, Clearstream, Luxembourg and Euroclear

Netherlands each holds securities for participating organisations and facilitates the clearance and settlement of securities transactions between their respective participants through electronic book-entry changes in the accounts of such participants, eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Interests in Notes will be held through financial institutions as direct and indirect participants in Euroclear, Clearstream, Luxembourg or Euroclear Netherlands. Euroclear, Clearstream, Luxembourg or Euroclear Netherlands, as the case may be, and every other intermediate holder in the chain to the ultimate economic ownership of book-entry interests in the Global Notes, will be responsible for establishing and maintaining accounts for their participants and customers having interests in the book-entry interests in the relevant Notes.

The Issuer will not impose any fees in respect of the Notes. Prospective investors should note, however, that they may be required to bear certain fees and charges for custodial, nominee, transfer and clearing services charged by the relevant clearing system(s) and/or any intermediaries for the holding, transfer or redemption of the Notes. Prospective investors in Notes should contact any relevant intermediaries for further details of these fees and charges.

Selling the Notes: Trading in Euroclear, Clearstream, Luxembourg and Euroclear Netherlands

Secondary market sales of book-entry interests in the Global Notes will be conducted in accordance with the normal rules and operating procedures of Euroclear, Clearstream, Luxembourg and Euroclear Netherlands. Euroclear, Clearstream, Luxembourg and Euroclear Netherlands are under no obligation to perform or to continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Arranger, any Dealer or the Agent will have any responsibility for the performance by Euroclear, Clearstream, Luxembourg or Euroclear Netherlands or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

Holding and selling the Notes through a clearing system other than Euroclear, Clearstream, Luxembourg or Euroclear Netherlands

Secondary market sales of interests in the Global Notes may be conducted in accordance with the normal rules and operating procedures of the domestic clearing system or interests in the Global Notes may be transferred to a direct or indirect participant of another clearing system in accordance with the standard arrangements for such cross-market transfers. None of Euroclear, Clearstream, Luxembourg, Euroclear Netherlands nor any other clearing system is under any obligation to perform or to continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Arranger, the relevant Dealer or the Agent will have any responsibility for the performance by Euroclear, Clearstream, Luxembourg, Euroclear Netherlands any other clearing or settlements system or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

Custody arrangements

Since the Global Notes will be deposited with a common depository for Euroclear and Clearstream, Luxembourg or with Euroclear Netherlands, and primary settlement and clearance facilities will be provided by Euroclear and/or Clearstream, Luxembourg and/or Euroclear Netherlands, investors in the Notes must make arrangements for their Notes to be held in custody with an accountholder (or indirect accountholder) of Euroclear or Clearstream, Luxembourg or Euroclear Netherlands, as the case may be. For these purposes, an indirect accountholder of Euroclear or Clearstream, Luxembourg or Euroclear Netherlands may include an accountholder of another clearing system in respect of which arrangements have been made for the clearance of Notes of the relevant Series. Consequently, prospective investors in the Notes must have, or open, an investment account with an intermediary which is an accountholder of Euroclear or Clearstream, Luxembourg or Euroclear Netherlands (as the case may be) or another clearing system in respect of which arrangements have been made to settle and clear the Notes. Intermediaries may charge a fee for the opening

and operation of an investment account. The fees charged by one intermediary may differ from those charged by another intermediary and prospective investors should contact any intermediaries they may appoint directly for such information. Most banks and securities dealers in major financial centres worldwide maintain, or have access to, an account with, Euroclear or Clearstream, Luxembourg or Euroclear Netherlands (as the case may be) through which Notes may be held or transferred following issue.

Investment account and other nominee or custodian arrangements with respect to the Notes will be supplied by the intermediaries subject to their standard terms and conditions for the provision of such services. None of the Issuer, the Arranger or the relevant Dealer accept responsibility for the provision of such services or for the consequences of, or arising from, the use of such investment account or custody or nominee services.

FORM OF THE NOTES

Notes will be issued in series (each a "Series"). Each Series may comprise one or more tranches ("Tranches" and each a "Tranche") issued on different dates. The Notes of each Series will all be subject to identical terms, whether as to currency, interest, maturity or otherwise, or terms which are identical except that the issue dates, the amount of the first payment of interest and/or the denomination thereof may be different. The Notes of each Tranche will all be subject to identical terms in all respects except that a Tranche may comprise Notes of different denominations.

Each Tranche of Notes will (unless otherwise specified in the applicable Final Terms) be initially represented by a temporary global note (the "Temporary Global Note") (or, if so specified in the applicable Final Terms, a permanent global note (the "Permanent Global Note", together with the Temporary Global Notes, the "Global Notes" and each a "Global Note")), without interest coupons or talons, which in either case, will:

- (i) if the Global Notes are intended to be issued in new global note ("NGN") form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the "Common Safekeeper") for Euroclear and Clearstream, Luxembourg; and
- (ii) if the Global Notes are not intended to be issued in NGN Form ("CGN"), be delivered to a common depository (the "Common Depository") for Euroclear and Clearstream, Luxembourg and/or any other agreed clearing system or (ii) be deposited with Euroclear Netherlands.

Notes to be held in Euroclear Netherlands may not be issued in NGN form.

Whilst any Note is represented by a Temporary Global Note and subject to TEFRA D selling restrictions, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by the relevant clearing system(s) and the relevant clearing system(s) have given a like certification (based on the certifications they have received) to the Agent. Any reference in this section to the relevant clearing system(s) shall mean the clearing and/or settlement system(s) specified in the applicable Final Terms.

On and after the date (the "Exchange Date") which is not less than 40 days nor (if the Temporary Global Note has been deposited with Euroclear Netherlands) more than 90 days after the date on which the Temporary Global Note is issued, interests in the Temporary Global Note will be exchangeable (free of charge), upon request as described therein, either for interests in a Permanent Global Note without interest coupons or talons or for definitive Notes (as indicated in the applicable Final Terms) in each case (if the Notes are subject to TEFRA D selling restrictions) against certification of beneficial ownership as described in the second sentence of the preceding paragraph. The holder of a Temporary Global Note will not be entitled to collect any payment of interest or principal due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

Pursuant to the Agency Agreement (as defined under "Terms and Conditions of the Notes" below) the Agent shall arrange that, where a Temporary Global Note representing a further Tranche of Notes is issued, the Notes of such Tranche shall be assigned an ISIN and a common code by Euroclear and Clearstream, Luxembourg which are different from the ISIN and common code assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in

Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Payments of principal and interest (if any) on a Permanent Global Note will be made through the relevant clearing system(s) (against presentation or surrender (as the case may be) of the relevant Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification. Definitive Notes will be in the standard euromarket form. Definitive Notes and Global Notes will be to bearer.

A Permanent Global Note will be exchangeable (free of charge), in whole in accordance with the applicable Final Terms, for security printed definitive Notes with, where applicable, interest coupons or coupon sheets and talons attached. Such exchange may be made only upon the occurrence of an Exchange Event. An "Exchange Event" means (1) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands has been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or has announced an intention permanently to cease business or has in fact done so and no successor clearing system is available or (2) the Issuer has or will become obliged to pay additional amounts as provided for or referred to in Condition 7 which would not be required were the Notes represented by the Permanent Global Note in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 13 upon the occurrence of an Exchange Event. In the event of the occurrence of an Exchange Event any holder of an interest in the Global Note may give notice to the Agent requesting exchange and in the event of the occurrence of an Exchange Event as described in (2) above, the Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur no later than 15 days after the date on which the relevant notice is received by the Agent. Global Notes and definitive Notes will be issued pursuant to the Agency Agreement.

In case of Notes represented by a Permanent Global Note deposited with Euroclear Netherlands, on the occurrence of an Exchange Event as described above, an exchange (*uitlevering*) for definitive Notes will only be possible in the limited circumstances as described in the Dutch Securities Giro Transfer Act (*Wet giraal effectenverkeer*, "Wge") and in accordance with the rules and regulations of Euroclear Netherlands.

The following legend will appear on all Global Notes, definitive Notes and interest coupons (including talons) which are subject to TEFRA D selling restrictions:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code of 1986."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of Notes or interest coupons.

The following legend will appear on all Global Notes held through Euroclear Netherlands:

"Notice: This Note is issued for deposit with Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V. ("Euroclear Netherlands") at Amsterdam, The Netherlands. Any person being offered this Note for transfer or any other purpose should be aware that theft or fraud is almost certain to be involved."

A Note may be accelerated by the holder thereof in certain circumstances described in Condition 9 of the Notes. In such circumstances, where any Note is still represented by a Global Note and a holder of such Note so represented and credited to his account with the relevant clearing system(s) (other than Euroclear Netherlands) gives notice that it wishes to accelerate such Note, unless within a period of 15 days payment has been made in full of the amount due in accordance with the terms of such Global Note, holders of interests in such Global Note credited to their accounts with the relevant clearing system(s) (other than Euroclear Netherlands) will become entitled to proceed directly against the Issuer on the basis of statements

of account provided by the relevant clearing system(s) (other than Euroclear Netherlands) on and subject to the terms of the relevant Global Note. In the case of a Global Note deposited with Euroclear Netherlands, the rights of Noteholders will be exercised in accordance with the Wge.

[The Base Prospectus referred to below (as completed by these Final Terms) has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. PART A – CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "**Conditions**") set forth in the base prospectus dated 8 July 2015 [as supplemented by a supplement dated [date]], which [together] constitute[s] a base prospectus (the "**Base Prospectus**") for the purposes of the Prospectus Directive. This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the Base Prospectus. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus. The Base Prospectus has been published on [www.abnamro.com/debtinvestors] Any information contained in or accessible through any website, including [http://www.abnamro.com/ir], does not form a part of the Base Prospectus, unless specifically stated in the Base Prospectus, in any supplement hereto or in any document incorporated or deemed to be incorporated by reference in the Base Prospectus that all or any portion of such information is incorporated by reference in the Base Prospectus.]

[The following alternative language applies if the first tranche of an issue which is being increased was issued under a base prospectus with an earlier date. N.B. when using a post-1 July 2012 approved base prospectus to tap a previous issue under a pre-1 July 2012 approved base prospectus, the final terms in the post-1 July 2012 base prospectus will take different form due to the more restrictive approach to final terms. The Conditions of the original issue being tapped should be reviewed to ensure that they would not require the final terms documenting the further issue to include information which is no longer permitted in final terms. Where the final terms documenting the further issue would need to include such information, it will not be possible to tap using final terms and a drawdown prospectus (incorporating the original Conditions and final terms) will instead need to be prepared.]

Terms used herein shall be deemed to be defined as such for the purposes of the [date] Conditions (the "**Conditions**") in the base prospectus dated [original date] [as supplemented by a supplement dated [date] [which are incorporated by reference in the Base Prospectus dated [•]]. [When adding any other final terms or information consideration should be given as to whether such terms or information constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus under Article 16 of the Prospectus Directive.]

(incorporated in The Netherlands with its statutory seat in Amsterdam and registered in the Commercial Register of the Chamber of Commerce under number 34334259)

Issue of [Aggregate Nominal Amount of Tranche] [Title of Notes] (the "Notes")

under the Programme for the issuance of Medium Term Notes

PART A – CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "Conditions") set forth in the base prospectus dated 8 July 2015 [as supplemented by a supplement dated [date]], which [together] constitute[s] a base prospectus (the "**Base Prospectus**") for the purposes of the Prospectus Directive. This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the Base Prospectus. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus. The Base Prospectus has been published on [www.abnamro.com/debtinvestors] Any information contained in or accessible through any website, including [http://www.abnamro.com/ir], does not form a part of the Base Prospectus, unless specifically stated in the Base Prospectus, in any supplement hereto or in any document incorporated or deemed to be incorporated by reference in the Base Prospectus that all or any portion of such information is incorporated by reference in the Base Prospectus.]

[The following alternative language applies if the first tranche of an issue which is being increased was issued under a base prospectus with an earlier date. N.B. when using a post-1 July 2012 approved base prospectus to tap a previous issue under a pre-1 July 2012 approved base prospectus, the final terms in the post-1 July 2012 base prospectus will take different form due to the more restrictive approach to final terms. The Conditions of the original issue being tapped should be reviewed to ensure that they would not require the final terms documenting the further issue to include information which is no longer permitted in final terms. Where the final terms documenting the further issue would need to include such information, it will not be possible to tap using final terms and a drawdown prospectus (incorporating the original Conditions and final terms) will instead need to be prepared.]

Terms used herein shall be deemed to be defined as such for the purposes of the [date] Conditions (the "**Conditions**") in the base prospectus dated [original date] [as supplemented by a supplement dated [date] [which are incorporated by reference in the Base Prospectus dated [•]]. This document constitutes the Final Terms of the securities described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the base prospectus dated [•] [as supplemented by a supplement dated [date]] which [together] constitute[s] a base prospectus (the "**Base Prospectus**") for the purposes of the Prospectus Directive, save in respect of the Conditions which are extracted from the Base Prospectus dated [original date] [and the supplement(s) to it dated [•]]. Full information on the Issuer and the offer of the securities is only available on the basis of the combination of these Final Terms and the Base Prospectus. The Base Prospectus has been published on [www.abnamro.com/debtinvestors] Any information contained in or accessible through any website, including [http://www.abnamro.com/ir], does not form a part of the Base Prospectus, unless specifically stated in the Base Prospectus, in any supplement hereto or in any document incorporated or deemed to be incorporated by reference in the Base Prospectus that all or any portion of such information is incorporated by reference in the Base Prospectus.]

The expression Prospectus Directive means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measures in the Relevant Member State.

[Include whichever of the following apply or specify as "Not Applicable" (N/A). Note that the numbering should remain as set out below, even if "Not Applicable" is indicated for individual paragraphs or sub-paragraphs. Italics denote directions for completing the Final Terms.]

