1.Regulatory reserve includes a general reserve of MOP 19,787,065.17. Since the branch is adopting the Financial Reporting Standards of the Macau SAR ("MFRS") in the preparation of its annual financial statements, the impairment losses based on MFRS may fall below the minimum level of general provisions and specific provisions calculated in accordance to notice no. 18/93 AMCM (the minimum level). The regulatory reserve requirement is therefore the difference between the minimum and the impairment losses according to the MFRS (after the deferred tax MOP 2,374,447.00). This same amount entered on the line «Additional provision under AMCM rules» in Profits and Losses Account, is reconciled among "profit after tax" and "year results according to AMCM rules" in income statement of the annual audited financial statements.
