A Heritage of Banking

Founded through the merger of the Standard Bank of British South Africa (founded 1863) and the Chartered Bank of India, Australia and China (founded 1853), Standard Chartered Bank has since become a leading international bank with a presence in 70 countries. Today, our scope of operations has extended to include Consumer, Wholesale and Private Banking.

From the early 90s, Standard Chartered has focused on developing its strong franchises in growth markets using its operations in the United Kingdom and North America to provide customers with a bridge between these markets. It would focus on consumer, corporate and institutional banking, and on the provision of treasury services – areas in which we had particular strength and expertise.

In the new millennium we acquired Morningstar Bank from the ANZ Group and Chase Consumer Banking operations in Hong Kong in 2000.

Recent Strategic Alliances and Acquisitions

In the last few years, we achieved relevant milestones through several key strategic alliances and acquisitions. Most importantly, these will serve to extend our customer and geographic reach and broaden our product range.

- We successfully acquired and integrated American Express Bank in 2008, adding capability and scale to the Financial Institutions and Private Banking businesses.
- We completed, rebranded and successfully integrated SC First Bank in Korea, which to date is the biggest acquisition in our history.
- We completed full integration between Standard Chartered Bank Thailand and Standard Chartered Nakornthon Bank.
- We formed strategic alliances with Fleming Family & Partners to expand private wealth management in Asia and the Middle East.
- We acquired stakes in ACB Vietnam and Travelex.
- We formed strategic alliances with PT Astra International, thus giving the consortium a total stake of 89%.
- We launched a tender offer in the end of 2006 for a 100% stake in Hsinchu International Bank, Taiwan.
- We acquired Union Bank in Pakistan in September 2006 and we have successfully rebranded all branches.
- We acquired a 25% stake in First Africa Group Holdings in June 2006.
- We acquired additional 26% stake in Permata Bank through our consortium with PT Astra International, thus giving the consortium a total stake of 89%.
- The Bank’s expertise is in its deep roots in some of the world’s fastest growing economies where it has an extensive understanding of these vibrant, rewarding and dynamic investment markets. It is international yet also local.
- We are aware of the environmental, social and governance risks associated with our business activities and have systems in place to detect such things as fraud and money laundering and exceed, rather than simply meet, increasingly stringent legal requirements.