[When adding any other final terms or information consideration should be given as to whether such terms or information constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus under Article 16 of the Prospectus Directive.]

Except as ordered by a court of competent jurisdiction or as required by law or applicable regulations, the Issuer, the Agent and any Paying Agent may deem and treat the bearer of any Note or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank S.A./N.V. ("**Euroclear**") and/or Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**"), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and any Paying Agent as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal, premium (if any) or interest on the Notes, for which purpose the bearer of the relevant Global Note shall be treated by the Issuer and any Paying Agent as the holder of such Notes in accordance with and subject to the terms of the relevant Global Note (and the expressions "Noteholder" and "holder of Notes" and related expressions shall be construed accordingly). Notes which are represented by a Global Note held by a common depositary or a common safekeeper for Euroclear or Clearstream, Luxembourg will be transferable only in accordance with the rules and procedures for the time being of Euroclear or of Clearstream, Luxembourg, as the case may be.

Where Notes represented by a permanent Global Note are deposited with Euroclear Netherlands, a Noteholder shall not have the right to request delivery (*utitlevering*) of his Notes under the Wge other than as set out in the Global Note and in accordance with the rules and regulations of Euroclear Netherlands.

References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms but shall not include Euroclear Netherlands.

2. Status of the Senior Notes

The Senior Notes and the relative Coupons constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* without any preference among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory and/or overriding provisions of law.

3. Status and Characteristics relating to Subordinated Notes

Condition 3(a) will apply in respect of the Subordinated Notes for so long as any Existing Subordinated Note is outstanding. Upon redemption or repurchase and cancellation of the full outstanding principal amount of the Existing Subordinated Notes (the "**Existing Subordinated Notes Redemption Event**"), Condition 3(b) will automatically replace and supersede Condition 3(a).

"**Existing Subordinated Notes**" means any instrument or loan issued or incurred before 1 January 2013, whether publicly or privately placed, ranking or expressed to be ranking *pari passu* with all other subordinated obligations (except for those subordinated obligations expressed by their terms to rank junior), provided that should any such Existing Subordinated Notes be amended in any way (contractually or by statute) which would result in allowing the Issuer to issue subordinated notes ranking senior thereto, then such Subordinated Notes would be deemed to no longer constitute part of Existing Subordinated Notes. For the avoidance of doubt, on 1 June 2015 Existing Subordinated Notes included the following publicly placed instruments with the following ISIN / CUSIP Codes:

ISIN	Issue Size	Currency	Coupon	Issue Date	Final Maturity Date	First Call Date

The Subordinated Notes of this Series may qualify as Tier 2 capital ("**Tier 2 Notes**") as specified in the applicable Final Terms for the purposes of the regulatory capital rules applicable to the Issuer from time to time.

(a) *Prior to the Existing Subordinated Notes Redemption Event:*

The Subordinated Notes and the relative Coupons constitute unsecured and subordinated obligations of the Issuer and rank *pari passu* without any preference among themselves and with all other present and future unsecured and subordinated obligations of the Issuer (other than those subordinated obligations expressed by their terms to rank junior to the Subordinated Notes), save for those preferred by mandatory and/or overriding provisions of law.

The claims of the holders of the Subordinated Notes of this Series and the relative Coupons against the Issuer are:

- (i) in the event of the liquidation or bankruptcy of the Issuer; or

- (ii) in the event that a competent court has declared that the Issuer is in a situation which requires special measures (*noodregeling*) in the interests of all creditors, as referred to in Chapter 3.5.5 of the Dutch Act on financial supervision (*Wet op het financieel toezicht*, the "**Wft**"), and for so long as such situation is in force (such situation being hereinafter referred to as a "Moratorium"),

subordinated to (a) the claims of depositors (other than in respect of those whose deposits are expressed by their terms to rank equally to or lower than the Subordinated Notes), (b) unsubordinated claims with respect to the repayment of borrowed money, (c) other unsubordinated claims.

By virtue of such subordination, payments to a Noteholder will, in the event of liquidation or bankruptcy of the Issuer or in the event of a Moratorium with respect to the Issuer, only be made after, and any set-off by a Noteholder shall be excluded until, all obligations of the Issuer resulting from higher ranking deposits, unsubordinated claims with respect to the repayment of borrowed money and other unsubordinated claims have been satisfied.

(b) As from the Existing Subordinated Notes Redemption Event:

The Subordinated Notes and the relative Coupons constitute unsecured and subordinated obligations of the Issuer and rank (i) *pari passu* without any preference among themselves and with all other present and future unsecured and subordinated obligations of the Issuer (other than those subordinated obligations expressed by their terms or by mandatory and/or overriding provisions of law to rank either in priority to or junior to the Subordinated Notes) and (ii) junior to those subordinated obligations expressed by their terms to rank in priority to the Subordinated Notes and those preferred by mandatory and/or overriding provisions of law.

As a result, the claims of the holders of the Subordinated Notes of this Series and the relative Coupons against the Issuer are:

- (i) in the event of the liquidation or bankruptcy of the Issuer; or
- (ii) in the event that a competent court has declared that the Issuer is in a situation which requires special measures (*noodregeling*) in the interests of all creditors, as referred to in Chapter 3.5.5 of the Dutch Act on financial supervision (*Wet op het financieel toezicht*, the "**Wft**"), and for so long as such situation is in force (such situation being hereinafter referred to as a "**Moratorium**"),

subordinated to (a) the claims of depositors (other than in respect of those whose deposits are expressed by their terms to rank equally to or lower than the Subordinated Notes), (b) unsubordinated claims with respect to the repayment of borrowed money, (c) other unsubordinated claims and (d) subordinated claims expressed by their terms to rank in priority to the Subordinated Notes (collectively, "**Senior Claims**").

By virtue of such subordination, payments to a Noteholder will, in the event of the liquidation or bankruptcy of the Issuer or in the event of a Moratorium with respect to the Issuer, only be made after, and any set-off by a Noteholder shall be excluded until, all obligations of the Issuer resulting from Senior Claims have been satisfied.

4. Interest

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding nominal amount from (and including) the

Interest Commencement Date at the rate(s) per annum equal to the Fixed Rate(s) of Interest payable in arrear on the Interest Payment Date(s) in each year up to and including the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the Conditions, "**Fixed Interest Period**" means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (2) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (3) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

If a Business Day Convention is specified in the applicable Final Terms, the number of days for calculating the amount of interest payable in respect of the relevant Fixed Interest Period shall also be adjusted in accordance with such Business Day Convention, unless "Unadjusted" is specified in the applicable Final Terms, in which case such amount of interest shall be calculated as if the relevant Interest Payment Date were not subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

In this Condition, "**Business Day**" means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Business Centre specified in the applicable Final Terms; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than any Business Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System (or any successor thereto) is open. In these Conditions, "**TARGET2 System**" means the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System.

Except in the case of Notes in definitive form, where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

"Day Count Fraction" means, in respect of the calculation of an amount of interest in accordance with this Condition 4:

- (i) if "Actual/Actual (ICMA)" is specified in the applicable Final Terms:
 - (a) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the "Accrual Period") is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; or
 - (b) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year;
- (ii) if "30/360" is specified in the applicable Final Terms, the number of days in the period from and including the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to but excluding the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360; and
- (iii) if "Actual/365 (Fixed)" is specified in the applicable Final Terms, the actual number of days

in the Fixed Interest Period divided by 365.

In these Conditions:

"Determination Period" means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

"euro" means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Communities, as amended; and

"sub-unit" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and with respect to euro, means one cent.

(b) Interest on Floating Rate Notes

(i) Interest Payment Dates

Each Floating Rate Note bears interest on its outstanding nominal amount from (and including) the Interest Commencement Date at the rate equal to the Rate of Interest payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **"Interest Payment Date"**) which falls the number of months or other period specified as the Interest Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in the Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Interest Periods are specified in accordance with Condition 4(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply mutatis mutandis or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the number of months or other period specified as the Interest Period in the applicable Final Terms after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be

postponed to the next day which is a Business Day; or

- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

If a Business Day Convention is specified in the applicable Final Terms, the number of days for calculating the amount of interest payable in respect of the relevant Interest Period shall also be adjusted in accordance with such Business Day Convention, unless "Unadjusted" is specified in the applicable Final Terms, in which case such amount of interest shall be calculated as if the relevant Interest Payment Date were not subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

In this Condition, "**Business Day**" means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Business Centre specified in the applicable Final Terms; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than any Business Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open. In these Conditions, "**TARGET2 System**" means the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms on the following basis:

(A) ISDA Determination

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc., and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "**ISDA Definitions**") and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is the period specified in the applicable Final Terms;
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate ("**LIBOR**") or on the Euro-zone inter-bank offered rate ("**EURIBOR**"), the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms; and
- (4) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent by straight-line linear interpolation by reference to two rates based on the relevant Floating Rate Option, where:
 - (A) one rate shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - (B) the other rate shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period;

provided, however, that if there is no rate available for a period of time next shorter than the length of the relevant Interest Period or, as the case may be, next longer than the length of the relevant Interest Period, then the Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

For the purposes of this sub-paragraph (A), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

When this sub-paragraph (A) applies, in respect of each relevant Interest Period the Agent will be deemed to have discharged its obligations under Condition 4(b)(iv) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this sub-paragraph (A).

(B) Screen Rate Determination

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (2) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent by straight-line linear interpolation by reference to two rates which appear on the Relevant Screen Page as of

the Relevant Time on the relevant Interest Determination Date, where:

- (A) one rate shall be determined as if the Relevant Period were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
- (B) the other rate shall be determined as if the Relevant Period were the period of time for which rates are available next longer than the length of the relevant Interest Period;

provided, however, that if no rate is available for a period of time next shorter or, as the case may be, next longer than the length of the relevant Interest Period, then the Agent shall determine such rate at such time and by reference to such sources as it determines appropriate;

- (3) in any other case, the Agent will determine the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (4) if, in the case of (1) above, such rate does not appear on that page or, in the case of (3) above, fewer than three such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of such quotations;
- (5) if fewer than two such quotations as referred to in (4) above are provided as requested, the Agent will determine the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates as communicated to (and at the request of) the Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Relevant Time on the relevant Interest Determination Date in the Relevant Financial Centre of the Specified Currency, deposits in the Specified Currency for the relevant Interest Period by leading banks in the Relevant Financial Centre of the Specified Currency or, if fewer than two of the Reference Banks provide the Agent with such offered rates, the offered rate for deposits in the Specified Currency for the relevant Interest Period, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for the relevant Interest Period, at which, at approximately the Relevant Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Agent it is quoting to leading banks in the Relevant Financial Centre of the Specified Currency;

- (6) If, in the case of (3) above, five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; provided, however, that if the Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

In this Condition 4, the expression "**Reference Banks**" means, in the case of (1) above, those banks whose offered rates were used to determine such quotation when such quotation last appeared on the Relevant Screen Page and, in the case of (3) above, those banks whose offered quotations last appeared on the Relevant Screen Page when no fewer than three such offered quotations appeared.

(iii) Minimum and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then the Rate of Interest for such Interest Period shall in no event be less than such Minimum Rate of Interest and/or if it specifies a Maximum Rate of Interest for any Interest Period, then the Rate of Interest for such Interest Period shall in no event be greater than such Maximum Rate of Interest.

(iv) Determination of Rate of Interest and Calculation of Interest Amounts

The Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach

the Specified Denomination without any further rounding.

"Day Count Fraction" means, in respect of the calculation of an amount of interest in accordance with this Condition 4(b):

- (i) if "Actual/Actual (ISDA)" or "Actual/Actual" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if "Actual/365 (Fixed)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if "Actual/365 (sterling)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if "Actual/360" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if "30/360", "360/360" or "Bond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (vi) if "30E/360" or "Eurobond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (vii) if "30E/360 (ISDA)" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not

the Maturity Date or (ii) such number would be 31, in which case D_2 will be 30.

(v) Notification of Rate of Interest and Interest Amount

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 13 as soon as possible after their determination but in no event later than the fourth Amsterdam Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 13. If the Calculation Amount is less than the minimum Specified Denomination the Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination. For the purposes of this paragraph (v), the expression "**Amsterdam Business Day**" means a day (other than a Saturday or Sunday) on which banks and foreign exchange markets are open for business in Amsterdam.

(vi) Certificates to be Final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this paragraph (b) by the Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the other Paying Agents and all Noteholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Accrual of Interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13 or individually.

5. Payments

(a) *Method of Payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro or Renminbi will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively);

- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque; and
- (iii) payments in Renminbi will be made by credit or transfer to a Renminbi account maintained in Hong Kong in accordance with prevailing rules and regulations and as further specified in the relevant Global Note.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7.

(b) *Presentation of Notes and Coupons*

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent (in the case of any payments to be made in U.S. dollars, outside the United States (as defined below)).

Fixed Rate Notes in definitive form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due. Upon any Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons in respect of any such Talons will be made or issued, as the case may be.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. Where any such Note is presented for redemption without all unmatured Coupons or Talons relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require. A "Long Maturity Note" is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant Global Note, where applicable, against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any

payment of interest, will be made on such Global Note either by such Paying Agent to which it was presented or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note. No person other than the holder of such Global Note shall have any claim against the Issuer in respect of any payments due on that Global Note.

Notwithstanding the foregoing, U.S. dollar payments of principal and interest in respect of the Notes will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(c) *Payment Day*

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes (unless otherwise specified in the applicable Final Terms), "**Payment Day**" means any day which (subject to Condition 8) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in the case of definitive Notes only: the relevant place of presentation; and
 - (B) any Financial Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (in the case of definitive Notes only)(which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

(d) **Payment of U.S. Dollar Equivalent**

Notwithstanding the foregoing, if by reason of Inconvertibility, Non-transferability or Illiquidity, the Issuer is not able to satisfy payments of principal or interest in respect of the Notes when due in Renminbi in Hong Kong, the Issuer may, on giving not less than five or more than 30 calendar days' irrevocable notice to the Noteholders prior to the due date for payment, settle any such payment in U.S. dollars on the due date at the U.S. Dollar Equivalent of any such Renminbi-denominated amount.

For the purposes of these Conditions, "**U.S. Dollar Equivalent**" means the Renminbi amount converted into U.S. dollars using the Spot Rate for the relevant Determination Date.

For the purpose of this paragraph (d):

"**Calculation Agent**" shall be such person as specified in the applicable Final Terms;

"**CNY**" means the lawful currency of the PRC;

"**Determination Business Day**" means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong, London and in New York City;

"**Determination Date**" means the day which is two Determination Business Days before the due date for any payment of the relevant amount under these Conditions;

"**Governmental Authority**" means any *de facto* or *de jure* government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong;

"**Hong Kong**" means the Hong Kong Special Administrative Region of the PRC;

"**Illiquidity**" means where the general Renminbi exchange market in Hong Kong becomes illiquid and, as a result of which, the Issuer cannot obtain sufficient Renminbi in order to satisfy its obligation to pay interest and principal (in whole or in part) in respect of the Notes as determined by the Issuer in good faith and in a commercially reasonable manner following consultation (if practicable) with two Renminbi Dealers;

"**Inconvertibility**" means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of the Notes in the general Renminbi exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

"**Non-transferability**" means the occurrence of any event that makes it impossible for the Issuer to transfer Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong or from an account outside Hong Kong to an account inside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

"**PRC**" means the People's Republic of China which, for the purpose of these Conditions, shall exclude Hong Kong, the Macau Special Administrative Region of the People's Republic of China and Taiwan;

"**Renminbi**" means the lawful currency of the PRC;

"**Renminbi Dealer**" means an independent foreign exchange dealer of international repute active in the

Renminbi exchange market in Hong Kong; and

"**Spot Rate**" means the spot CNY/U.S. dollar exchange rate for the purchase of U.S. dollars with Renminbi in the over-the-counter Renminbi exchange market in Hong Kong for settlement in two Determination Business Days, as determined by the Calculation Agent at or around 11 a.m. (Hong Kong time) on the Determination Date, on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the Calculation Agent will determine the Spot Rate at or around 11 a.m. (Hong Kong time) on the Determination Date as the most recently available CNY/U.S. dollar official fixing rate for settlement in two Determination Business Days reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuters Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this paragraph (d) by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Paying Agents and all Noteholders.

(e) Interpretation of Principal and Interest

Any reference in the Conditions to principal or nominal amount in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 7;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Zero Coupon Notes, the Amortised Face Amount; and
- (vi) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes,

and shall be deemed to exclude any amount written down or converted (if any) pursuant to Condition 6(j) (*Statutory Loss Absorption of Subordinated Notes*).

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7.

6. Redemption and Purchase

(a) At Maturity

Unless previously redeemed, written down, converted, or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) Redemption for Tax Reasons

Unless otherwise specified in the applicable Final Terms, Notes may be redeemed at the option of

the Issuer in whole, but not in part, at any time (in the case of Notes other than Floating Rate Notes) or on any Interest Payment Date (in the case of Floating Rate Notes), on giving not less than 30 nor more than 60 days' notice to the Noteholders in accordance with Condition 13 (which notice shall be irrevocable) if, on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 or the Issuer will not obtain full or substantially full relief for the purposes of Dutch corporation tax for any interest payable as a result of any change in, or amendment to, the laws or regulations of The Netherlands or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes.

Further, if the Subordinated Notes qualify as Tier 2 Notes, the Issuer must (i) obtain the prior written permission of the Relevant Regulator provided that, at the relevant time, such permission is required to be given pursuant to article 77 CRD IV Regulation and (ii) have demonstrated to the satisfaction of the Relevant Regulator that the Issuer complies with article 78 CRD IV Regulation, which may include requiring the replacement of the Subordinated Notes with own funds instruments of equal or higher quality at terms that are sustainable for the income capacity of the Issuer. The Relevant Regulator may only permit the Issuer to redeem the Subordinated Notes at any time within five years after the Issue Date if, without prejudice to this Condition 6(b), there is a change in the applicable tax treatment of the Subordinated Notes which the Issuer demonstrates to the satisfaction of the Relevant Regulator is material and was not reasonably foreseeable at the time of their issuance.

Each Note redeemed pursuant to this Condition 6(b) will be redeemed at its Early Redemption Amount referred to in paragraph (f) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) *Redemption at the Option of the Issuer (Issuer Call)*

If Issuer Call is specified in the applicable Final Terms, the Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice, or such other period of notice as is specified in the applicable Final Terms, to the Noteholders in accordance with Condition 13; and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Agent, both of which notices shall be irrevocable),

redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s).

Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not higher than the Maximum Redemption Amount, both as indicated (if at all) in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear, Clearstream, Luxembourg and/or Euroclear Netherlands (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 13 not less than 15 days prior to the date fixed for redemption. No exchange of the relevant Global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this sub-paragraph 6(c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 13 at least 5 days prior to the Selection Date.

Further, if the Subordinated Notes qualify as Tier 2 Notes, the Issuer must (i) obtain the prior written permission of the Relevant Regulator provided that, at the relevant time, such permission is required to be given pursuant to article 77 CRD IV Regulation and (ii) have demonstrated to the satisfaction of the Relevant Regulator that the Issuer complies with article 78 CRD IV Regulation, which may include requiring the replacement of the Subordinated Notes with own funds instruments of equal or higher quality at terms that are sustainable for the income capacity of the Issuer.

(d) *Redemption of Notes at the Option of the Noteholders (Investor Put)*

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 13 not less than 15 nor more than 30 days' notice or such other period of notice as is specified in the applicable Final Terms (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

To exercise the right to require redemption of this Note its holder must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands, deliver at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control.

If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg or, if applicable, Euroclear Netherlands, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary or common safekeeper, as the case may be, for them or, if applicable, Euroclear Netherlands to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands from time to time and, if this Note is represented by a Global Note, at the same time present or procure the presentation of the relevant Global Note to the Agent for notation accordingly.

(e) *Redemption, substitution and variation for regulatory purposes of Subordinated Notes*

If Regulatory Call is specified in the Final Terms, upon the occurrence of a Capital Event, the Issuer may at its option, subject to (i) the prior written permission of the Relevant Regulator provided that at the relevant time such permission is required to be given pursuant to article 77 CRD IV Regulation and (ii) the Issuer demonstrating to the satisfaction of the Relevant Regulator that the Issuer complies with article 78 CRD IV Regulation, which may include requiring the replacement of the Subordinated Notes with own funds instruments of equal or higher quality at terms that are sustainable for the income capacity of the Issuer, and having given not less than 30 nor more than 60 days' notice or such other period of notice as is specified in the applicable Final Terms (which notice shall be irrevocable) to the Subordinated Noteholders redeem at any time (in the case of Subordinated Notes other than Floating Rate Notes) or on any Interest Payment Date (in the case of Floating Rate Notes), in accordance with the Conditions, all, but not some only, of the Subordinated Notes at the Optional Redemption Amount specified in the applicable Final Terms together with accrued interest (if any) to but excluding the date of redemption.

A "**Capital Event**" shall occur if there is a change in the regulatory classification of the Subordinated Notes that has resulted or would be likely to result in the Subordinated Notes being excluded, in whole but not in part, from the Tier 2 capital (within the meaning of the CRD IV Regulation) of the Issuer or reclassified as a lower quality form of own funds of the Issuer, which change in regulatory classification (or reclassification) (i) becomes effective on or after the Issue Date and, if redeemed within five years after the Issue Date, (ii) is considered by the Relevant Regulator to be sufficiently certain and (iii) the Issuer has demonstrated to the satisfaction of the Relevant Regulator was not reasonably foreseeable at the time of their issuance as required by article 78(4) CRD IV Regulation.

If Variation or Substitution is specified in the applicable Final Terms and if a CRD IV Capital Event or a Capital Event has occurred and is continuing, then the Issuer may, subject to the prior written permission of the Relevant Regulator provided that at the relevant time such permission is required to be given (but without any requirement for the consent or approval of the Subordinated Noteholders) and having given not less than 30 nor more than 60 days' notice (which notice shall be irrevocable) to the Subordinated Noteholders, either substitute all, but not some only, of the Subordinated Notes or vary the terms of the Subordinated Notes so that they remain or, as appropriate, become compliant with CRD IV or such other regulatory capital rules applicable to the Issuer at the relevant time. Upon the expiry of the notice referred to above, the Issuer shall either vary the terms of, or substitute, the Subordinated Notes in accordance with this Condition 6(e), as the case may be, provided that such substitution or variation shall not result in terms that are materially less favourable to the Subordinated Noteholders. For the avoidance of doubt, the Relevant Regulator has discretion as to whether or not it will approve any such substitution or variation of the Subordinated Notes.

Following such variation or substitution the resulting securities shall (1) have a ranking at least equal to that of the Subordinated Notes, (2) have at least the same interest rate and the same interest payment dates as those from time to time applying to the Subordinated Notes, (3) have the same maturity date and redemption rights as the Subordinated Notes, (4) preserve any existing rights under the Subordinated Notes to any accrued interest which has not been paid in respect of the period from (and including) the interest payment date last preceding the date of variation or substitution, (5) have assigned (or maintain) the same credit ratings as were assigned to the Subordinated Notes immediately prior to such variation or substitution and (6) be listed on a recognised stock exchange if the Subordinated Notes were listed immediately prior to such variation or substitution.

In these Conditions:

"**CRD IV Capital Event**" is deemed to have occurred if the whole of the outstanding nominal amount of the Subordinated Notes can no longer be included in full in the Tier 2 capital of the Issuer by reason of their non-compliance with CRD IV or such other regulatory capital rules applicable to the Issuer at the relevant time;

"**CRD IV**" means together, (i) the CRD IV Directive, (ii) the CRD IV Regulation and (iii) the Future Capital Instruments Regulations;

"**CRD IV Directive**" means Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms, amending Directive 2002/87/EC and repealing Directives 2006/48/EC and 2006/49/EC (as amended from time to time);

"**CRD IV Regulation**" means Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012 (as amended from time to time); and

"**Future Capital Instruments Regulations**" means any regulatory capital rules implementing the CRD IV Regulation or the CRD IV Directive which may from time to time be introduced, including, but not limited

to, delegated or implementing acts (regulatory technical standards or implementing technical standards) adopted by the European Commission, national laws and regulations, and regulations and guidelines issued by the European Central Bank, Dutch Central Bank (*De Nederlandsche Bank N.V.*), the European Banking Authority or other relevant authority, which are applicable to the Issuer (on a solo or consolidated basis) and which lay down the requirements to be fulfilled by financial instruments for inclusion in the regulatory capital of the Issuer (on a solo or consolidated basis) as required by (i) the CRD IV Regulation or (ii) the CRD IV Directive.

"**Relevant Regulator**" means the European Central Bank, the Dutch Central Bank (*De Nederlandsche Bank N.V.*, "DNB") or other authority having primary responsibility for the prudential oversight and supervision of the Issuer, as determined by the Issuer.

(f) Early Redemption Amounts

Subject to paragraph (j) below, for the purpose of paragraph (b) above and Condition 9, each Note will be redeemed at its Early Redemption Amount calculated as follows:

- (i) in the case of a Note with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of a Zero Coupon Note, at an amount (the "Amortised Face Amount") equal to the product of:
 - (A) the Reference Price; and
 - (B) the sum of the figure 1 and the Accrual Yield, raised to the power of x, where "x" is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is 360, or on such other Day Count Fraction as defined in Condition 4(b)(iv) as may be specified in the applicable Final Terms; and
- (iii) in any other case, at the amount specified in the applicable Final Terms or, if no such amount is so specified in the Final Terms, at their nominal amount.

(g) Purchases

The Issuer or any of its subsidiaries may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, re-issued, resold or, at the option of the Issuer, surrendered to any Paying Agent for cancellation. The purchase by the Issuer or any of its subsidiaries of Subordinated Notes qualifying as Tier 2 Notes shall be subject to the prior written permission of the Relevant Regulator, provided that at the relevant time such permission is required to be given, and may not take place within 5 years after the Issue Date unless permitted under applicable laws and regulations (including CRDIV as then in effect).

(h) Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to paragraph (g) above (together with all unmatured Coupons cancelled therewith) shall be forwarded to the Agent and cannot be re-issued or resold.

(i) *Late Payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph 6(f)(ii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholders, in accordance with Condition 13.

(j) *Statutory Loss Absorption of Subordinated Notes*

Subordinated Notes may become subject to the determination by the relevant Resolution Authority or the Issuer (following instructions from the relevant Resolution Authority) that all or part of the nominal amount of the Subordinated Notes, including accrued but unpaid interest in respect thereof, must be written down, reduced, redeemed and cancelled or converted into common equity Tier 1 instruments or otherwise be applied to absorb losses, all as prescribed by the Applicable Resolution Framework ("**Statutory Loss Absorption**"). Upon any such determination, (i) the relevant proportion of the outstanding nominal amount of the Subordinated Notes subject to Statutory Loss Absorption shall be written down, reduced, redeemed and cancelled or converted into common equity Tier 1 instruments or otherwise be applied to absorb losses, as prescribed by the Applicable Resolution Framework, (ii) such Statutory Loss Absorption shall not constitute an Event of Default and (iii) the Subordinated Noteholders will have no further claims in respect of the amount so written down or subject to conversion or otherwise as a result of such Statutory Loss Absorption.

Upon any write down or conversion of a proportion of the outstanding nominal amount of the Subordinated Notes, any reference in these Conditions to principal, nominal amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount of the Subordinated Notes shall be deemed to be to the amount resulting after such write down or conversion.

In addition, subject to the determination by the relevant Resolution Authority and without the consent of the Noteholders, the Subordinated Notes may be subject to other resolution measures as envisaged under the Applicable Resolution Framework, such as replacement or substitution of the Issuer, transfer of the Subordinated Notes, expropriation of Noteholders, modification of the terms of the Subordinated Notes and/or suspension or termination of the listings of the Subordinated Notes. Such determination, the implementation thereof and the rights of Noteholders shall be as prescribed by the Applicable Resolution Framework, which may include the concept that, upon such determination, no Noteholder shall be entitled to claim any indemnification or payment in respect of any tax or other consequences arising from any such event and that any such event shall not constitute an Event of Default.

In these Conditions:

"**Applicable Resolution Framework**" means any relevant laws and regulations applicable to the Issuer at the relevant time pursuant to, or which implement, or are enacted within the context of Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms and amending Council Directive 82/891/EEC, and Directives 2001/24/EC, 2002/47/EC, 2004/25/EC, 2005/56/EC, 2007/36/EC, 2011/35/EU, 2012/30/EU and 2013/36/EU and Regulations (EU) No 1093/2010 and (EU) No 648/2012, of the European Parliament and of the Council, or any other resolution or recovery rules which may from time to time be applicable to the

Issuer, including Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010; and

"**Resolution Authority**" means the European Single Resolution Board, the European Central Bank, the Dutch Central Bank (*De Nederlandsche Bank N.V.*) or such other regulatory authority or governmental body having the power to impose Statutory Loss Absorption on the Subordinated Notes pursuant to the Applicable Resolution Framework.

7. Taxation

All payments of principal and interest in respect of the Notes and Coupons by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of The Netherlands or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the Issuer will, depending on which provision is specified in the applicable Final Terms, either:

- (a) make the required withholding or deduction of such taxes, duties, assessments or governmental charges for the account of the holders of the Notes or Coupons, as the case may be, and shall not pay any additional amounts to the holders of the Notes or Coupons; or
- (b) pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:
 - (i) presented for payment by or on behalf of a Noteholder or Couponholder who is liable for such taxes or duties in respect of such Note or Coupon by reason of his having some connection with The Netherlands other than the mere holding of such Note or Coupon or the receipt of principal or interest in respect thereof; or
 - (ii) presented for payment by or on behalf of a Noteholder or Couponholder who would not be liable or subject to the withholding or deduction by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority; or
 - (iii) presented for payment by or on behalf of a Noteholder or Couponholder who would have been able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent in a Member State of the European Union; or
 - (iv) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 5(c)); or
 - (v) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive.

The Issuer shall be permitted to withhold or deduct any amounts required by the rules of U.S. Internal Revenue Code Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter-governmental agreement or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**FATCA Withholding**") as a result of a holder, beneficial owner or an intermediary that is not an agent of the Issuer not being entitled to receive payments free of FATCA Withholding. The Issuer will have no obligation to pay additional amounts or otherwise indemnify an investor for any such FATCA Withholding deducted or withheld by the Issuer, the paying agent or any other party.

As used herein, the "**Relevant Date**" means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 13.

8. Prescription

The Notes and Coupons will become void unless claims in respect of principal and/or interest are made within a period of five years after the Relevant Date (as defined in Condition 7) therefore.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 5(b) or any Talon which would be void pursuant to Condition 5(b).

9. Events of Default

(a) Senior Notes

In the case of Senior Notes only, if any one or more of the following events (each an "**Event of Default**") shall have occurred and be continuing:

- (i) default is made for more than 30 days in the payment of interest or principal in respect of the Notes; or
- (ii) the Issuer fails to perform or observe any of its other obligations under the Notes and such failure has continued for the period of 60 days next following the service on the Issuer of notice requiring the same to be remedied; or
- (iii) the Issuer is declared bankrupt, or a declaration in respect of the Issuer is made under article 3:163(1)(b) of the Wft; or
- (iv) an order is made or an effective resolution is passed for the winding up or liquidation of the Issuer unless this is done in connection with a merger, consolidation or other form of combination with another company and such company assumes all obligations contracted by the Issuer in connection with the Notes,

then any Noteholder may, by written notice to the Issuer at the specified office of the Agent, effective upon the date of receipt thereof by the Agent, declare the Note held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at its Early Redemption Amount (as described in Condition (f)6), together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

(b) Subordinated Notes

In the case of Subordinated Notes only, if any of the following events (each an “**Event of Default**”) shall have occurred and be continuing:

- (i) the Issuer is declared bankrupt, or a declaration in respect of the Issuer is made under article 3:163(1)(b) of the Wft; or
- (ii) an order is made or an effective resolution is passed for the winding up or liquidation of the Issuer unless this is done in connection with a merger, consolidation or other form of combination with another company and such company assumes all obligations contracted by the Issuer in connection with the Notes,

then any Noteholder may, by written notice to the Issuer at the specified office of the Agent, effective upon the date of receipt thereof by the Agent, declare the Note held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at its Early Redemption Amount (as described in Condition 6(f)), together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind provided that repayment of Subordinated Notes under this Condition 9 that qualify as Tier 2 Notes will only be effected after the Issuer has obtained the prior written permission of the Relevant Regulator provided that at the relevant time such permission is required to be given.

10. Replacement of Notes, Coupons and Talons

Should any Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

11. Agent and Paying Agents

The names of the initial Agent and the other initial Paying Agents and their initial specified offices are set out below.

The Issuer is entitled to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

- (i) so long as the Notes are listed on any stock exchange, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange;
- (ii) there will at all times be a Paying Agent with a specified office in a city in continental Europe;
- (iii) there will at all times be an Agent; and
- (iv) save to the extent satisfied by (i) above or (ii) above, there will at all times be a Paying Agent with a specified office in a European Union member state that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York

City in the circumstances described in the final paragraph of Condition 5(b). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 13.

12. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 8. Each Talon shall, for the purposes of the Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

13. Notices

All notices regarding the Notes shall be published (i) in at least one daily newspaper of wide circulation in The Netherlands, which is expected to be *Het Financieele Dagblad*, (ii) (unless otherwise specified in the applicable Final Terms) in a leading English language daily newspaper of general circulation in London, which is expected to be the *Financial Times*, and (iii) if and for so long as the Notes are listed on Euronext Amsterdam and Euronext Amsterdam so requires, by the delivery of the relevant notice to Euronext Amsterdam and through a press release which will also be made available on the website of the Issuer (www.abnamro.com). Any such notice will be deemed to have been given on the date of the first publication in all the newspapers in which such publication is required to be made.

Until such time as any definitive Notes are issued, there may (provided that, in the case of any publication required by a stock exchange, the rules of the stock exchange so permit), so long as the Global Note(s) is or are held in its or their entirety on behalf of Euroclear and Clearstream, Luxembourg, be substituted for publication in some or all of the newspapers referred to above, the delivery of the relevant notice to Euroclear and Clearstream, Luxembourg for communication by them to the holders of the Notes, provided that for so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will also be published in the manner required by those rules. Any such notice shall be deemed to have been given to the holders of the Notes on the seventh day after the day on which the said notice was given to Euroclear and Clearstream, Luxembourg.

Notices to be given by any holder of the Notes shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Agent via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

14. Meetings of Noteholders, Modification and Waiver

The Agency Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Coupons or certain provisions of the Agency Agreement. Such a meeting may be convened by the Issuer or Noteholders holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes or Coupons (including modifying the date

of maturity of the Notes or any date for payment of interest thereof, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes or Coupons), the necessary quorum for passing an Extraordinary Resolution will be one or more persons holding or representing not less than two-thirds, or at any adjourned such meeting not less than one-third, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Couponholders.

The Agent and the Issuer may agree, without the consent of the Noteholders or Couponholders, to:

- (a) any modification (except as mentioned above) of the Agency Agreement which is not materially prejudicial to the interests of the Noteholders; or
- (b) any modification of the Notes, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated; or
- (c) in accordance with Condition 6(e), substitution of the Subordinated Notes or variation of the terms of the Subordinated Notes in order to ensure that such substituted or varied Subordinated Notes continue to qualify as Tier 2 Notes under CRD IV or such other regulatory capital rules applicable to the Issuer at the relevant time.

Any such modification shall be binding on the Noteholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 13 as soon as practicable thereafter.

Any amendment to Condition 6(j) (*Statutory loss absorption of Subordinated Notes*) or which impacts upon the eligibility of the Notes for eligibility as Tier 2 Notes is subject to the prior written permission of the Relevant Regulator and/or the relevant Resolution Authority (provided that, at the relevant time, such permission is required to be given).

15. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders or Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

16. Substitution of the Issuer

- (a) The Issuer may, with the consent of the Noteholders or Couponholders which will be deemed to have been given in respect of each issue of Notes on which no payment of principal of or interest on any of the Notes is in default and, in the case of an issue of Subordinated Notes, after written approval of the Relevant Regulator, be replaced and substituted by either (A) any directly or indirectly wholly owned subsidiary of the Issuer or (only in the case of Senior Notes) (B) ABN AMRO Group N.V. (such substituting entity, the "**Substituted Debtor**") as principal debtor in respect of the Notes and the relative Coupons provided that:
 - (i) such documents shall be executed by the Substituted Debtor and the Issuer as may be necessary to give full effect to the substitution (the "**Documents**") and (without limiting the generality of the foregoing) pursuant to which the Substituted Debtor shall undertake in favour of each Noteholder and Couponholder to be bound by the Conditions of the Notes and the provisions of the Agency Agreement as fully as if the Substituted Debtor had been named in the Notes, and the relative Coupons and the Agency Agreement as the principal

debtor in respect of the Notes and the relative Coupons in place of the Issuer and pursuant to which the Issuer shall guarantee, which guarantee shall be unconditional and irrevocable, (the "**Guarantee**") in favour of each Noteholder and each holder of the relative Coupons the payment of all sums (including any additional amounts payable pursuant to Condition 7) payable in respect of the Notes and the relative Coupons;

- (ii) where the Substituted Debtor is incorporated, domiciled or resident for taxation purposes in a territory other than The Netherlands, the Documents shall contain a covenant and/or such other provisions as may be necessary to ensure that each Noteholder has the benefit of a covenant in terms corresponding to the provisions of Condition 7 with the substitution for the references to The Netherlands of references to the territory in which the Substituted Debtor is incorporated, domiciled and/or resident for taxation purposes. The Documents shall also contain a covenant by the Substituted Debtor and the Issuer to indemnify and hold harmless each Noteholder and Couponholder against all liabilities, costs, charges and expenses, provided that insofar as the liabilities, costs, charges and expenses are taxes or duties, the same arise by reason of a law or regulation having legal effect or being in reasonable contemplation thereof on the date such substitution becomes effective, which may be incurred by or levied against such holder as a result of any substitution pursuant to this Condition 16 and which would not have been so incurred or levied had such substitution not been made (and, without limiting the foregoing, such liabilities, costs, charges and expenses shall include any and all taxes or duties which are imposed on any such Noteholder or Couponholder by any political sub-division or taxing authority of any country in which such Noteholder or Couponholder resides or is subject to any such tax or duty and which would not have been so imposed had such substitution not been made);
 - (iii) the Documents shall contain a warranty and representation by the Substituted Debtor and the Issuer (a) that each of the Substituted Debtor and the Issuer has obtained all necessary governmental and regulatory approvals and consents for such substitution and the performance of its obligations under the Documents, and that all such approvals and consents are in full force and effect and (b) that the obligations assumed by each of the Substituted Debtor and the Issuer under the Documents are all valid and binding in accordance with their respective terms and enforceable by each Noteholder;
 - (iv) each stock exchange which has Notes listed thereon or the relevant competent authority relating thereto shall have confirmed that following the proposed substitution of the Substituted Debtor such Notes would continue to be listed on such stock exchange;
 - (v) the Substituted Debtor shall have delivered to the Agent or procured the delivery to the Agent of a legal opinion from a leading firm of local lawyers acting for the Substituted Debtor to the effect that the Documents constitute legal, valid and binding obligations of the Substituted Debtor, such opinion to be dated not more than three days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders and Couponholders at the specified office of the Agent; and
 - (vi) the Issuer shall have delivered to the Agent or procured the delivery to the Agent of a legal opinion from a leading firm of Dutch lawyers to the effect that the Documents (including the Guarantee) constitute legal, valid and binding obligations of the Substituted Debtor and the Issuer under Dutch law, such opinion to be dated not more than three days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders and Couponholders at the specified office of the Agent.
- (b) In connection with any substitution effected pursuant to this Condition, neither the Issuer nor the Substituted Debtor need have any regard to the consequences of any such substitution for individual Noteholders or Couponholders resulting from their being for any purpose domiciled or resident in, or

otherwise connected with, or subject to the jurisdiction of, any particular territory and no Noteholder or Couponholder, except as provided in paragraph (a)(ii) above, shall be entitled to claim from the Issuer or any Substituted Debtor under the Notes and the relative Coupons any indemnification or payment in respect of any tax or other consequences arising from such substitution.

- (c) In respect of any substitution pursuant to this Condition in respect of the Subordinated Notes of any Series, the Documents shall provide for such further amendment of the Conditions of the Subordinated Notes as shall be necessary or desirable to ensure that the Subordinated Notes of such Series constitute subordinated obligations of the Substituted Debtor and that the Guarantee constitutes a subordinated obligation of the Issuer, in each case subordinated to no greater than the same extent as the Issuer's obligations prior to its substitution to make payments of principal in respect of the Subordinated Notes of such Series under Condition 3 of the Conditions.
- (d) With respect to Subordinated Notes, the Issuer shall be entitled, after written approval of DNB and by notice to the Noteholders given in accordance with Condition 13, at any time either to effect a substitution which does not comply with paragraph (c) above provided that the terms of such substitution have been approved by an Extraordinary Resolution of the Noteholders or to waive all and any rights to effect a substitution of the principal debtor pursuant to this Condition. Any such notice of waiver shall be irrevocable.
- (e) Upon the execution of the Documents as referred to in paragraph (a) above, and subject to the notice as referred to in paragraph (g) below having been given, the Substituted Debtor shall be deemed to be named in the Notes and the relative Coupons as the principal debtor in place of the Issuer and the Notes and the relative Coupons shall thereupon be deemed to be amended to give effect to the substitution. The execution of the Documents shall operate to release the Issuer as issuer from all of its obligations as principal debtor in respect of the Notes and the relative Coupons save that any claims under the Notes and the relative Coupons prior to release shall ensure for the benefit of Noteholders and Couponholders.
- (f) The Documents shall be deposited with and held by the Agent for so long as any Notes or Coupons remain outstanding and for so long as any claim made against the Substituted Debtor by any Noteholder or Couponholder in relation to the Notes or the relative Coupons or the Documents shall not have been finally adjudicated, settled or discharged. The Substituted Debtor and the Issuer shall acknowledge in the Documents the right of every Noteholder and Couponholder to the production of the Documents for the enforcement of any of the Notes or the relative Coupons or the Documents.
- (g) Not later than 15 business days after the execution of the Documents, the Substituted Debtor shall give notice thereof to the Noteholders in accordance with Condition 13.
- (h) This Condition 16 is only applicable to the Subordinated Notes if the applicable Final Terms so specify.

17. Governing Law and Jurisdiction

(a) *Governing Law*

The Notes, the Coupons and the Talons and any non-contractual obligations arising out of or in connection therewith are governed by, and shall be construed in accordance with, the laws of The Netherlands, including the choice of court agreement set out below in condition 17 (b) (*Jurisdiction*).

(b) *Jurisdiction*

The Issuer irrevocably agrees, for the benefit of the Noteholders, the Couponholders and the Talonholders, that the courts of Amsterdam are to have exclusive jurisdiction to settle any disputes which

may arise out of or in connection with the Notes, the Coupons and/or the Talons (including a dispute relating to any non-contractual obligations arising out of or in connection with the Notes, the Coupons and/or the Talons) and accordingly submits to the exclusive jurisdiction of the Amsterdam courts.

USE OF PROCEEDS

Except as otherwise specified in the applicable Final Terms, the net proceeds from each issue of Notes will be applied by the Issuer for its general corporate purposes, which include making a profit and/or hedging certain risks. If, in respect of any particular issue, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms if so required pursuant to applicable law.

In particular, if so specified in the applicable Final Terms, the Issuer will apply the net proceeds from an offer of Notes specifically for projects and activities that promote climate and other environmental purposes ("**Green Projects**"). Such Notes may also be referred to as "**Green Bonds**". If such Green Bonds will be issued, the applicable Final Terms will specify for which category of Green Projects the proceeds of the Green Bonds will be used.

TAXATION

TAXATION IN THE NETHERLANDS

The following summary of certain Dutch taxation matters is based on the laws and practice in force as of the date of this Base Prospectus and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of a Note, and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules.

For the purpose of the paragraph " Taxes on Income and Capital Gains" below it is assumed that a Holder, being an individual or a non-resident entity, does not have nor will have a substantial interest (aanmerkelijk belang), or - in the case of a Holder being an entity - a deemed substantial interest, in the Issuer and that no connected person (verbonden persoon) to the Holder has or will have a substantial interest in the Issuer.

Generally speaking, an individual has a substantial interest in a company if (a) such individual, either alone or together with his partner, directly or indirectly has, or is deemed to have or (b) certain relatives of such individual or his partner directly or indirectly have or are deemed to have (i) the ownership of, a right to acquire the ownership of, or certain rights over, shares representing 5 per cent or more of either the total issued and outstanding capital of such company or the issued and outstanding capital of any class of shares of such company, or (ii) the ownership of, or certain rights over, profit participating certificates (winstbewijzen) that relate to 5 per cent or more of either the annual profit or the liquidation proceeds of such company

Generally speaking, a non-resident entity has a substantial interest in a company if such entity, directly or indirectly has (I) the ownership of, a right to acquire the ownership of, or certain rights over, shares representing 5 per cent or more of either the total issued and outstanding capital of such company or the issued and outstanding capital of any class of shares of such company, or (II) the ownership of, or certain rights over, profit participating certificates (winstbewijzen) that relate to 5 per cent or more of either the annual profit or the liquidation proceeds of such company. An entity holding a Note has a deemed substantial interest in a company if such entity has disposed of or is deemed to have disposed of all or part of a substantial interest on a non-recognition basis.

For the purpose of this summary, the term "entity" means a corporation as well as any other person that is taxable as a corporation for Dutch corporate tax purposes.

Where this summary refers to a holder of a Note, an individual holding a Note or an entity holding a Note, such reference is restricted to an individual or entity holding legal title to as well as an economic interest in such Note or otherwise being regarded as owning a Note for Dutch tax purposes. It is noted that for purposes of Dutch income, corporate, gift and inheritance tax, assets legally owned by a third party such as a trustee, foundation or similar entity, may be treated as assets owned by the (deemed) settlor, grantor or similar originator or the beneficiaries in proportion to their interest in such arrangement.

Where the summary refers to "The Netherlands" or "Dutch" it refers only to the European part of the Kingdom of the Netherlands.

Investors should consult their professional advisers on the tax consequences of their acquiring, holding and disposing of a Note or Coupon.

1. WITHHOLDING TAX

All payments made by the Issuer of interest and principal under the Notes can be made free of

withholding or deduction of any taxes of whatsoever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, unless the Notes qualify as debt that effectively functions as equity for purposes of article 10, paragraph 1, sub d of the Corporate Tax Act (*Wet op de vennootschapsbelasting 1969*).

2. TAXES ON INCOME AND CAPITAL GAINS

Residents

Resident entities

An entity holding a Note which is, or is deemed to be, resident in The Netherlands for corporate tax purposes and which is not tax exempt, will generally be subject to corporate tax in respect of income or a capital gain derived from a Note at the prevailing statutory rates.

Resident individuals

An individual holding a Note who is, is deemed to be, or has elected to be treated as, resident in The Netherlands for income tax purposes will be subject to income tax in respect of income or a capital gain derived from a Note at rates up to 52 per cent if:

- (i) the income or capital gain is attributable to an enterprise from which the holder derives profits (other than as a shareholder); or
- (ii) the income or capital gain qualifies as income from miscellaneous activities (*belastbaar resultaat uit overige werkzaamheden*) as defined in the Income Tax Act (*Wet inkomstenbelasting 2001*), including, without limitation, activities that exceed normal, active asset management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor (ii) applies, an individual holding a Note will be subject to income tax on the basis of a deemed return, regardless of any actual income or capital gain derived from a Note. The deemed return amounts 4% of the value of the individual's net assets as at the beginning of the relevant fiscal year (including the Note). Subject to application of certain allowances, the deemed return will be taxed at a rate of 30 per cent.

Non-residents

A holder of a Note which is not, and is not deemed to be, and - in case the holder is an individual - has not elected to be treated as, resident in The Netherlands for the relevant tax purposes will not be subject to taxation on income or a capital gain derived from a Note unless:

- (iii) the income or capital gain is attributable to an enterprise or part thereof which is either effectively managed in The Netherlands or carried on through a permanent establishment (*vaste inrichting*) or a permanent representative (*vaste vertegenwoordiger*) taxable in The Netherlands and the holder of a Note derives profits from such enterprise (other than by way of securities); or
- (iv) the holder is an individual and the income or capital gain qualifies as income from miscellaneous activities (*belastbaar resultaat uit overige werkzaamheden*) in The Netherlands as defined in the Income Tax Act (*Wet inkomstenbelasting 2001*), including, without limitation, activities that exceed normal, active asset management (*normaal, actief vermogensbeheer*).

3. GIFT AND INHERITANCE TAXES

Dutch gift or inheritance taxes will not be levied on the occasion of the transfer of a Note by way of gift by, or on the death of, a holder of a Note, unless:

- (v) the holder of a Note is, or is deemed to be, resident in The Netherlands for the purpose of the relevant provisions; or
- (vi) the transfer is construed as an inheritance or gift made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in The Netherlands for the purpose of the relevant provisions.

4. VALUE ADDED TAX

The issuance or transfer of a Note, and payments of interest and principal under a Note, will not be subject to value added tax in The Netherlands.

5. OTHER TAXES AND DUTIES

The subscription, issue, placement, allotment, delivery or transfer of a Note will not be subject to registration tax, stamp duty or any other similar tax or duty payable in The Netherlands.

6. RESIDENCE

A holder of a Note will not be and will not be deemed to be resident in The Netherlands for tax purposes and, subject to the exceptions set out above, will not otherwise be subject to Dutch taxation, by reason only of acquiring, holding or disposing of a Note or the execution, performance, delivery and/or enforcement of a Note.

TAXATION IN BELGIUM

The following is a general description of the principal Belgian withholding tax consequences for investors receiving interest in respect of, or disposing of, the Notes and is of a general nature. It does not purport to be a complete analysis of tax considerations relating to the Notes whether in Belgium or elsewhere.

This general description is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date (or with retroactive effect). Investors should appreciate that, as a result of changing law or practice, the tax consequences may be otherwise than as stated below. Investors should consult their professional advisers on the possible tax consequences of subscribing for, purchasing, holding or selling the Notes under the laws of their countries of citizenship, residence, ordinary residence or domicile.

Belgian withholding tax

For Belgian tax purposes, the following amounts are qualified and taxable as "interest": (i) periodic interest income, (ii) amounts paid by the Issuer in excess of the issue price (whether or not on the maturity date), and (iii) in case a realization event occurs in respect of the Notes as a result of a sale or otherwise between two interest payment dates, the pro rata of accrued interest corresponding to the detention period.

Belgian resident individuals

Payments of interest on the Notes made through a financial intermediary in Belgium will in principle be subject to a 25 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for

Belgian resident individuals. This means that they do not have to declare the interest obtained on the Notes in their personal income tax return, provided Belgian withholding tax was levied on these interest payments.

However, if the interest is paid outside Belgium without the intervention of a Belgian financial intermediary, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return and will be taxed at a flat rate of 25 per cent.

Other tax rules apply to Belgian resident individuals who do not hold the Notes as a private investment.

Belgian resident companies

Interest payments on the Notes made through a financial intermediary in Belgium to Belgian corporate investors will generally be subject to Belgian withholding tax, currently at a rate of 25 per cent. However, an exemption may apply provided that certain formalities are complied with. The exemption does not apply for income on zero coupon or capitalization bonds. The Belgian withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

Belgian legal entities

Payments of interest on the Notes made through a financial intermediary in Belgium will in principle be subject to a 25 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian financial intermediary and without the deduction of Belgian withholding tax, the legal entity itself is responsible for the declaration and payment of the 25 per cent. withholding tax.

Belgian non-residents

The interest income on the Notes paid through a professional intermediary in Belgium will, in principle, be subject to a 25 per cent. withholding tax, unless the Noteholder is resident in a country with which Belgium has concluded a double taxation agreement and delivers the requested affidavit. If the income is not collected through a financial institution or other intermediary established in Belgium, no Belgian withholding tax is due.

Non-resident investors that do not hold the Notes through a Belgian establishment can also obtain an exemption of Belgian withholding tax on interest from the Notes paid through a Belgian credit institution, a Belgian stock market company or a Belgian-recognized clearing or settlement institution, provided that they deliver an affidavit from such institution or company confirming (i) that the investors are non-residents, (ii) that the Notes are held in full ownership or in usufruct and (iii) that the Notes are not held for professional purposes in Belgium.

Tax on stock exchange transactions

A tax on stock exchange transactions will be levied on the purchase and sale in Belgium of the Notes on a secondary market through a professional intermediary. The rate applicable for secondary sales and purchases in Belgium through a professional intermediary is 0.09 per cent. with a maximum amount of Euro 650 per transaction and per party. The tax is due separately from each party to any such transaction, i.e. the seller (transferor) and the purchaser (transferee), both collected by the professional intermediary.

A tax on repurchase transactions at the rate of 0.085 per cent. will be due from each party to any such transaction entered into or settled in Belgium in which a stockbroker acts for either party (with a maximum amount of Euro 650 per transaction and per party).

However none of the taxes referred to above will be payable by exempt persons acting for their own account including investors who are not Belgian residents provided they deliver an affidavit to the financial intermediary in Belgium confirming their non-resident status and certain Belgian institutional investors as defined in Article 126.1 2° of the Code des droits et taxes divers (Code of various duties and taxes) for the tax sur les opérations de bourse and Article 139, second paragraph, of the same code for the tax sur les reports.

TAXATION IN FRANCE

The following is a general description of certain French withholding tax considerations relating to the Notes to the extent that payments under the Notes would qualify as interest payments. It is not a description of general French tax considerations relating to the Notes. Prospective investors are advised to consult their own professional advisors to obtain information about the tax consequences of the acquisition, ownership, or disposition of the Notes. Only personal advisors are in a position to adequately take into account special tax aspects of the Notes as well as the Noteholder's personal circumstances and any special tax treatment applicable to the Noteholder. This summary is based on French law as in force when drawing up this Base Prospectus. The laws and their interpretation by the tax authorities may change and such changes may have retroactive effect.

Subject to certain exceptions, interest and similar revenues paid to French resident individuals holding the Notes as part of their private assets is subject to a mandatory (non-final) withholding tax at a rate of 24% and to social contributions (CSG, CRDS and other related contributions) at an aggregate rate of 15.5%.

The mandatory withholding tax and social contributions are levied and paid to the French tax authorities, accompanied by the relevant tax return, either by the paying agent provided that such paying agent is located in The Netherlands (or any other EU member state, Iceland, Norway or Liechtenstein) and has been given a mandate for this purpose by the Noteholder, or by the Noteholder herself or himself.

TAXATION IN THE FEDERAL REPUBLIC OF GERMANY

The information about the German taxation of the Notes issued under this Base Prospectus set out in the following section deals only with German withholding tax and is not exhaustive. It is based on current tax laws in force at the time when this Base Prospectus was published. Such tax laws may be subject to change at short notice and, within certain limits, also with retroactive effect.

The following is a general description of certain German withholding tax considerations relating to the Notes since each Series of Notes may be subject to a different tax treatment according to the applicable Final Terms. It does not purport to be a complete analysis of all German tax considerations relating to the Notes. In particular, this discussion does not consider any specific facts or circumstances that may apply to a particular investor. This summary does not allow any conclusions to be drawn with respect to issues not specifically addressed.

Prospective purchasers of Notes are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposition of the Notes on the basis of the relevant Final Terms, including the effect of any state or local taxes under the tax laws of Germany and each country of which they are residents.

German withholding tax

In principle, only persons (individuals and incorporated entities) who are tax resident in Germany (in particular, persons having a residence, habitual abode, seat or place of management in Germany) are subject to German withholding tax with respect to payments under debt instruments. Non-resident persons generally do not suffer German withholding tax. If, however, the income from the Notes is subject to German tax, i.e.

if (i) the Notes are held as business assets (*Betriebsvermögen*) of a German permanent establishment (including a permanent representative) which is maintained by the relevant investor or (ii) the income from the Notes qualifies for other reasons as taxable German source income, German withholding tax is applied, as a rule, as in the case of a German tax resident investor.

German withholding tax will be levied at a flat withholding tax rate of 26.375% (including solidarity surcharge (*Solidaritätszuschlag*)), plus church tax if applicable), on interest and on proceeds from the sale of the Notes if the Notes are held in a custodial account which the relevant investor maintains with a German branch of a German or non-German credit or financial services institution or with a German securities trading business or a German securities trading bank (a "**Disbursing Agent**"). If the Notes are redeemed, repaid, assigned or contributed into a corporation by way of a hidden contribution (*verdeckte Einlage*), such transaction is treated like a sale. If the Issuer exercises the right to substitute the debtor of the Notes, the substitution might, for German tax purposes, be treated as an exchange of the Notes for new notes issued by the new debtor. Such a substitution could result in the recognition of a taxable gain or loss for the respective investors.

If the Notes are not held in a custodial account maintained with a Disbursing Agent, German withholding tax will nevertheless be levied if the Notes are issued as definitive Notes and the savings earnings (*Kapitalerträge*) are paid by a German Disbursing Agent against presentation of the Notes or interest coupons (so-called over-the-counter transaction – *Tafelgeschäft*).

If an investor sells or redeems the Notes, the tax base is, in principle, the difference between the acquisition costs and the proceeds from the sale or redemption of the Notes reduced by expenses directly and factually related to the sale or redemption. Where the Notes are acquired and/or sold in a currency other than Euro, the sales/redemption price and the acquisition costs have to be converted into Euro on the basis of the foreign exchange rates prevailing on the sale or redemption date and the acquisition date respectively. If the Notes have not been held in the custodial account maintained with the Disbursing Agent since their acquisition and the acquisition costs of the Notes are not proven to the German Disbursing Agent in the form required by law (e.g. in the case of over-the-counter transactions or if the Notes had been transferred from a non-EU custodial account prior to the sale), withholding tax is applied to 30% of the proceeds from the sale or redemption of the Notes.

When computing the tax base for withholding tax purposes, the German Disbursing Agent has to deduct any negative savings income (*negative Kapitalerträge*) or paid accrued interest (*Stückzinsen*) in the same calendar year or unused negative savings income of previous calendar years.

For individuals who are subject to church tax, church tax will be collected by the German Disbursing Agent by way of withholding unless the investor has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*). In the latter case, the investor has to include the savings income in the tax return and will then be assessed to church tax.

With regard to individuals holding the Notes as private assets, any withholding tax levied shall, in principle, become definitive and replace the income taxation of the relevant investor. If no withholding tax has been levied other than by virtue of a withholding tax exemption certificate (*Freistellungsauftrag*) and in certain other cases, the relevant investor is nevertheless obliged to file a tax return, and the savings income will then be taxed within the tax assessment procedure. However, the separate tax rate for savings income applies in most cases also within the assessment procedure. In certain cases, the investor may apply to be assessed on the basis of its personal tax rate if such rate is lower than the above tax rate. Such application can only be filed consistently for all savings income within the assessment period. In the case of jointly assessed investors the application can only be filed for savings income of both investors.

With regard to other investors, German withholding tax is a prepayment of (corporate) income tax and will be credited or refunded within the tax assessment procedure.

No German withholding tax will be levied if an individual holding the Notes as private assets has filed a withholding tax exemption certificate (*Freistellungsauftrag*) with the German Disbursing Agent, but only to the extent the savings income does not exceed the exemption amount shown on the withholding tax exemption certificate. Currently, the maximum exemption amount is EUR 801 (EUR 1,602 in the case of jointly assessed investors). Similarly, no withholding tax will be levied if the relevant investor has submitted a certificate of non-assessment (*Nichtveranlagungs-Bescheinigung*) issued by the relevant local tax office to the German Disbursing Agent. Further, with regard to investors holding the Notes as business assets, no withholding tax will be levied on capital gains from the redemption, sale or assignment of the Notes if (a) the Notes are held by a corporation or (b) the proceeds from the Notes qualify as income of a domestic business and the investor notifies this to the German Disbursing Agent by use of the officially required form.

The Issuer is not obliged to levy German withholding tax in respect of payments on the Notes.

TAXATION IN ITALY

The following is a general description of certain Italian tax considerations relating to the Notes based on the laws in force in Italy as at the date of this Base Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own and/or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in notes) may be subject to special rules. Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the overall tax consequences of their investment in the Notes.

*Law Decree No. 66 of 24 April 2014, converted into law with amendments by Law No. 89 of 23 June 2014 published in the Official Gazette No. 143 of 23 June 2014 ("**Decree No. 66**"), has introduced new tax provisions amending certain aspects of the tax regime of the Notes as summarised below. In particular the Decree No. 66 has increased from 20 per cent. to 26 per cent the rate of withholding and substitute taxes of interest accrued, and capital gains realised, as of 1 July 2014 on financial instruments (including the Notes) other than government bonds.*

Tax treatment of the Notes

The Notes may be subject to different tax regimes depending on whether:

- they represent a debt instrument implying a “use of capital” (*impiego di capitale*), through which the Noteholder transfers to the Issuer a certain amount of capital, for the economic exploitation of the same, subject to the unconditional right to obtain the entire reimbursement of such amount at maturity; or
- they represent a debt instrument implying a “use of capital” (*impiego di capitale*), through which the Noteholder transfers to the Issuer a certain amount of capital, for the economic exploitation of the same, subject to the right to obtain a (partial or entire) reimbursement of such amount at maturity.

Notes having 100% capital protection guaranteed by the Issuer

Italian Legislative Decree N°. 239 of 1 April 1996, as a subsequently amended, (the "**Decree N°. 239**") provides for the applicable regime with respect to the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) (hereinafter collectively referred to as "**Interest**") deriving from notes falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued, *inter alia*, by non-Italian resident issuers.

Italian Resident Noteholders

Where the Italian resident Noteholder is:

- (i) an individual not engaged in an entrepreneurial activity to which the Notes are connected (unless the investor has opted for the application of the *Regime del risparmio gestito*); or
- (ii) a non-commercial partnership; or
- (iii) a non-commercial private or public institution, other than companies, and trust not carrying out mainly or exclusively commercial activities; or
- (iv) an entity exempt from Italian corporate income taxation,

Interest relating to the Notes, accrued during the relevant holding period, are subject to a substitute tax (*imposta sostitutiva*), levied at the rate of 26 per cent (20 per cent with reference to any interest accrued up to 30 June 2014 according to Decree No. 66/2014). In the event that the Noteholders described under (i) and (iii) above are engaged in an entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* applies as a provisional tax and may be deducted from the taxation on income due.

Where an Italian resident Noteholder is a company or similar commercial entity or a permanent establishment in Italy of a foreign company to which Notes are effectively connected and such Notes are deposited with an Italian resident intermediary, Interest from such Notes will not be subject to *imposta sostitutiva*, but must be included in the relevant Noteholder's income tax return and are therefore subject to general Italian corporate taxation ("**IRES**") (and, in certain circumstances, depending on the "status" of the Noteholder, also to regional tax on business activities purposes "**IRAP**").

Pursuant to Decree N°. 239, *imposta sostitutiva* is applied by banks, SIMs, fiduciary companies, SGRs, stockbrokers and other entities identified by a decree of the Ministry of Finance (each an "**Intermediary**") resident in Italy, or permanent establishment in Italy of a non Italian resident Intermediary, which intervenes, in any way, in the collection of Interest or in the transfer of the Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of Notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

Where the Notes are not deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any Italian financial intermediary paying interest to a Noteholder or, absent that, Italian resident individual Noteholders are required to report any Interest from the Notes in their income tax returns and subject them to a substitute tax at 26 per cent. rate (20 per cent with reference to any interest accrued up to 30 June 2014 according to Decree No. 66/2014).

If the investor is resident in Italy and is an Italian investment funds, *Fondi Lussemburghesi Storici*, a SICAV, or a SICAF and the Notes are held by an authorised intermediary, Interest accrued during the holding period on the Notes will not be subject to substitute tax, but will be included in the management results of the investment funds, *Fondi Lussemburghesi Storici*, SICAV or SICAF accrued at the end of each tax period. The investment funds, *Fondi Lussemburghesi Storici*, the SICAV or the SICAF will not be subject to taxation on such result, but a withholding tax of 26 per cent. may apply on income of the investment funds, *Fondi Lussemburghesi Storici*, the SICAV or the SICAF derived by unitholders or shareholders through distribution (the withholding tax applies at 20 per cent. rate with reference to any distribution made up to 30 June 2014) and/or redemption or disposal of the units or of the shares (the withholding tax applies at 20 per cent. rate with reference to any proceeds accrued up to 30 June 2014).

Interest on to the Notes held by Italian real estate investment funds (complying with the definition as amended pursuant to Law Decree n. 78 of 31 May 2010, converted into Law n. 122 of 30 July 2010) or a

SICAF, to which the provisions of Law Decree No. 351 of 25 September 2001, converted into law with amendments by Law No. 410 of 23 November 2001, as subsequently amended, apply, are subject neither to *imposta sostitutiva*, nor to any other income tax in the hands of the real estate investment fund or SICAF. The income of the Italian real estate fund or SICAF is subject to tax, in the hands of the unitholder, depending on status and percentage of participation, or, when earned by the fund, through distribution and/or upon redemption or disposal of the units.

Where an Italian resident Noteholder is a pension fund (subject to the regime provided for by article 17 of the Legislative Decree No. 252 of 5 December 2005) and the Notes are deposited with an Italian resident intermediary, Interest relating to the Notes and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax. The 20 per cent. substitute tax shall apply on the portfolio's results accrued at the end of the tax year from 2015 onwards, but would also apply on a retroactive basis with reference to the portfolio's results accrued at the end of tax year 2014, on a reduced taxable amount. As of 1 January 2015, Italian pension funds may benefit from a tax credit equal to 9 per cent. of the result of the portfolio accrued at the end of the tax period, with respect to the profits invested in certain financial assets to be identified with a Ministerial Decree.

Notes not having 100% capital protection guaranteed by the Issuer

Payments in respect of Notes which qualify as "Atypical securities" under Article 8 of Law Decree N° 512 of 30 September 1983 are subject to a withholding tax, levied at the rate of 26 per cent. (20 per cent. with reference to any Interest due and payable up to 30 June 2014).

The withholding tax is levied by any Italian resident entity which intervenes in the collection of payments on the Notes or in their repurchase or transfers. In case the payments on the Notes are not received through any aforementioned Italian resident entity, Italian resident individual Noteholders are required to report the payments in their income tax return and subject them to a substitutive tax at the rate of 26 per cent. (20 per cent. with reference to any Interest due and payable up to 30 June 2014). Italian resident individual Noteholders may elect instead to pay ordinary income tax at the progressive rates applicable to them in respect of the payments; if so, the Italian resident individual Noteholders should generally benefit from a tax credit for any withholding tax possible applied outside Italy.

The 26 per cent withholding tax (20 per cent. with reference to any Interest due and payable up to 30 June 2014) does not apply to payments made to a non-Italian resident Noteholder and to an Italian resident Noteholder which is (i) a company (including Italian permanent establishments of foreign entities) or similar commercial entity, (ii) a commercial partnerships or (iii) a private or public institution carrying out commercial activities.

Non-Italian Resident Noteholders.

No *imposta sostitutiva* or withholding tax is applied on payments to non-Italian resident Noteholders.

If Notes beneficially owned by non-Italian residents are deposited with an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign Intermediary) or are sold through an Italian Intermediary (or permanent establishment in Italy of foreign Intermediary) or in any case an Italian resident Intermediary (or permanent establishment in Italy of foreign Intermediary) intervenes in the payment of Interest on such Notes, to ensure payment of Interest without application of Italian taxation a non-Italian resident Noteholder may be required to produce to the Italian bank or other intermediary a statement (*autocertificazione*) stating that he or she is not resident in Italy for tax purposes.

TAXATION IN THE UNITED KINGDOM

The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Notes. It is based on current law and the practice of Her Majesty's Revenue and Customs ("HMRC"), which may be subject to change, sometimes with retrospective effect. The comments do not deal with other United Kingdom tax aspects of acquiring, holding or disposing of Notes. The comments are made on the assumption that the Issuer of the Notes is not resident in the United Kingdom for United Kingdom tax purposes. The comments relate only to the position of persons who are absolute beneficial owners of the Notes. Prospective Noteholders should be aware that the particular terms of issue of any series of Notes as specified in the relevant Final Terms may affect the tax treatment of that and other series of Notes. The following is a general guide for information purposes and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser. Noteholders who are in any doubt as to their tax position should consult their professional advisers. Noteholders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Notes are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

UK Withholding Tax on Interest Payments by the Issuer

Provided that the interest on the Notes does not have a United Kingdom source, interest on the Notes may be paid by the Issuer without withholding or deduction for or on account of United Kingdom income tax. The location of the source of a payment is a complex matter. It is necessary to have regard to case law and HMRC practice. Case law has established that in determining the source of interest, all relevant factors must be taken into account. HMRC has indicated that the most important factors in determining the source of a payment are those which influence where a creditor would sue for payment, and has stated that the place where the Issuer does business, and the place where its assets are located, are the most important factors in this regard; however HMRC has also indicated that, depending on the circumstances, other relevant factors may include the place where the interest and principal are payable, the method of payment, the governing law of the Notes and the competent jurisdiction for any legal action, the location of any security for the Issuer's obligations under the Notes, and similar factors relating to any guarantee.

Interest which has a United Kingdom source ("UK interest") may be paid by the Issuer without withholding or deduction for or on account of United Kingdom income tax if the Notes in respect of which the UK interest is paid are issued for a term of less than one year (and are not issued under arrangements the effect of which is to render the Notes part of a borrowing with a total term of one year or more).

UK interest on Notes issued for a term of one year or more (or under arrangements the effect of which is to render the Notes part of a borrowing with a total term of one year or more) may be paid by the Issuer without withholding or deduction for or on account of United Kingdom income tax if the Notes in respect of which the UK interest is paid constitute "quoted Eurobonds". Notes which carry a right to interest will constitute quoted Eurobonds provided they are and continue to be listed on a recognised stock exchange. Securities will be "listed on a recognised stock exchange" for this purpose if they are admitted to trading on an exchange designated as a recognised stock exchange by an order made by the Commissioners for HMRC and either they are included in the United Kingdom official list (within the meaning of Part 6 of the Financial Services and Markets Act 2000) or they are officially listed, in accordance with provisions corresponding to those generally applicable in European Economic Area states, in a country outside the United Kingdom in which there is a recognised stock exchange.

The Euronext Amsterdam is a recognised stock exchange. The Issuer's understanding of current

HMRC practice is that securities which are officially listed and admitted to trading on the Cash Market and Derivatives Market that Exchange may be regarded as "listed on a recognised stock exchange" for these purposes.

In all other cases, UK interest on the Notes may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20%) subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty, or to any other exemption which may apply.

Provision of Information

HMRC have powers to obtain information, including in relation to interest or payments treated as interest and payments derived from securities. This may include details of the beneficial owners of the Notes (or the persons for whom the Notes are held), details of the persons to whom payments derived from the Notes are or may be paid and information in connection with transactions relating to the Notes. Information obtained by HMRC may be provided to tax authorities in other countries.

Other Rules Relating to United Kingdom Withholding Tax

Notes may be issued at an issue price of less than 100 per cent of their principal amount. Any discount element on any such Notes will not generally be subject to any United Kingdom withholding tax pursuant to the provisions mentioned above, but may be subject to reporting requirements as outlined above.

Where Notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest. Payments of interest are subject to United Kingdom withholding tax and reporting requirements as outlined above.

Where interest has been paid under deduction of United Kingdom income tax, Noteholders or Couponholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

The references to "interest" above mean "interest" as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation. Noteholders and Couponholders should seek their own professional advice as regards the withholding tax treatment of any payment on the Notes which does not constitute "interest" or "principal" as those terms are understood in United Kingdom tax law.

The above description of the United Kingdom withholding tax position assumes that there will be no substitution of an Issuer and does not consider the tax consequences of any such substitution.

EU COUNCIL DIRECTIVE ON TAXATION OF SAVINGS INCOME

Under EC Council Directive 2003/48/EC on the taxation of savings income in the form of interest payments (the "Savings Directive"), each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in that other Member State; however, for a transitional period, Austria may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35%. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

According to the Luxembourg law dated 25 November 2014, the Luxembourg government has abolished the withholding tax system with effect from 1 January 2015 in favour of automatic exchange of information under the Savings Directive.

A number of non-EU countries including Switzerland have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in a Member State.

The Council formally adopted a Council Directive amending the Savings Directive on 24 March 2014 (the "Amending Directive"). The Amending Directive broadens the scope of the requirements described above. Member States have until 1 January 2016 to adopt the national legislation necessary to comply with the Amending Directive. The changes made under the Amending Directive extend the scope of the Savings Directive to payments made to, or collected for, certain other entities and legal arrangements. They also broaden the definition of "interest payment" to cover income that is equivalent to interest.

However, the European Commission has proposed the repeal of the Savings Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU). The proposal also provides that, if it proceeds, Member States will not be required to apply the new requirements of the Amending Directive

Investors who are in any doubt as to their position should consult their professional advisers.

FATCA

Whilst the Notes are in global form and held within Euroclear Bank S.A./N.V. or Clearstream Banking, société anonyme (together, the "ICSDs"), it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer, any paying agent and the Common Depository / Common Safekeeper, given that each of the entities in the payment chain beginning with the Issuer and ending with the ICSDs is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an intergovernmental agreement will be unlikely to affect the securities. The documentation expressly contemplates the possibility that the securities may go into definitive form and therefore that they may be taken out of the ICSDs. If this were to happen, then a non-FATCA compliant holder could be subject to withholding. However, definitive notes will only be printed in remote circumstances.

FINANCIAL TRANSACTIONS TAX

In February 2013, the EC published a proposed directive for a common Financial Transaction Tax ("FTT") to be implemented in 11 participating Member States, being Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Slovakia, Slovenia and Spain, which would together constitute the FTT-zone. As at the date of this Prospectus, it has not been proposed that The Netherlands become a participating Member State. On 27 January 2015 ministers of 10 EU Member States (still excluding The Netherlands) issued a joint statement in which they reiterated their commitment to reach an agreement on a financial transaction tax, but no further details were provided. The proposed directive has a very broad scope. Under the proposed directive, the FTT could if introduced in the form proposed in February 2013, inter alia, levy a tax on transactions in financial instruments by financial institutions if at least one of the parties to the transaction is located in the FTT-zone. A financial institution may be, or be deemed to be, established in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State. Joint statements issued by the eleven participating Member States indicated an intention to implement the FTT progressively, such that it would initially apply to shares and certain derivatives, with this initial implementation occurring by 1 January 2016. However, full

details are not yet available. As of the date of this Prospectus, it is unclear when the FTT will come into force, if at all, and it is unclear what the scope of the FTT would be. If the FTT were to come into force and to the extent the FTT were to apply, the Issuer could incur significant additional costs.

Other developments include a proposal adopted by the European Commission on 29 January 2014 for a regulation which would give banks' supervisors the power to require banks to separate certain potentially risky trading activities from their deposit-taking business if the pursuit of such activities compromises financial stability. In addition, the European Commission has adopted an accompanying proposal for a regulation on reporting and transparency of securities financing transactions.

SUBSCRIPTION AND SALE

The Dealers have in a programme agreement (the "**Programme Agreement**") dated 8 July 2015 as amended or supplemented from time to time agreed with the Issuer a basis upon which they or any of them may from time to time purchase Notes. Any such agreement to accede to the Programme will extend to those matters stated under "Form of the Notes" and "Terms and Conditions of the Notes" above.

Notes may also be offered under the Programme on a private placement basis.

United States

The Notes have not been and will not be registered under the Securities Act, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from, or in a transaction not subject to, the registration requirements of the Securities Act. Terms used in the previous sentence have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by United States tax regulations. Terms used in the previous sentence have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, except as permitted by the Programme Agreement, it will not offer, sell or deliver any Notes within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of all Notes of such Tranche (the "**distribution compliance period**"), as determined and certified to the Agent by such Dealer (or in the case of a sale of such Tranche of Notes to or through more than one Dealer, by each of such Dealers as to the Notes of such Tranche purchased by or through it, in which case the Agent shall notify each such Dealer when all such Dealers have so certified), and it will have sent to each other dealer or person receiving a selling concession, fee or other remuneration to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

In addition, until 40 days after the completion of the distribution of the Notes of a Tranche, an offer or sale of Notes of such Tranche within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member

State (a "**Public Offer**"), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Public Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Public Offer;

- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the "**FIEA**") and, accordingly, each Dealer undertakes that it will not offer or sell any Notes directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan or to others for re-offering or resale, directly or indirectly, in Japan or to any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with the FIEA and other relevant laws and regulations of Japan. As used in this paragraph, "**resident of Japan**" means any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

- (i) such offer is made exclusively to legal entities which are qualified investors (as defined in the Prospectus Directive and which includes authorised discretionary asset managers acting for the account of retail investors under a discretionary investment management contract) in The Netherlands; or
- (ii) standard exemption logo and wording are disclosed as required by article 5:20(5) of the Wft; or

provided that no such offer of Notes shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expressions (i) an "offer of Notes to the public" in relation to any Notes in The Netherlands; and (ii) "Prospectus Directive", have the meaning given to them above in the paragraph headed with " Public Offer Selling Restriction under the Prospectus Directive".

Substitution of the Issuer

The Issuer may, under certain conditions, as set out in the Conditions of the Notes, be replaced and substituted by any directly or indirectly wholly owned subsidiary of the Issuer, or (in the case of Senior Notes only) by ABN AMRO Group N.V.

Calculation of Yield for Fixed Rate Notes

The yield for any particular Series of Fixed Rate Notes will be specified in the applicable Final Terms and will be calculated on the basis of the compound annual rate of return if the relevant Notes were to be purchased at the Issue Price on the Issue Date and held to maturity. Set out below is the formula for the purposes of calculating the yield of Fixed Rate Notes.

$$\text{Issue Price} = \text{Rate of Interest} \times \frac{1 - \left(\frac{1}{(1 + \text{Yield})^n} \right)}{\text{Yield}} + \left[\text{Final Redemption Amount} \times \frac{1}{(1 + \text{Yield})^n} \right]$$

Where:

“**Rate of Interest**” means the Rate of Interest expressed as a percentage as specified in the applicable Final Terms and adjusted according to the frequency i.e. for a semi-annual paying Note, the Rate of Interest is half the stated annualised Rate of Interest in the Final Terms;

“**Yield**” means the yield to maturity calculated on a frequency commensurate with the frequency of interest payments as specified in the applicable Final Terms; and

“**n**” means the number of interest payments to maturity.

Set out below is a worked example illustrating how the yield on a Series of Fixed Rate Notes could be calculated on the basis of the above formula. It is provided for purposes of illustration only and should not be taken as an indication or prediction of the yield for any Series of Notes; it is intended merely to illustrate the way which the above formula could be applied.

Where:

n = 6

Rate of interest = 3.875 per cent.

Issue Price = 99.392 per cent.

Final Redemption Amount = 100 per cent.

$$99.392 \% = 3.875 \% \times \frac{1 - \left(\frac{1}{(1 + \text{Yield})^6} \right)}{\text{Yield}} + \left[100 \times \frac{1}{(1 + \text{Yield})^6} \right]$$

Yield = 3.99 per cent. (calculated by iteration)

The yield specified in the applicable Final Terms in respect of a Series of Fixed Rate Notes will not be indication of future yield.

Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this Supplement, the Base Prospectus, together with its attachments, nor any advertisement or other offering material may be distributed or published in any jurisdiction where such distribution and/or publication would be prohibited and each Dealer (if any) will be required to represent that all offers and sales by it will be made on these terms.

7. In the section "*Taxation*" on page 144, the following new paragraph shall be inserted after the paragraph titled "*Financial Transaction Tax*":

"SINGAPORE TAXATION"

The statements below are general in nature and are based on certain aspects of current tax laws in Singapore and administrative guidelines issued by the Monetary Authority of Singapore ("MAS") in force as at the date of this Base Prospectus (as supplemented) and are subject to any changes in such laws or administrative guidelines, or the interpretation of those laws or guidelines, occurring after such date, which changes could be made on a retroactive basis. Neither these statements nor any other statements in this Base Prospectus are intended or are to be regarded as advice on the tax position of any holder of the Notes or of any person acquiring, selling or otherwise dealing with the Notes or on any tax implications arising from the acquisition, sale or other dealings in respect of the Notes. The statements made herein do not purport to be a comprehensive or exhaustive description of all the tax considerations that may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and do not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or financial institutions in Singapore which have been granted the relevant Financial Sector Incentive tax incentive(s)) may be subject to special rules. Prospective Noteholders are advised to consult their own professional tax advisers as to the Singapore or other tax consequences of the acquisition, ownership or disposal of the Notes, including the effect of any foreign, state or local tax laws to which they are subject. It is emphasised that neither the Issuer, the Arranger, the Dealers nor any other persons involved in the Programme accept responsibility for any tax effects or liabilities resulting from the subscription, purchase, holding or disposal of the Notes.

1. **Interest and Other Payments**

Subject to the following paragraphs, under Section 12(6) of the Income Tax Act, Chapter 134 of Singapore ("ITA"), the following payments are deemed to be derived from Singapore:

- (a) any interest, commission, fee or any other payment in connection with any loan or indebtedness or with any arrangement, management, guarantee, or service relating to any loan or indebtedness which is (i) borne, directly or indirectly, by a person resident in Singapore or a permanent establishment in Singapore (except in respect of any business carried on outside Singapore through a permanent establishment outside Singapore or any immovable property situated outside Singapore) or (ii) deductible against any income accruing in or derived from Singapore; or
- (b) any income derived from loans where the funds provided by such loans are brought into or used in Singapore.

Such payments, where made to a person not known to the paying party to be a resident in Singapore for tax purposes, are generally subject to withholding tax in Singapore. The rate at which tax is to be withheld for such payments (other than those subject to the 15 per cent. final withholding tax described below) to non-resident persons (other than non-resident individuals) is currently 17 per cent. The applicable rate for non-resident individuals is currently 20 per cent. However, if the payment is derived by a person not resident in Singapore otherwise than from any trade, business, profession or vocation carried on or exercised by such person in Singapore and is not effectively connected with any permanent establishment in Singapore of that person, the payment is subject to a final withholding tax of 15 per cent. The rate of 15 per cent. may be reduced by applicable tax

treaties. Pursuant to the Singapore Budget Statement 2015, it was announced that the highest marginal tax rate for Singapore-resident individuals will be increased to 22 per cent. with effect from the year of assessment 2017. It is therefore likely that the above-mentioned withholding tax rate for non-resident individuals would similarly be increased from 20 per cent. to 22 per cent.

Payments on the Notes would likely fall within Section 12(6) of the ITA where the Notes are issued through the Issuer's Singapore Branch or where the payments are borne (directly or indirectly) by the Issuer's Singapore Branch or where the Notes are issued for the purpose of funding the Issuer's Singapore Branch. In other cases, for example where the Notes are issued by the head office of the Issuer for the purposes of funding the general corporate business of the Issuer or a particular activity carried on outside Singapore, payments on the Notes are likely to fall outside Section 12(6) of the ITA.

Certain Singapore-sourced investment income derived by individuals from financial instruments is exempt from tax, including:

- (a) interest from debt securities derived on or after 1 January 2004;
- (b) discount income (not including discount income arising from secondary trading) from debt securities derived on or after 17 February 2006; and
- (c) prepayment fee, redemption premium or break cost from debt securities derived on or after 15 February 2007,

except where such income is derived through a partnership in Singapore or is derived from the carrying on of a trade, business or profession.

Where payments on the Notes do not fall within Section 12(6) of the ITA, the Issuer would not be obliged to withhold Singapore tax from payments on the Notes. However, a holder of the Notes would be taxable on income from the Notes where such income is considered to have a Singapore source or is received (or deemed received) in Singapore, unless exempted. Whether income derived by a holder of the Notes which do not fall under Section 12(6) of the ITA would be regarded as arising in Singapore would depend on the factual circumstances of the holder. For example, where the holder carries on a trade or business in Singapore of dealing in securities, the Inland Revenue Authority of Singapore is likely to take the view that the income of the holder is derived in Singapore. Conversely, if the holder receives income from Notes (where payment does not fall within Section 12(6) of the ITA), and such income is passive investment income to the holder, the income is likely to be taxable only if received or deemed received in Singapore.

Non-resident individuals are, however, not subject to income tax on foreign-source income, whether received in Singapore or not. Singapore resident individuals are likewise exempt from income tax on foreign-source income (excluding income derived through a partnership in Singapore).

In addition, where more than half of the debt securities issued under a tranche of Notes issued under the Programme are distributed by Financial Sector Incentive (Bond Market) ("**FSI-BM**") companies, Financial Sector Incentive (Standard Tier) ("**FSI-ST**") companies or Financial Sector Incentive (Capital Market) ("**FSI-CM**") companies (each as defined in the ITA), that tranche of debt securities (the "**Relevant Notes**") would be, pursuant to the ITA and the MAS Circular FSD Cir 02/2013

entitled "Extension and Refinement of Tax Concessions for Promoting the Debt Market" issued by the MAS on 28 June 2013 (the "**MAS Circular**"), "qualifying debt securities" ("**QDS**") for the purposes of the ITA, to which the following treatment shall apply:

- (i) (where payments on the Relevant Notes falls within Section 12(6) of the ITA) subject to certain prescribed conditions having been fulfilled (including the furnishing by the Issuer, or such other person as the relevant authorities may direct, of a return on debt securities for the Relevant Notes in the prescribed format within such period as the relevant authorities may specify and such other particulars in connection with the Relevant Notes as the relevant authorities may require to MAS and such other relevant authorities as may be prescribed, and the inclusion by the Issuer in all offering documents relating to the Relevant Notes of a statement to the effect that where interest, discount income, prepayment fee, redemption premium or break cost from the Relevant Notes is derived by a person who is not resident in Singapore and who carries on any operation in Singapore through a permanent establishment in Singapore, the tax exemption for qualifying debt securities shall not apply if the non-resident person acquires the Relevant Notes using funds and profits from that person's operations through the Singapore permanent establishment), interest, discount income (not including discount income arising from secondary trading), prepayment fee, redemption premium and break cost (collectively, the "**Qualifying Income**") from the Relevant Notes, paid by the Issuer and derived by a holder who is not resident in Singapore and who (aa) does not have any permanent establishment in Singapore or (bb) carries on any operation in Singapore through a permanent establishment in Singapore but the funds used by that person to acquire the Relevant Notes are not obtained from such person's operation through a permanent establishment in Singapore, are exempt from Singapore tax;
- (ii) subject to certain conditions having been fulfilled (including the furnishing by the Issuer, or such other person as the relevant authorities may direct, of a return on debt securities for the Relevant Notes in the prescribed format within such period as the relevant authorities may specify and such other particulars in connection with the Relevant Notes as the relevant authorities may require to MAS and such other relevant authorities as may be prescribed), Qualifying Income from the Relevant Notes paid by the Issuer and derived by any company or body of persons (as defined in the ITA) in Singapore is subject to income tax at a concessionary rate of 10 per cent (except for holders of the relevant Financial Sector Incentive(s) who may be taxed at different rates); and
- (iii) (where payment on the Relevant Notes falls within Section 12(6) of the ITA) subject to:
 - (aa) the Issuer including, in all offering documents relating to the Relevant Notes, a statement to the effect that any person whose interest, discount income, prepayment fee, redemption premium or break cost derived from the Relevant Notes is not exempt from tax shall include such income in a return of income made under the ITA; and
 - (bb) the furnishing by the Issuer, or such other person as the relevant authorities may direct, of a return on debt securities for the Relevant Notes in the prescribed format within such period as the relevant authorities may specify and such other

particulars in connection with the Relevant Notes as the relevant authorities may require to MAS and such other relevant authorities as may be prescribed,

payments of Qualifying Income derived from the Relevant Notes are not subject to withholding of tax by the Issuer.

Notwithstanding the foregoing:

- (A) if during the primary launch of any tranche of Relevant Notes, the Relevant Notes of such tranche are issued to fewer than four persons and 50 per cent. or more of the issue of such tranche of the Relevant Notes is beneficially held or funded, directly or indirectly, by related parties of the Issuer, such Relevant Notes would not qualify as QDS; and
- (B) even though a particular tranche of Relevant Notes are QDS, if 50 per cent. or more of the issue of such tranche of the Relevant Notes which are outstanding at any time during the life of their issue is beneficially held or funded, directly or indirectly, by any related party(ies) of the Issuer, Qualifying Income derived from such Relevant Notes held by:
 - (I) any related party(ies) of the Issuer; or
 - (II) any other person where the funds used by such person to acquire such Relevant Notes are obtained, directly or indirectly, from any related party(ies) of the Issuer,

shall not be eligible for the tax exemption or concessionary rate of tax as described above.

The terms "break cost", "prepayment fee" and "redemption premium" are defined in the ITA as follows:

"break cost" means any fee payable by the issuer of the securities on the early redemption of the securities, the amount of which is determined by any loss or liability incurred by the holder of the securities in connection with such redemption;

"prepayment fee" means any fee payable by the issuer of the securities on the early redemption of the securities, the amount of which is determined by the terms of the issuance of the securities; and

"redemption premium" means any premium payable by the issuer of the securities on the redemption of the securities upon their maturity.

The term **"related party"**, in relation to a person, means any other person who, directly or indirectly, controls that person, or is controlled, directly or indirectly, by that person, or where he and that other person, directly or indirectly, are under the control of a common person.

Where Qualifying Income (whether it is interest, discount income, prepayment fee, redemption premium or break cost) is derived from the Relevant Notes by any person who is not resident in Singapore and who carries on any operations in Singapore through a permanent establishment in Singapore, the tax exemption available for QDS under the ITA (as mentioned above) shall not apply if such person acquires such Relevant Notes using the

funds and profits of such person's operations through a permanent establishment in Singapore.

Notwithstanding that the Issuer is permitted to make payments of Qualifying Income in respect of the Relevant Notes without deduction or withholding for tax under Section 45 or Section 45A of the ITA, any person whose Qualifying Income (whether it is interest, discount income, prepayment fee, redemption premium or break cost) derived from the Relevant Notes is not exempt from tax is required to include such income in a return of income made under the ITA.

Under the Qualifying Debt Securities Plus Scheme ("**QDS Plus Scheme**"), subject to certain conditions having been fulfilled (including the furnishing by the Issuer, or such other person as the relevant authorities may direct, of a return on debt securities in respect of the QDS in the prescribed format within such period as the relevant authorities may specify and such other particulars in connection with the QDS as the relevant authorities may require to MAS and such other relevant authorities as may be prescribed), income tax exemption is granted on Qualifying Income derived by any investor from QDS (excluding Singapore Government Securities) which:

- (a) are issued during the period from 16 February 2008 to 31 December 2018;
- (b) have an original maturity of not less than ten years;
- (c) are issued on or after 28 June 2013, cannot have their tenure shortened to less than 10 years from the date of their issue, except under such circumstances as may be prescribed by regulations; and
- (d) cannot be re-opened with a resulting tenure of less than ten years to the original maturity date.

However, even if a particular tranche of the Relevant Notes are QDS which qualify under the QDS Plus Scheme, if, 50 per cent. or more of the issue of such Relevant Notes which are outstanding at any time during the life of their issue is beneficially held or funded, directly or indirectly, by any related party(ies) of the Issuer, Qualifying Income from such Relevant Notes derived by:

- (i) any related party(ies) of the Issuer; or
- (ii) any other person where the funds used by such person to acquire such Relevant Notes are obtained, directly or indirectly, from any related party(ies) of the Issuer,

shall not be eligible for the tax exemption under the QDS Plus Scheme as described above.

The MAS Circular states that, with effect from 28 June 2013, the QDS Plus Scheme will be refined to allow QDS with certain standard early termination clauses (as prescribed in the MAS Circular) to qualify for the QDS Plus Scheme at the point of issuance of such debt securities. MAS has also clarified that if such debt securities are subsequently redeemed prematurely pursuant to such standard early termination clauses before the tenth year from

the date of issuance of such debt securities, the QDS tax benefits granted under the QDS Plus Scheme to Qualifying Income accrued prior to such redemption will not be clawed back. Under such circumstances, the QDS Plus status of such debt securities will be revoked prospectively for such outstanding debt securities (if any), and holders thereof may still enjoy the tax benefits under the QDS scheme if the other QDS conditions continue to be met.

MAS has stated that, notwithstanding the above, QDS with embedded options with economic value (such as call, put, conversion or exchange options which can be triggered at specified prices or dates and are built into the pricing of such debt securities at the onset) which can be exercised within ten years from the date of issuance of such debt securities will continue to be excluded from the QDS Plus Scheme from the onset.

2. **Capital Gains**

Any gains considered to be in the nature of capital made from the sale of the Notes will not be taxable in Singapore. However, any gains derived by any person from the sale of the Notes which are gains from any trade, business, profession or vocation carried on by that person, if accruing in or derived from Singapore, may be taxable as such gains are considered revenue in nature.

Holders of the Notes who are adopting Singapore Financial Reporting Standard 39 ("**FRS 39**") may, for Singapore income tax purposes, be required to recognise gains or losses (not being gains or losses in the nature of capital) on the Notes, irrespective of disposal, in accordance with FRS 39. Please see the section below on "*Adoption of FRS 39 Treatment for Singapore Income Tax Purposes*".

3. **Adoption of FRS 39 Treatment for Singapore Income Tax Purposes**

The Inland Revenue Authority of Singapore has issued a circular entitled "Income Tax Implications arising from the adoption of FRS 39 — Financial Instruments: Recognition & Measurement" (the "**FRS 39 Circular**"). The ITA has since been amended to give effect to the FRS 39 Circular.

The FRS 39 Circular generally applies, subject to certain "opt-out" provisions, to taxpayers who are required to comply with FRS 39 for financial reporting purposes.

Holders of the Notes who may be subject to the tax treatment under the FRS 39 Circular should consult their own accounting and tax advisers regarding the Singapore income tax consequences of their acquisition, holding or disposal of the Notes.

On 11 December 2014, the Accounting Standards Council issued a new financial reporting standard for financial instruments, FRS 109 – Financial Instruments, which will become mandatorily effective for annual periods beginning on or after 1 January 2018. It is at present unclear whether, and to what extent, the replacement of FRS 39 by FRS 109 will affect the tax treatment of financial instruments which currently follow FRS 39.

4. **Estate Duty**

Singapore estate duty has been abolished with respect to all deaths occurring on or after 15 February 2008."

8. In the section "*Subscription and Sale*" on page 152, the following new paragraph shall be inserted before the paragraph titled "*Sweden*":

"Singapore

Accordingly, this Base Prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes may not be circulated or distributed, nor may the Notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in Section 4A of the Securities and Futures Act (Chapter 289 of Singapore) (the "**SFA**")) pursuant to Section 274 of the SFA, (ii) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

- (1) to an institutional investor or to a relevant person defined in Section 275(2) of the SFA, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA;
- (2) where no consideration is or will be given for the transfer;
- (3) where the transfer is by operation of law;
- (4) as specified in Section 276(7) of the SFA; or

- (5) as specified in Regulation 32 of the Securities and Futures (Offers of Investments) (Shares and Debentures) Regulations 2005 of Singapore."
